To the Board of Trustees
Sonnenalp Properties Profit Sharing Plan

We have conducted a DOL limited-scope audit of the financial statements of the Sonnenalp Properties Profit Sharing Plan for the year ended December 31, 2015 and have issued our report thereon dated September 6, 2016. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 27, 2016. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Sonnenalp Properties Profit Sharing Plan are described in Note 2 to the financial statements. As described in Note 2, the Plan adopted two parts of an accounting policy related to simplifying the reporting for the direct investment in fully benefit-responsive investment contracts reported at contract value and simplifying the investment disclosures by adopting Accounting Standards Update 2015-12 "Plan Accounting: (Topics 962 and 965) - (Part I): Fully Benefit-Responsive Investment Contracts" and "Plan Accounting: (Topics 960, 962 and 965) - (Part II): Plan Investment Disclosures", respectively, in 2015. Accordingly, the accounting change has been retrospectively applied to prior years presented as if the policy had always been used. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant estimates in 2015.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has determined the uncorrected misstatement below is immaterial to the financial statements as a whole.

- o Total 2015 errors related to missed deferrals on improperly excluded earnings or late auto-enrollment.
 - Dr. Employee contributions receivable 4,705
 - Cr. Employee contributions 4,705

Not recording the effects of the above misstatement results in a current year understatement of assets by \$4,705, an understatement of revenue of \$4,705 and an understatement of net assets available for benefits of \$4,705.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 1, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Trustees and management of Sonnenalp Properties Profit Sharing Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Eide Bailly LLP

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.

Plan Type 1 401PS

September 6, 2016

To the Board of Trustees and Management of
Sonnenalp Properties Profit Sharing Plan
Vail, Colorado

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Sonnenalp Properties Profit Sharing Plan (the “Plan”) as of and for the year ended December 31, 2015, in accordance with auditing standards generally accepted in the United States of America, we considered Sonnenalp Properties Profit Sharing Plan’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan’s internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan’s financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in Sonnenalp Properties Profit Sharing Plan’s internal control to be a significant deficiency:

Financial Statement Preparation

The Company does not have an internal control system designed to provide for the preparation of the financial statements and related financial statement disclosures being audited. In conjunction with the completion of our audit, we were requested to draft the financial statements and accompanying notes to those financial statements. Although this circumstance is not unusual for an organization of your size, the preparation of financial statements as a part of the audit engagement may result in financial statements and related information included in financial statement disclosures not being available for management purposes as timely as it would be if prepared by Company personnel. It is the responsibility of management and those charged with governance to determine whether to accept the risk associated with this condition because of cost or other considerations.

Inadequate Participant Documentation

The Company does not have an internal control system designed to ensure the adequate completion and retention of documents related to participant elections and employee approved wages. As such, employee deferrals could be withheld at a rate different from what the employee intended. Further, as the Plan adopted an auto-enrollment feature effective January 1, 2015, it is imperative opt-out forms are retained to ensure appropriate documentation of those employees who choose not to participate.

This communication is intended solely for the information and use of management, the Board of Trustees, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Independent Auditor's Report

To the Board of Trustees
Sonnenalp Properties Profit Sharing Plan
Vail, Colorado

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Sonnenalp Properties Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, as of December 31, 2015 and 2014 and for the year ended December 31, 2015, the Plan adopted the new accounting guidance in Accounting Standards Update (ASU) 2015-12 (Part I) Plan Accounting (Topics 962 and 965) – “Fully Benefit-Responsive Investment Contracts” to record the fully benefit-responsive investment contracts at contract value, eliminating the requirements to measure fair value and present the related fair value measurement disclosures for direct investments in the investment contracts or record an adjustment to reconcile fair value to contract value in the statements of net assets available for benefits and (Part II) Plan Accounting (Topics 960, 962, and 965): “Plan Investment Disclosures” to simplify the investment disclosure requirements. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter – Supplementary Information

The supplemental schedule H, line 4i-schedule of assets held at end of year and schedule H, line 4a-schedule of delinquent participant contributions as of or for the year ended December 31, 2015, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following brief description of the Sonnenalp Properties Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualified employees of Sonnenalp Properties, Inc., SPI Golf, Inc., SPI Property Management Grille at Singletree LLC and Swiss Chalet LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan if they have completed 6 months of service (effective January 1, 2015 or 1 year of service prior to January 1, 2015), are 21 years of age, and are not a member of the following classes of employees:

- Non-resident aliens
- Any citizen or resident of a foreign country, except those who work in the United States under the following VISA or NAFTA categories:
 - All categories are excluded except as expressly required by United States Immigration Law

A year of service for purposes of eligibility is a consecutive 6-month period during which the employee has 1,000 or more hours of service, effective January 1, 2015.

