UNIVERSITY HOSPITALS HEALTH SYSTEM
401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2015 and 2014

(1) Description of Plan

The following brief description of the University Hospitals Health System 401(k) Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

(a) General

The Plan became effective June 1, 1999 and is a matched defined contribution plan sponsored by University Hospitals Health System, Inc. (UHHS) (the Company or Plan Sponsor), covering substantially all employees of University Compcare, University Primary Care Practices, Inc., and University Hospitals Management Services Organization, Inc. There are no service or age requirements of employees to participate in the Plan. Participation in the Plan for newly enrolled employees begins the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2015, eligible employees of Comprehensive Health Care of Ohio, Inc. and certain of its subsidiaries (Elyria) and of Parma Community General Hospital, Powers Professional Corporation and certain of its subsidiaries (Parma) will begin participation in the Plan.

The Board of Directors of University Hospitals, as permitted by the plan document, adopted and approved an amendment and instrument of merger to transfer the University Hospitals Medical Group Retirement Plan (UHMG Plan), Comprehensive Health Care of Ohio, Inc. 401(k) Plus Savings and Retirement Plan (Comprehensive Health Care 401(k) Plus Plan) and Comprehensive Health Care of Ohio, Inc. 401(k) Savings and Retirement Plan (Comprehensive Health Care 401(k) Plan) into the Plan effective December 31, 2015.

Effective January 1, 2016, eligible employees from Portage Medical Center or one of its subsidiaries will begin participation in the Plan.

(b) Employee Contributions

Each year participants may defer and contribute up to 75% of pretax annual compensation as defined in the Plan, up to the maximum allowed under the Internal Revenue Code (IRC).

(c) Employer Contributions

The Plan Sponsor matches 50% of an eligible participant's contribution to the Plan, up to 6% of the participant's compensation. Matching employer contributions commence after the participant completes one year of service and has reached the age of 18. Participants that are employees of University Primary Care Practices, Inc. are not eligible for employer contributions.

(d) Participant Rollovers

The Plan permits rollover contributions, which represent distributions from another qualified retirement plan or a plan established under IRC Section 457(b) of a former employer.

401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2015 and 2014

(e) Participant Accounts

Each participant's account is credited with the employee's contributions, investment earnings, and appreciation or depreciation in the fair value of assets. The investment balances are participant directed, including the self directed brokerage account, which allows participants to direct their contributions into investments of their choice. Participants may change their investment options at any time, as well as their deferral percentage. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(f) Vesting

Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution to the participant's account is based on a three-year cliff-vesting schedule (i.e., a participant vests in full after three years of service).

(g) Payment of Benefits

Upon termination of service, a participant will be entitled to receive the vested portion of his or her account.

(h) Forfeitures

The forfeited balances of terminated participants' nonvested accounts are used to reduce future employer matching contributions. Forfeitures were \$27,427 and \$40,495 for the plan years ended December 31, 2015 and 2014, respectively.

(i) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.00%, which are commensurate with local prevailing rates as determined by the plan administrator. The loans have maturities of various dates through 2035. Principal and interest are paid ratably through payroll deductions. Participant loans are valued at amortized cost, which represents the unpaid principal.

(j) Expenses

Certain administrative expenses are paid by the Plan and other administrative expenses are paid by the Plan Sponsor.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

UNIVERSITY HOSPITALS HEALTH SYSTEM
401(k) RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2015 and 2014

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. Contract value for this common/collective trust is based on the net asset value of the fund as reported by the investment advisor. The statements of net assets available for benefits present the fair value of the investment in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value relating to the investment contracts. The statements of changes in net assets available for benefits are prepared on a contract value basis.

(b) *Use of Estimates*

The preparation of financial statements, in conformity with the accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

Investments of the Plan are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for a discussion of fair value measurements. Common/collective trusts are valued at fair value and are adjusted to contract value.

Net (depreciation) appreciation includes the Plan's gains and losses in investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis.

(d) *Payment of Benefits*

Benefits are recorded when paid.

(3) *Investments*

Under the terms of a trust agreement between the Trustee and the Plan, the Trustee maintains a trust fund on behalf of the Plan. The participant accounts are credited with actual earnings on the underlying investments and charged for plan withdrawals. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from the Trustee of the Plan that all of the information provided by them is complete and accurate. Information included in the accompanying financial statements and supplemental schedule as to investments, investment income, interest, dividends, investment information included in this note, and all information in the supplemental schedule is presented in reliance solely upon those certifications.

(4) Fair Value Measurements

The Financial Accounting Standards Board established a framework for measuring fair value, and expands disclosures about fair value measurements. The fair value framework requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to price the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant judgment. The three levels are defined as follows:

- Level 1 – Assets or liabilities that are valued based on quoted prices in active markets that are accessible at measurement date.
- Level 2 – Assets and liabilities that are valued based upon inputs, other than those included in Level 1; based on quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, or financial instruments for which all significant inputs are observable, either directly or indirectly.
- Level 3 – Assets or liabilities that are based on unobservable inputs, including the reporting entity's own analysis of the underlying economic data that market participants would factor into the pricing of the asset or liability.

Level 1 instruments consist of mutual funds and cash and cash equivalents. A mutual fund's fair value is normally calculated as of the close of business of the New York Stock Exchange. Level 2 instruments include common/collective trusts. Common/collective trusts are priced daily based on a blended rate of the contracts' rate of return and the daily income earned. There are no Level 3 instruments.

(5) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. Participants will become 100% vested in their accounts if the Plan is terminated.

(6) Tax Status

The Company adopted a prototype nonstandardized profit sharing plan with a cash or deferral arrangement that received a favorable determination letter from the Internal Revenue Service (IRS) dated July 10, 2012, which stated that the Plan and related trust are designed in accordance with applicable sections of IRC. The Plan has been amended since receiving the determination letter and the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of GUST and the Economic Growth Tax Relief Reconciliation Act of 2001. GUST comprises The General Agreement on Tariffs and Trade, as a part of the Uruguay Round Agreement Act, the Uniformed Services Employment and Re-employment Act of 1996, the Taxpayer Relief Act of 1997, and the IRS Restructuring and Reform Act of 1998. The Company also believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) of the IRC, and the related trust is tax exempt as of December 31, 2015.

The Company is required to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Company has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes the Plan is no longer subject to income tax examinations for years prior to 2012.

Notes to Financial Statements

December 31, 2015 and 2014

(7) Related-Party Transactions

Certain plan investments and shares of mutual funds are managed by the Trustee of the Plan. Therefore, transactions in these mutual funds qualify as party-in-interest transactions.

(8) Risks and Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Investment Contract with Insurance Company

The Fidelity Managed Income Portfolio (MIP) fund's purpose is to preserve principal while earning interest income. The MIP is a commingled pool and its investments may be comprised of conventional and synthetic investment contracts issued by insurance companies, banks and other financial institutions, short-term bonds and other fixed income securities, including U.S. Treasury bonds, mortgage-backed securities, commercial mortgage-backed securities, asset backed securities and derivative instruments such as futures, swaps and options. Third-party wrap contracts are purchased to permit the use of book value accounting to maintain a constant net asset value and to provide for payment of participant-directed withdrawals and exchanges at book value. Interest is credited under wrap contracts.

As described in note 2(a), because the MIP is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Participants may ordinarily direct the withdrawal or transfer all or a portion of the investment at contract value.

The MIP is valued daily and it is the policy of the Trustee to use its best efforts to maintain a stable net asset value of \$1.00 per unit. The MIP uses independent pricing services to value its investments. The Plan was not invested in the MIP as of December 31, 2014. The market value spot yield for plan year ended December 31, 2015 was 1.93%.

(10) Reconciliation to Form 5500
