NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Southern Erectors, Inc. Employees' Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering employees of Southern Erectors, Inc. (the "Company") who have attained age 18 and completed 12 months and 1,000 hours of service. The Plan was established January 1, 1978 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions:

Each year, participants may contribute a percentage of their gross annual compensation, subject to certain limitations. Participants who have attained age 50 by year-end may make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may contribute to the Plan an amount of matching contributions determined by the Company in its sole discretion. The Company matches 50% of employee contributions up to 6% of employee compensation. Additional profit sharing amounts may be contributed at the option of the Company's Board of Trustees.

Participant Accounts:

Each participant's account is credited with the participant's contributions and the Company's matching contributions, and allocations of the Company's profit sharing contributions and Plan earnings, and charged with withdrawals, administrative expenses, and an allocation of Plan losses. Allocations are based upon participant's earnings, deferrals, or account balances, as defined. Participants may choose to invest their accounts in one or more funds established by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution is based on years of continuous service. A participant is 100% vested after six years of credited service. There is no vesting until after the completion of two years. Participants become 100% vested in Company contributions upon disability or death.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans under $2,000 are repaid within a period of 3 years. All other loans are to be repaid within 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a fixed rate of interest at the New York prime rate reported in the Wall Street Journal on the 14th of each month, plus 1%. Principal and interest is paid ratably through monthly payroll deductions.

Forfeitures:

Forfeitures of terminated participants' non-vested accounts are used to pay administrative expenses and offset future employer contributions. Employer contributions were reduced by $19,010 in 2015 from forfeited non-vested accounts. At December 31, 2015 and 2014, forfeited non-vested accounts totaled $16,554 and $27,036, respectively.

Payment of Benefits:

Upon termination of service due to death, disability, or retirement, an eligible participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, a direct rollover of Plan benefits to the participant's individual retirement arrangement or to another employer plan, or may receive annual installment payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in the participant's account as a lump-sum distribution.

Entities Under Common Control:

The Company is a member of a controlled group, as defined in Internal Revenue Code Section 414(b), with Southern Environmental, Inc. Consequently, the Company and Southern Environmental, Inc. must be treated as one employer when applying the participation and discrimination rules.

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate a permitted transaction under the terms of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are accounted for on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan. Interest income on notes receivable from participants is recorded when it is earned.

Excess Contributions:

Excess contributions are distributed to the participants and employer no later than 2½ months after the end of the Plan year to satisfy the relevant nondiscrimination provisions of the Plan.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Administrative expenses are shared by the Plan and the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements:

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") practical expedient. This ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted and retrospective application required. The Plan adopted the ASU in 2015 and modified the fair value disclosures.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I requires that fully benefit-responsive investment contracts be measured only at contract value. Part II eliminates the requirements for plans to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation for investments by general type. It also allows investments to be disaggregated by general type and eliminates the requirement to disaggregate investments by class. Further, if an investment is measured using the NAV practical expedient and that investment is in a fund that files a U.S. Department of Labor Form 5500 as a direct filing entity, disclosure of that investment's significant investment strategy is no longer required. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. Part III is not applicable to the Plan. This ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted and retrospective application required for Parts I and II. The Plan adopted Parts I and II in 2015 and modified the investment disclosures.

Subsequent Events:

Subsequent events were evaluated through September 21, 2016, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, defines fair value, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. The guidance establishes a fair value hierarchy about the assumptions used to measure fair value and clarifies assumptions about risk and the effect of a restriction on the sale or use of an asset.

ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of relevant observable inputs and minimize the use of unobservable inputs when measuring fair value. Three levels of inputs may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for financial instruments measured at fair value:

Pooled separate accounts: Valued at the NAV as reported by the investment manager of the fund. The NAV is used as a practical expedient to estimate fair value. Transactions may occur daily at the reported NAV, with no advance notice requirements.

The pooled separate accounts are not categorized within the fair value hierarchy.

NOTE 4 - FIXED ACCOUNT

Prior to January 6, 2015, the Plan provided an option to invest in a traditional investment contract under a group annuity contract with MassMutual Life Insurance Company ("MassMutual"). MassMutual maintained the contributions in its general account. The contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value as of December 31, 2014. Contract value represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

NOTE 5 - INFORMATION CERTIFIED BY CUSTODIANS (UNAUDITED INFORMATION)

MassMutual, the custodian of the Plan through January 5, 2015, and John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), the custodian of the Plan since January 6, 2015, held the Plan's investment assets and executed transactions therein. Financial information relating to the Plan's assets as of December 31, 2015 and 2014, and for the year ended December 31, 2015, is included in the accompanying financial statements and is based on information provided by the custodians. This information, which has not been audited by independent auditors, is summarized below:

	2015	2014
Assets:		
Cash	$ 16,554	$ -
Pooled separate accounts	5,702,141	4,840,713
Fixed account	-	444,715
Notes receivable from participants	154,271	101,810
	$ 5,872,966	$ 5,387,238
Changes in Net Assets:		
Interest and dividends	$ 179	
Interest income on notes receivable from participants	4,550	
Net depreciation in fair value of investments	(95,274)	
	$ (90,545)	

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Beginning on January 6, 2015, the Plan's investments are pooled separate accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 7 - INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Kane and Koltun, Attorneys at Law, which received an opinion letter from the Internal Revenue Service ("IRS"), dated March 31, 2014, which states that it satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. A complete discontinuance of the Company's contributions to the Plan shall constitute a termination. Upon any termination (full or partial) or complete discontinuance of contributions, all amounts credited to the affected participants' accounts shall become 100% vested.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
