G & J PEPSI-COLA BOTTLERS, INC. EMPLOYEES' 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2015 AND 2014, AND FOR THE YEAR ENDED DECEMBER 31, 2015

1. DESCRIPTION OF PLAN

The following description of the G & J Pepsi-Cola Bottlers, Inc. Employees' 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's information.

General—The Plan is a defined contribution plan covering substantially all full-time employees of G & J Pepsi-Cola Bottlers, Inc. (the "Company"), who are not represented by a collective bargaining agreement. The Plan Sponsor has appointed the 401(k) Committee to control and manage the operation and administration of the Plan. The Executive Committee serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions—Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, (iii) discretionary contributions made by the Company; and (iv) participant rollovers from another plan.

Participants may elect to contribute a percentage of their compensation to the Plan each year, subject to the limitations as defined in the plan document. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions; these additional contributions are eligible for a Company matching contribution.

The Company makes a matching contribution to each participant's account equal to 25% of the first 6% of compensation contributed. The Company makes an additional qualified nonelective contribution of 1% of compensation for participants and may make discretionary contributions to the Plan. The Company made no additional discretionary contributions for 2015.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participation—Full-time employees who are age 21 or older are eligible and automatically enrolled to defer 3% of their pay into the Plan, for purposes of 401(k) elective deferral contributions, but may elect not to contribute to the Plan. Full-time employees who are age 21 or older and have completed one year of service are eligible for matching contributions and qualified nonelective contributions.

Participant Accounts—Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and related matching and nonelective contributions and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments—Participants direct the investment of their contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan currently offers a guaranteed interest account and more than 25-pooled separate accounts as investment options for participants.

Vesting—Participants are vested immediately in their contributions, catch-up contributions, and rollover contributions, plus actual earnings thereon. Vesting in the Company's contribution of their account is based on years of continuous service. A participant is 100% vested after three years of credited service. Upon reaching age 65, or in the event of death or total disability, the Company contributions become fully vested.

Notes Receivable from Participants—Participants may borrow from their vested account balances a minimum of \$1,000 up to a maximum of the lesser of one-half of the vested account balance or \$50,000. The loans are secured by the participant's vested interest in the Plan, and bear interest at a rate commensurate with local prevailing rates at the time the funds are borrowed as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. As of December 31, 2015, participant loans have maturities through 2020 at an interest rate of 4.25 to 5.75%. As of December 31, 2014, participant loans have maturities through 2019 at an interest rate of 4.25%.

Payment of Benefits—On termination of service with the Company (including termination of service due to death, disability, or retirement), a participant may elect to receive a single lump-sum amount equal to the value of the participant's vested interest in his or her account.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of six months.

A participant age 59 1/2 or older may withdraw all or part of their vested account.

Forfeited Accounts—When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account as defined by the Plan, represents forfeiture. The plan document permits the use of forfeitures to either reduce future employer contributions or plan administrative expenses for the plan year. However, if a participant is reemployed and fulfills certain requirements, as defined by the plan document, the amount will be reinstated. During 2015, employer contributions were reduced by \$11,483 and administrative expenses were reduced by \$290 from forfeited nonvested accounts. At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$0 and \$8, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan Sponsor as provided in the Plan document. All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no participants who have elected to withdraw from the Plan but have not been paid at December 31, 2015.

Transfers—Along with the Plan, the Company also sponsors a 401(k) plan for union employees. If employees change their status during the year, their account balances are transferred into the corresponding plan. For the year ended December 31, 2015, net Plan transfers received from the union plan were \$8,304.

Excess Contributions Payable—The Plan is required to return contributions received during the Plan year in excess of the IRC limits. There were no returned contributions for the years ended December 31, 2015 and 2014.

Accounting Standards Updates—In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07") which removes the requirement to present certain investments for which the practical expedient is used to measure fair value at net asset value within the fair value hierarchy table. Instead, a Plan would be required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for

benefits. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The Plan elected to early adopt ASU 2015-07 as of December 31, 2015, as permitted, and has applied ASU 2015-07 retrospectively, as required. The Plan presents the investment disclosure required by this new guidance in Note 4, Fair Value Measurements. There are no effects on the statements of net assets available for plan benefits or the changes therein.

