Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Board of Directors of
Member One Federal Credit Union
Defined Benefit Plan and Trust
Roanoke, Virginia

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Member One Federal Credit Union Defined Benefit Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits and the statements of accumulated plan benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits and statement of changes in accumulated plan benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Pentegra Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2015, and Schedule of Reportable Transactions for the year ended December 31, 2015 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Summary of Significant Provisions of the Plan

The following description of the Member One Federal Credit Union Defined Benefit Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General:

The Plan is a noncontributory defined benefit plan which was frozen, effective April 1, 2007. The Plan covers substantially all employees of Member One Federal Credit Union (the "Credit Union") who were employed prior to the freeze. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility and contributions:

Since the Plan is frozen, employees can no longer become eligible to participate and employees already participating no longer earn years of service for benefit accrual purposes. The Credit Union makes contributions to the Plan based on recommendations of the Plan's actuary, sufficient to maintain the Plan as a qualified defined benefit plan meeting the minimum funding standard requirements of ERISA. The Credit Union was not required to contribute to the Plan for 2015 and 2014.

Pension benefits:

Annual pension benefits generally begin at normal retirement age, which is age 65 or the first day of the calendar month coincident with or next following the participant's attainment of age 65. Pension benefits are equal to 50% of the average compensation up to the integration level plus a benefit equal to 60% of the average compensation in excess of the integration level for the Plan year. Integration level is based on the current Covered Compensation table. Average compensation includes the highest 60 consecutive months of service from date of hire to date of termination. Average compensation shall not include any amounts paid after April 1, 2007.

A participant's benefit is reduced pro-rata for each year of credited service less than 20 years at normal retirement age. The Plan permits early retirement at age 55 providing the participant completed at least 10 years of service. Employees may receive their pension benefits in the form of a lump sum, partial withdrawals provided the minimum withdrawal is \$1,000, joint and survivor annuities, straight life annuities, or life annuities with either 5, 10, 15, or 20 years certain.

Death and disability benefits:

If a participating employee dies before their retirement benefit would be payable, a death benefit payable to the surviving spouse or non-spousal beneficiary of an unmarried participant will be equal to the minimum spouse's death benefit as defined by the Plan. Death benefits are paid in either lump sums or straight life annuities.

Active, participating employees, who become disabled, as determined under the Social Security Act, will receive annual disability benefits that are equal to the early retirement benefit without regard to the age and service requirements.

Note 1. Summary of Significant Provisions of the Plan (Continued)

Vesting:

Since the Plan is frozen, all participants are fully vested in their accrued benefits.

Note 2. Summary of Significant Accounting Policies

Basis of presentation:

The financial statements are prepared using the accrual method of accounting.

Use of estimates:

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and cash equivalents:

For purposes of preparing the statements of net assets available for benefits, the Federated Prime Obligations Institutional Fund held at December 31, 2015 and 2014 is considered a cash equivalent. This account is not insured by the Federal Deposit Insurance Corporation (FDIC).

Investments valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investment are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Actuarial present value of accumulated plan benefits:

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died, and present employees or their beneficiaries. The accumulated Plan benefits for active employees are based on their average compensation during the five years ending on the date benefit information is presented. Benefits payable upon retirement, death, disability, and termination of employment are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

NOTES TO FINANCIAL STATEMENTS

December 31, 2015

Note 2. Summary of Significant Accounting Policies (Continued)

Actuarial present value of accumulated plan benefits: (Continued)

The actuarial present value of accumulated Plan benefits is determined by an actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The most recent actuarial valuation was performed by Pentegra Retirement Services as of January 1, 2016. The significant actuarial assumptions used in determining accumulated Plan benefits as of January 1, 2016 and 2015 are as follows:

	2016
Method of valuation:	Actuarial cost method
Mortality basis:	RP-2014 white collar worker table with mortality improvement scale MP-2015
Retirement rates:	Representative rates, based on the light retirement table.
Discount rate:	5.00%
Salary increases:	None
Average rate of return:	Three-segment interest rates based on 24-month segment rates for January 2016, as modified by MAP-21/HAFTA, 4.43% for 1 to 5 years, 5.91% for 6 to 20 years, and 6.65% for 21 years and over.
	2015
Method of valuation:	Actuarial cost method
Mortality basis:	RP-2014 white collar worker table with mortality improvement scale MP-2014
Retirement rates:	Representative rates, based on the light retirement table.
Discount rate:	5.00%
Salary increases:	None
Average rate of return:	Three-segment interest rates based on 24-month segment rates for January 2015, as modified by MAP-21/HAFTA, 4.72% for 1 to 5 years, 6.11% for 6 to 20 years, and 6.81% for 21 years and over.

The actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits:

Benefit payments to participants are recorded when paid.

Administrative expenses:

Plan fees and administrative expenses are paid by the Plan and Credit Union on a discretionary basis.

Subsequent events:

Subsequent events have been evaluated through October 7, 2016, the date the financial statements were available to be issued.

Note 3. Accounting Changes

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820)*. The ASU eliminates the requirement for plans to disclose the significant investment strategies for investments in certain entities that calculate net asset value per share (or its equivalent). It also eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. It is to be applied retrospectively. Management has elected to adopt the ASU early.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risk. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

NOTES TO FINANCIAL STATEMENTS

December 31, 2015

Note 4. Fair Value Measurements (Continued)

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

The fair value of the common trust fund is based on inputs that are observable for valuing the asset or liability, either directly or indirectly (i.e. interest rate and yield curves observable at commonly quoted intervals, default rates, etc.). Observable inputs include quoted price for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market observable inputs.

The common trust fund invests in securities that have observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. While the underlying asset values are quoted prices, the net asset value (NAV) of a unit in these funds is not publicly quoted. Units can be issued and redeemed on any business day at the NAV. All earnings and losses are reflected in the computation of the NAV and are realized by the participant upon withdrawal.

Note 5. Plan Termination

Although it has not expressed any intention to do so, the Credit Union has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will not be available on a pro rata basis to provide participant's benefits. Whether a particular participant's accumulated Plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all. Participants should refer to the Plan agreement for more complete information.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2015, that ceiling is \$5,012 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

**MEMBER ONE FEDERAL CREDIT UNION
DEFINED BENEFIT PLAN AND TRUST**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2015**

Note 5. Plan Termination (Continued)

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Note 6. Information Prepared and Certified by the Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified by the Plan's Trustee as complete and accurate:

- Investment assets
- Investment transactions
- Investment income
- Schedule of Assets (Held at End of Year)
- Schedule of Reportable Transactions

Note 7. Income Tax Status

The Plan obtained its latest determination letter on August 31, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in accordance with the applicable sections of the *Internal Revenue Code (IRC)*. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the *IRC*.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 8. Related Party Transactions

Certain administrative functions are performed by officers or employees of the Credit Union. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

For the year ended December 31, 2015, Trustee fees of \$30,984 were paid to Pentregra Trust Company, the Trustee of the Plan. These transactions qualify as party-in-interest transactions.

**NOTES TO FINANCIAL STATEMENTS
December 31, 2015**

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Actuarial Valuation at 1/1/2015 for Plan Year 1/1/2015 to 12/31/2015

2015 Form 5500 Schedule SB, Part V - Statement of Actuarial Assumptions/Methods (EIN: 54-0526784/PN: 001)

Actuarial Cost Method

Liabilities shown in this report are computed in accordance with the Pension Protection Act of 2006 and subsequent guidance issued by the Internal Revenue Service. The target normal cost is the present value of all benefits that have accrued or have been earned (or that are expected to accrue or to be earned) under the plan during the plan year. The benefits that have been accrued or have been earned (or that are expected to accrue or to be earned) under a plan during a plan year include any increase in benefits during the plan year that is a result of any actual or projected increase in compensation during the current plan year, even if that increase in benefits is with respect to benefits attributable to services performed in a preceding plan year. The funding target of the plan for the plan year is the present value of all benefits that have been accrued or earned under the plan as of the first day of the plan year.

The benefits taken into account in determining the funding target and target normal cost are all benefits earned or accrued under the plan, including retirement-type and ancillary benefits. The determination of the funding target and target normal cost is based on plan provisions that are adopted no later than the valuation date for the plan year and that become effective during that plan year.

Actuarial Assumptions

The actuarial assumptions summarized below are either prescribed by law, or when not prescribed by law, selected by the plan's actuary as the best predictor of future experience, based on all available prior experience and future expectations. For any assumption not prescribed by law or selected by the plan's actuary, the individual or organization selecting such assumption is identified separately, and the report will note if the actuary has any disagreement with the appropriateness of the assumption.

Assets

The actuarial value of plan assets equals the market value of plan assets.

Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

2015 Form 5500 Schedule SB, Part V - Summary of Plan Provisions (EIN: 54-0526784/PN: 001)

Presented below are the principal components of your current plan provisions. For a complete description and definition of plan provisions, always refer to your plan document.

Plan History

The Plan was effective January 1, 1975. Effective April 1, 2007, the plan was frozen. This change froze service, compensation and participation.

Eligibility Requirements

Plan Participation

Eligible Employee

First day of plan year coinciding with or next following the attainment of age 20.0 and the completion of 6 months of service.

No new employees are eligible to participate on or after the plan freeze date of April 1, 2007.

Excluded Employee

There are no classes of ineligible employees other than those who were not participants prior to the plan freeze date of April 1, 2007.

Normal Retirement (Date)

The first day of the calendar month coincident with or next following the participant's attainment of age 65.

Early Retirement

Age 55 with at least 10 years of vested service.

Vested Retirement

A participant who, on the date of his termination of service has completed at least 5 years of vested service, will be 100% vested in his retirement benefit accrued to the date of his termination of service.

Member One Federal Credit Union Defined Benefit Plan

2015 Form 5500 Schedule SB, Part V - Summary of Plan Provisions (EIN: 54-0526784/PN: 001)

Disability Retirement

A participant who incurs a termination of service due to becoming totally and completely disabled prior to his normal retirement date, and such condition continues for a period of 6 months, shall immediately become 100% vested in his accrued benefit and may retire under the plan.

The disability retirement benefit is equal to the early retirement benefit, accrued to the date of disability, adjusted for early commencement as per the early retirement reduction provisions.

No enhanced benefit.

Death Benefit

Standard REA (Retirement Equity Act) death benefit.

The surviving spouse of a participant who dies prior to his annuity start date and who, at the time of his death, had not incurred a termination of service and met the requirements of a vested retirement benefit, shall be eligible to receive the same benefit that would have been payable as a survivor annuity if the participant had retired with a 50% J&S benefit. Death benefit payments may commence upon the satisfaction of the plan's early or normal retirement requirements.

Definitions

Vested Service

A Year of Service is granted for each 12 month period, beginning on the date of hire, in which a Participant works at least 1,000 hours.

Credited Service

A Year of Service is granted for each 12 month period, beginning on the date of hire, in which a Participant works at least 1,000 hours.

Effective April 1, 2007, Credited Service was frozen.

Compensation

W-2 salary in effect for each month of such year.

2015 Form 5500 Schedule SB, Part V - Summary of Plan Provisions (EIN: 54-0526784/PN: 001)

Average Annual Earnings

The average annual compensation during the 60 highest consecutive months from date of hire to date of termination.

Retirement Income

Normal Retirement Benefit

50% of Average Annual Earnings up to Covered Compensation plus 60% of Average Annual Earnings in excess of Covered Compensation times the ratio of Credited Service (maximum of 20 years) and Credited Service at Normal Retirement Age.

The Normal Form of this benefit is a 10-year Period Certain and Life Benefit. Participants can also elect a 50%, 66-2/3%, 75% and 100% Joint and Survivor Benefit or Straight Life Annuity, or 5-, 15-, 20-year Period Certain and Life Benefit. Additionally, participants eligible for an Early Retirement Benefit, a Normal Retirement Benefit or a Postponed Retirement Benefit at the time of termination may elect a single lump sum payout.

Early Retirement Benefit

The Normal Retirement Benefit accrued to date of termination of service. For commencement of benefits prior to Normal Retirement Date the benefit is reduced using actuarial equivalence. Reduction: 5/9ths of 1% for first 60 months; 5/18ths of 1% thereafter.

Vested Retirement Benefit

The Normal Retirement Benefit accrued to date of termination of service, reduced actuarially for commencement of benefits prior to Normal Retirement Date. Benefit payments can commence when the participant would have been eligible for an Early Retirement Benefit.

Disability Retirement Benefit

The Disability Retirement Benefit is calculated in the same manner as an Early Retirement Benefit.

Preretirement Death Benefit

The Normal, Early or Vested Retirement Benefit, assuming the participant terminated employment at date of death and elected a 50% Joint and Survivor Benefit payable to the surviving spouse. The active death benefit is payable directly from plan assets.
