Vision Group Holdings 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE A - DESCRIPTION OF PLAN

The following description of Vision Group Holdings 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Vision Group Holdings Plan is a prototype defined contribution plan. The original effected date of the Plan was October 1, 1998, but was restated by a new prototype plan that was effective October 1, 2000. Furthermore the Plan was amended and restated effective March 1, 2009 to remove EyeGlass World LLC as a participating affiliate. On January 1, 2011, “The LASIK Vision Institute, LLC” became the Plan Sponsor. Effective January 1, 2011, the Plan was amended and the legal name was changed to The LASIK Vision Institute, LLC 401(k) Plan. In January 2015, the Plan was amended to allow for the change in Plan Sponsor and legal name of the Plan. As part of the amendment, the Plan Sponsor changed to LVI Intermediate Holdings, Inc. (the “Company”), and in conjunction with the change of sponsor, the legal name of the Plan was changed to Vision Group Holdings 401(k) Plan. In June 2015, the Plan was amended to adopt a new prototype base plan document to comply with changes in laws and regulations over the last several years. The underlying prototype plan has received an opinion letter from the Internal Revenue Service dated July 8, 2014, stating the form of the Plan is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility and Contributions

All employees of the Company who have completed at least three months of service and have attained the age of 21 are auto enrolled to participate at a 2% deferral rate unless the employee opts for a contribution rate between 1% and 20% or not to participate in the Plan.

Each year, participants may elect to make pretax contributions to the Plan up to 20% of pretax annual compensation, as defined in the Plan document. Effective January 1, 2002, each eligible participant may elect to make catch-up contributions to the Plan, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified plans (“rollovers”). Employee contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants’ earnings. For the year ended December 31, 2015, the total maximum allowable tax-deferred contribution to the Plan under the Internal Revenue Code (“IRC”) from employee sources was \$18,000, plus catch-up contributions of \$6,000 for eligible employees.

The Company may elect to make a discretionary matching contribution up to a specified percentage of compensation or a specified dollar amount. For the year ended December 31, 2015, the Company made discretionary matching contributions of \$119,200.

NOTE A - DESCRIPTION OF PLAN - Continued

Participants Accounts

Each participant's account is credited with participant contributions, the Company's discretionary matching contributions, if any, and investment earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow, for any purpose, up to the lesser of 50% of the participant's vested account balance or \$50,000. Loan terms range from one to five years, except in the case of a loan for the purpose of acquiring a primary residence. The loans are secured by the balance in the participant's account and bear interest at the current prime rate plus two percent. Interest rates on these loans range from 4.25% to 7.00% and 5.25% to 7.00% at December 31, 2015 and 2014, respectively. All loans, principal plus interest, are repaid through participant payroll deductions. Participants must repay all outstanding loans before obtaining a new loan. Accordingly, participants may not exceed one outstanding loan at any given time.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest 100% in Company contributions after three years of credited service.

Employee deferral and rollover account balances (balances resulting from transfers of benefits from another qualified Plan) and earnings thereon are 100% vested at all times.

Payment of Benefits

Participants' vested account balances are payable upon termination, retirement, disability, death, or upon request at the attainment of age 65. Payments are received in either a lump sum or installments. Participants may also withdraw funds from their account when they reach the age of 59 ½ or in the event of financial hardship (as defined in the IRC). Benefits are recorded as deductions from net assets available for benefits when paid.

Application of Forfeitures

Forfeitures occur when a participant terminates employment and has not vested in a portion of the Company contribution amount. Forfeitures of non-vested account balances may be used to reduce the Company's contributions or pay Plan expenses, as defined in the Plan document. In 2015, no forfeitures were used to reduce the Company's contributions or pay administrative expenses under the Plan. At December 31, 2015 and 2014, unallocated forfeited accounts totaled \$16,358 and \$10,731, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions plus actual earnings thereon to be invested in any of the investment options offered by the Plan. Participants may change their investment options daily.

Plan Administration

The Plan's assets are maintained and administered by Reliance Trust Company (the "Trustee"). The Trustee also serves as custodian of the Plan's investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America using the accrual basis of accounting.

Adoption of New Accounting Rules

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in the removal of the Plan's investment for which fair value is measured using the NAV per share practical expedient from the fair value hierarchy. The amount of investments measured at NAV (or its equivalent) is disclosed so that total investments in the fair value hierarchy can be reconciled to total investments measured at fair value on the statement of net assets available for benefits.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient.

Vision Group Holdings 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2015 and 2014

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Adoption of New Accounting Rules - Continued

Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Part III is not applicable to the Plan, but management has elected to adopt Parts I and II early. Accordingly, the disclosures of individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation in fair value of investments by general type and investment strategy for the Plan's investment measured at NAV as a practical expedient have been removed, and the level disaggregation of investments that are measured at fair value has been simplified by disaggregating investments by general type versus disaggregating by nature, characteristics, and risks.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investment options in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Net Depreciation in Fair Value of Investments

Net realized and unrealized depreciation of investments is recorded in the accompanying statement of changes in net assets available for benefits as net depreciation in fair value of investments and includes realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held as of the end of the year.

Administration of the Plan

Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan. Certain administrative expenses, such as professional fees, are paid directly by the Company. The Company paid approximately \$43,000 in administrative expenses during 2015, on behalf of the Plan. Fees paid by the Plan were \$5,600 for 2015. The administrative expenses incurred and borne by the Plan consist of administrative fees, withdrawal fees, and participant fees.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Excess Contributions Payable

Amounts payable to participants in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Refunds payable to participants at December 31, 2014 was \$11,568. These refunds were due to excess contributions, which were refunded to participants in 2015 for the year ended December 31, 2014. No refunds payable were required at December 31, 2015.

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, as of December 31, 2015 and 2014 and for the year ended December 31, 2015, has certified that the following data included in the financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.

NOTE C - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE - Continued

- Net investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information certified by the Trustee to the related information included in the financial statements and supplemental schedule.

NOTE D - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds – Valued based on quoted market prices which represents the net asset value (“NAV”) of shares held by the Plan at year end. The mutual funds provide for daily redemptions by the Plan at reported NAV with no advance notice requirement.

Common / Collective Trust – The Plan holds an interest in a collective investment trust (Putnam Stable Value Fund), valued at NAV of units held, to maintain a portion of the Plan contributions in guaranteed investment contracts, synthetic guaranteed investments contracts, and separate account investment contracts. The NAV is used as a practical expedient to estimate fair value. The account is credited with contributions and earnings on the underlying investments and charges for participant withdrawals and administrative expenses charged by the trustee of the collective investment trust. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. There are no participant redemption restrictions or unfunded commitments. Redemption can occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

ADP Retirement Services is the Recordkeeper as defined by the Plan. Fees paid by the Plan to the Recordkeeper for administrative services were \$5,600 for 2015. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants.

NOTE F - TAX STATUS

The Company adopted a Prototype Non-Standardized Profit Sharing Plan with a deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on July 8, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the opinion letter. Plan management believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and accordingly, is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2015 and 2014, the Plan has not accrued interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

NOTE I - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2015 financial statements for subsequent events through October 3, 2016, the date the financial statements were available to be issued.

In January 2016, all accounts and assets of the TLC Vision Centers 401(k) Plan, the market value of which was approximately \$13 million, were transferred into the Plan. Participants in this now terminated defined contribution plan began participating in the Plan as of that date, and this transfer will be reflected in the statement of changes in net assets available for benefits for the year ending December 31, 2016.

In conjunction with the merger described above, certain of the Plan provisions were amended. Participants are auto enrolled to participate at a 3% deferral rate, as compared to 2%, unless the employee opts for a contribution rate between 1% and 90% or not to participate in the Plan. Each year, participants may elect to make pretax contributions to the Plan up to 90%, as compared to 20%, of pretax annual compensation, as defined in the Plan document.