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan has elected to early adopt ASU 2015-12 as of December 31, 2015, as permitted, and has applied the provisions of ASU 2015-12 retrospectively, as required. Parts I and II are reflected in the statements of assets available for benefits and in the notes to the financial statements. Certain historical disclosures that are no longer required were removed.

Subsequent Events—Subsequent events were evaluated through August 12, 2016, the date the financial statements were available to be issued. Based on this evaluation, no adjustment to or disclosure in the financial statements was required.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The following is a summary of the unaudited information regarding the Plan as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Principal Life Insurance Company, the custodian of the Plan, and furnished to the Plan administrator. 4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts are valued at the net asset value of units of the account. The net asset value as provided by the custodian, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported net asset value. Participant transactions (purchased and sales) may occur daily.

The guaranteed interest account is categorized as Level 3. Principal Life Insurance Company prices the investment and maintains the contributions in pooled accounts within their general assets. The accounts are credited with earnings from the contract and charged for Plan withdrawals and administrative expenses. The contract is included in the financial statements at fair value. The fair value is the amount

Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination, or retirement.

Participant-initiated transactions may not occur at contract value; accordingly, the contracts are not fully benefit responsive. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2015 and 2014.

Fair Value Measurements at December 31, 2015, Using			
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Total		
Guaranteed interest account	\$ _____	\$ _____	\$ 7,469,718
Total	\$ -	\$ -	\$ 7,469,718
Investments measured at NAV			56,641,063
Total investments			\$ 64,110,781

Fair Value Measurements at December 31, 2014, Using			
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	Total		
Guaranteed interest account	\$ _____	\$ _____	\$ 7,388,421
Total	\$ -	\$ -	\$ 7,388,421
Investments measured at NAV			57,991,746
Total investments			\$ 65,380,167

Transfers between Levels—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The significance of transfers between levels is evaluated based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 31, 2015 and 2014, there were no transfers between levels.

Changes to Fair Value of Level 3 Assets and Related Gains and Losses—The following table presents a reconciliation of the beginning and ending balances of the fair value measurements using significant unobservable inputs (Level 3) for the years ended December 31, 2015 and 2014.

	Fair Value Measurements Using Significant Unobservable Inputs (Level 3)
	Guaranteed Interest Account
Beginning balance—January 1, 2015	\$ 7,388,421
Interest credited and reinvested	58,570
Unrealized losses	(16,598)
Purchases and sales:	
Purchases	1,959,600
Sales	<u>(1,920,275)</u>
Ending balance—December 31, 2015	<u>\$ 7,469,718</u>
The amount of total losses for the period included in changes in net assets attributable to the change in unrealized gains or losses related to assets still held at the reporting date	<u>\$ (16,598)</u>
Beginning balance—January 1, 2014	\$ 8,160,801
Interest credited and reinvested	69,398
Unrealized losses	(4,543)
Purchases and sales:	
Purchases	2,172,948
Sales	<u>(3,010,183)</u>
Ending balance—December 31, 2014	<u>\$ 7,388,421</u>
The amount of total losses for the period included in changes in net assets attributable to the change in unrealized gains or losses related to assets still held at the reporting date	<u>\$ (4,543)</u>

The valuation methods as described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. NET ASSET VALUE (NAV) PER SHARE

In accordance with ASU No. 2009-12, *Fair Value Measurements and Disclosures (Topic 820): Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, the Plan should include disclosures to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the Net Asset Value (NAV) per share. The estimated fair value of the pooled separate accounts is NAV. The use of NAV as a fair value is deemed appropriate, as the pooled separate accounts do not have a finite life or unfunded commitments and there are no restrictions on redemptions, including frequency and notice.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. Certain plan investments are investments of various pooled accounts that are managed by Principal Life Insurance Company, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Administrative fees of the Plan are paid by the Company. The Company provides certain accounting, recordkeeping, and administrative services to the Plan for which it is not compensated.

8. FEDERAL INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated November 5, 2014, that the Plan, and related trust, were designed in accordance with the applicable regulations of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the changes in net assets available for benefits amounts for the year ended December 31, 2015, and net assets available for benefits as of December 31, 2015 and 2014, shown in the financial statements to the Form 5500:
