Limited Stores Savings and Retirement Plan Notes to Financial Statements

1. Description of the Plan

General

The Limited Stores Savings and Retirement Plan (the Plan) is a defined contribution plan covering certain employees of Limited Stores, LLC and its affiliates (the Employer) who are at least 21 years of age and have completed 30 days of service. Employees who have completed one year of employment with 1,000 or more hours of service are eligible for employer contributions.

The Plan was effective August 3, 2007 as the result of the sale of a 75% ownership in Limited Stores, LLC (Limited Stores) by Limited Brands Store Operations, Inc. The employees of Limited Stores participated in the Limited Brands, Inc. Savings and Retirement Plan (the Prior Plan). All participating associates of Limited Stores in the Prior Plan became fully vested in their account balances. The Plan was amended effective January 1, 2015. Changes in matching contributions were implemented during this time and are described in the contributions section below.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Employer's Matching Contribution:

The employer may, at its discretion, make matching contributions equal to a certain maximum percentage of the pre-tax salary deferrals that the participant makes to the plan.

The employer matches 100% of the first 3% and 50% of up to the next 2% of each employee's contribution. Effective January 1, 2015, certain highly compensated employees, who the Limited deems as option holders, are eligible to receive Company matching contributions.

Participant Voluntary Contributions:

A participant may elect to make pre-tax salary deferrals of 1% to 50% of his or her annual compensation up to statutory limits. This pre-tax salary deferral may be limited by Section 401(k) of the Internal Revenue Code.

Limited Stores Savings and Retirement Plan

Notes to Financial Statements

Plan participants turning age 50 at any time before the end of the Plan Year, whose contributions to the Plan reach either the maximum percent of his or her annual compensation allowed by the Plan or the maximum dollar amount allowed by the Plan, are eligible to make “catch up” contributions to the Plan. Catch up contributions are voluntary and limited to a total of \$6,000 for each eligible participant for 2015. Catch up contributions are not eligible for employer matching contributions.

Investment Options

Both the Employer and participant contributions can be directed into various investment options offered by the Plan solely at the participant’s discretion. The Employer periodically reviews and may make changes to the investment choices available in order to ensure the funds offered are meeting their investment objectives and the financial goals of the participants.

If a participant makes no investment fund election, any contributions made into such participant’s account are invested into the Plan’s default investment funds. The default investment fund is the age-appropriate Vanguard Target Retirement Fund.

Participant Accounts

Each participant’s account is credited with the participant’s and Employer’s contributions, if applicable, as well as allocated investment earnings. The benefit to which a participant is entitled is equal to the vested balance in the participant’s account.

Vesting

Effective January 1, 2009, if terminated after that date, a participant is fully and immediately vested for voluntary, rollover, matching and Employer retirement contributions.

Payment of Benefits

The full value of participants’ accounts becomes payable upon retirement, disability, or death. Upon termination of employment for any other reason, participants’ accounts, to the extent vested, become payable. Effective April 1, 2014, the Plan entered into an Automatic Rollover Agreement with Wells Fargo that facilitates the automatic rollover of certain mandatory distributions greater than \$1,000. Those participants with vested account balances greater than \$1,000 have the option of leaving their accounts invested in the Plan until age 65. All benefits are paid as a lump sum distribution. Benefits are recorded when paid. Participants have the option of having benefits paid directly to an eligible retirement plan specified by the participant.

A participant may at any time request an in-service withdrawal as follows:

Limited Stores Savings and Retirement Plan

Notes to Financial Statements

- 1) prior to age 59 ½ any portion of their rollover and voluntary contributions (after-tax), and the portion of the retirement account transferred from the Prior Plan
- 2) after age 59 ½ any vested portion of their accounts
- 3) hardship distribution due to an immediate and heavy financial need based on the terms of the Plan

Amounts Allocated to Participants Withdrawn from the Plan

Amounts allocated, but not yet paid to participants withdrawn from the Plan were zero as of December 31, 2015 and 2014.

Forfeitures

Forfeitures are used to reduce the Employer's required contributions, and if so elected by the Employer, to reduce administrative expenses. Forfeitures of \$2 during the year ended December 31, 2015 were used to offset administrative fees. Forfeitures of \$2 during the year ended December 31, 2014 were used to offset administrative fees. There were unused forfeitures of \$733 and \$723 at December 31, 2015 and 2014, respectively.

Administrative Expenses

Expenses of the Plan including participant fees, recordkeeping fees, and disbursement fees for withdrawals, terminations and loans are deducted from participants' accounts. The Employer currently pays any additional Plan expenses.

Transfer Agent and 12b-1 Fees

The investment funds pay certain fees directly to the Plan which is in turn paid to the Plan's trustee. Transfer Agent and 12b-1 Fees of \$5,324 were passed through the Plan's trust accounts for the year ended December 31, 2015.

Notes Receivable from Participants

Loans are permitted to participants and their beneficiaries in amounts not to exceed \$50,000 or one-half of the present value of the participant's vested balance in the aggregate. The notes are secured by the balance in the participant's account and bear interest at a commercially reasonable rate of interest. The loan term may be longer than five years for a principal residence loan. Interest earned on participant loans is classified separately on the Statement of Changes in Net Assets Available for Benefits. Notes receivable from participants are recorded as a separate receivable in the Statement of Net Assets Available for Benefits. Notes are valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses has been recorded as of

December 31, 2015 and 2014. Delinquent participant loans are recorded as distributions on the basis of the terms and the plan agreement.

2. Summary of Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting, including investment valuation and income recognition.

Use of Estimates

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America, which require management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

Risks

The Plan provides for the various investment options as described in Notes 1 and 4. Any investment is exposed to various risks, such as interest rate, market and credit. These risks could result in a material effect on participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment Valuation

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Net realized and unrealized appreciation is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation in fair value of investments.

Limited Stores Savings and Retirement Plan Notes to Financial Statements

Plan Administration

The Retirement and Benefits Committee (the Committee), comprised of members appointed by the Managing Member of Limited Stores, LLC administers the Plan. The Managing Member has delegated the day-to-day administrative duties to the Committee.

Recent Accounting Pronouncements

The Company early adopted ASU 2015-12 at December 31, 2015. Part II was applied retrospectively. As a result of the implementation of Part II of this ASU, investments are now only disclosed by general type, and no further disaggregation is required; individual investments that represent 5% or more of net assets available for benefits are no longer required to be disclosed; and the net appreciation/depreciation for investments by general type is no longer required to be disclosed.

Subsequent Events

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through October 4, 2016, which is the date the financial statements were available to be issued.

3. Investments

All investment information disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2015 and 2014 and net appreciation in fair value of investments, and other investment earnings for the year ended December 31, 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Wells Fargo Bank, N.A.

4. Fair Value Measurements

U.S. GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Company uses various methods including market, income and cost approaches. The Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs.

Limited Stores Savings and Retirement Plan Notes to Financial Statements

The Company categorized its financial instruments into a three-level hierarchy based on the priority of the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If inputs used to measure fair value fall within different levels of the hierarchy, the category level is based on the lowest priority level input that is significant to the fair value measurement of the instrument in its entirety.

The Company categorizes financial assets and liabilities recorded at fair value in the consolidated balance sheet as follows:

Level 1 – Unadjusted quoted prices accessible in active markets for identical assets or liabilities at measurement date.

Level 2 – Unadjusted quoted prices for similar assets or liabilities in active markets or inputs (other than quoted prices) that are observable or that are derived principally from or corroborated by observable market data through correlation or other means.

Level 3 – Prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. Inputs reflect management's best estimate about the assumptions market participants would use at the measurement date in pricing the asset or liability. Consideration is given to the risk inherent in both the method of valuation and the valuation inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Mutual funds: Valued at the quoted market price of shares held by the Plan at year end.

Common collective trusts: Investments in units of common collective trusts are valued at the respective net asset values as reported by such trusts, which are reported at fair value. The value of each unit is determined by subtracting total liabilities from the total value of the assets, including accrued income, and dividing the amount remaining by the number of units outstanding on the valuation date. The use of net asset value as fair value is deemed appropriate as the collective trust fund does not have a finite life, unfunded commitments relating to this type of investment, or significant restrictions on redemptions.

Limited Stores Savings and Retirement Plan

Notes to Financial Statements

The net asset value of the collective trust is calculated daily and net investment income and realized and unrealized gains on investments are not distributed but rather reinvested and reflected in the net asset value of the fund. Units of the funds are issued and redeemed at the current net asset value. Redemptions by participating plans occur at net asset value following the 12-month notice period.

As required by FASB ASC 965, the Statement of Net Assets Available for Benefits presents the fair value of the Plan's investments in collective trusts. The value of each unit is determined by subtracting total liabilities from the total value of the assets, including accrued income, and dividing the amount remaining by the number of units outstanding on the valuation date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value at December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,035,810	-	-	\$ 21,035,810
Common collective trusts	-	4,041,417	-	\$ 4,041,417
Total investments at fair value	<u>\$ 21,035,810</u>	<u>\$ 4,041,417</u>	<u>\$ -</u>	<u>\$ 25,077,227</u>

Assets at Fair Value at December 31, 2014				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,901,485	-	-	\$ 21,901,485
Common collective trusts	-	4,357,925	-	\$ 4,357,925
Total investments at fair value	<u>\$ 21,901,485</u>	<u>\$ 4,357,925</u>	<u>\$ -</u>	<u>\$ 26,259,410</u>

For the years ended December 31, 2015 and 2014, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Notes to Financial Statements

5. Tax Status

On March 31, 2014, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirement of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

6. Plan Termination

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time. Limited Stores, LLC has the right at any time, by action of the Managing Member of Limited Stores, LLC, to terminate the Plan subject to provisions of ERISA. Upon Plan termination or partial termination, participants will become fully vested in their accounts.

7. Parties-in-Interest

Wells Fargo Bank, N.A., trustee of the Plan, its subsidiaries and affiliates maintain and manage certain of the investments of the Plan, for which the Plan is charged investment expenses.

8. Subsequent Events

The Plan was amended and restated effective January 1, 2016 by Wells Fargo Bank, N.A., trustee of the Plan, to comply with the Internal Revenue Service and Department of Labor.