Entry Date

Employees may enter the Plan on the first day of the quarter coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan Document. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Company may make a discretionary matching contribution equal to a uniform percentage of each participant's salary deferrals, with the discretionary percentage determined annually by the Company (not to exceed 4% of annual compensation). For 2015 and 2014, the Company matched participant contributions up to 2% of annual compensation. Additional profit sharing contributions may be made at the discretion of the Company. No such additional discretionary contributions were made for the years ended December 31, 2015 and 2014.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution, as well as an allocation of the Company's discretionary contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings, account balances or specific participant transactions, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Vesting is based on years of credited service as set forth in the following table:

<u>Participant's Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$423 and \$2,344, respectively. These accounts may be used to pay plan expenses or reduce future employer contributions. During the year ended December 31, 2015, employer contributions were reduced by \$2,345 from forfeited non-vested accounts.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan Document upon retirement, termination, death or disability. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship as defined in the Plan Document.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Recent Accounting Guidance

The Plan adopted the provisions of Accounting Standards Update (ASU) 2015-12 (Part I) "Plan Accounting (Topics 962 and 965): Fully Benefit-Responsive Investment Contracts" and (Part II), "Plan Accounting (Topics 960, 962 and 965): Plan Investment Disclosures". Part I eliminates the requirements to measure fair value and present the related fair value measurement disclosures for direct investments in the investment contracts or record an adjustment to reconcile fair value to contract value in the statements of net assets available for benefits. Part II eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits, eliminates the net appreciation or depreciation for investments by general type, and requires that investments be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. The Plan has adopted this standard as Plan management believes this presentation is more relevant to the users of the financial statements. Accordingly, the accounting change has been retrospectively applied to the prior period presented, as required.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is report at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan Document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Sonnenalp Properties Profit Sharing Plan

Notes to Financial Statements

December 31, 2015 and 2014

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2015 and 2014.

Pooled separate accounts: Valued at fair value based on the net asset value (NAV) of the observable market prices of the underlying assets within that account less liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments that are measured at fair value as of December 31, 2015 and 2014:

	2015			
	(Level 1)	(Level 2)	(Level 3)	Total
Pooled separate accounts	\$ -	\$ 3,986,138	\$ -	\$ 3,986,138
Total investments, at fair value	<u>\$ -</u>	<u>\$ 3,986,138</u>	<u>\$ -</u>	<u>\$ 3,986,138</u>
	2014			
	(Level 1)	(Level 2)	(Level 3)	Total
Pooled separate accounts	\$ -	\$ 3,727,639	\$ -	\$ 3,727,639
Total investments, at fair value	<u>\$ -</u>	<u>\$ 3,727,639</u>	<u>\$ -</u>	<u>\$ 3,727,639</u>

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no significant transfers in or out of levels 1, 2, or 3.

Notes to Financial Statements

December 31, 2015 and 2014

The following table sets forth the disclosure for the fair value measurement of investments in certain entities that calculate a net asset value per share as of December 31, 2015 and 2014:

	2015			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Multi-strategy pooled separate accounts	\$ 3,986,138	\$ -	Daily	Daily
	2014			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Multi-strategy pooled separate accounts	\$ 3,727,639	\$ -	Daily	Daily

Multi-strategy pooled separate accounts consist of various investment options (mutual funds) and are valued based on the investments held. While the majority of the underlying asset values are quoted prices, the net asset value of the pooled separate accounts are not publicly quoted.

The following is a brief description of the nature and significant investment strategies of the major categories of pooled separate accounts:

Managed asset allocation – The pooled separate accounts in this category are primarily “target date funds” that seek total returns consisting of long-term growth and current income. Selected funds within this category may invest in domestic and foreign equity, real assets and alternative investments, and fixed income funds.

Small/mid U.S. equity – The pooled separate accounts in this category seek long-term growth by primarily investing in U.S. equity securities of companies with small to mid-size market capitalization. Selected funds within this category may invest in stocks of foreign companies, U.S. and foreign preferred stocks, convertible debt securities, equity-equivalent securities, non-leveraged stock index futures contracts and options, notes, bonds and other debt securities.

Fixed income securities – The pooled separate accounts in this category primarily invest in intermediate-term, fixed-income investments, such as public and private corporate bonds, commercial and residential mortgages, asset-backed securities, and U.S. Government and agency-backed securities.

Large U.S. equity – The pooled separate accounts in this category primarily invest in equity securities of U.S. companies with large market capitalization. Selected funds within this category may invest in stocks of foreign companies, convertible debt securities, and real estate investments trusts.

International equity – The pooled separate accounts in this category seek long-term growth by investing in common stocks of non-U.S. companies. Funds within this category may invest in securities of companies with their principal place of business or principal office in emerging market countries or index futures and options and exchange traded funds.

U.S. real estate – The pooled separate accounts in this category invests the majority of its assets in U.S. commercial real estate holding including multifamily, office, warehouse, manufacturing, and retail properties. It focuses on properties that return both lease income and appreciation of the buildings’ marketable value.

Note 4 - Information Certified by the Plan Custodian

The Plan Administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by American United Life Insurance Company.

The Plan custodian has certified its statement of accounts as of December 31, 2015 and 2014 and for the year ended December 31, 2015. The statement of accounts includes beginning and ending balances of investments held, and detail of all transactions during the period, including investment earnings.

Note 5 - Tax Status

The Plan uses a prototype plan document sponsored by American United Life Insurance Company (AUL) which received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, stating that the prototype document satisfies the applicable provision of the IRC. The Plan itself has not received a determination letter from the IRS and the prototype has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract (GIC) with AUL. AUL maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. AUL is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2015 and 2014 was \$273,862 and \$214,885, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no events that limit the ability of the Plan to transact at contract value with the issuer. Certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) the Plan Sponsor rejects a modification to the contract proposed by the issuer, (2) the issuer ceases to issue contracts of this type and intends to terminate substantially all contracts similar in nature to this contract, (3) after the first 3 Contract Years the aggregate value of the contract is below than \$100,00, (4) the Plan is disqualified, unlawful or violates ERISA or Internal Revenue Code or exposes the issuer to potential liability, or (5) the Plan Sponsor files for protection under federal bankruptcy law, is deemed insolvent, dissolves, closes, or shuts down its business, or ceases operations..

Note 7 - Related Party and Party-in-Interest Transaction

Certain Plan investments are units of pooled separate accounts and a guaranteed investment contract managed by AUL, the custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Plan Amendments

Effective January 1, 2015, the Plan was amended as follows:

- Automatic enrollment feature added for participants deemed eligible to participate in the Plan. Eligible employees will defer 2% and be enrolled within a default fund set up at the direction of the Plan Sponsor.
- Change the entry date for automatic enrollment of eligible employees from one year of service to six months of service.

Note 10 - Nonexempt Party-in-Interest Transaction

It was noted in 2015 that there were delays by the Company in submitting employee contributions to the trustee in the aggregate amount of \$25,324. In 2016, the Company reimbursed the Plan for lost earnings from 2015 employee contributions.

Note 11 - Subsequent Events

Effective January 1, 2016, the Plan was amended to exclude on-call employees, J-1 employees, Q-1 employees, temporary employees, part-time employees and part-time seasonal employees (unless a temporary, part-time or part-time seasonal employee completes 1 year of service, meaning 12 consecutive months and 1,000 hours).

The Plan Sponsor has evaluated subsequent events through September 6, 2016, the date which the financial statements were available to be issued.

To the Board of Trustees
Sonnenalp Properties Profit Sharing Plan

We have conducted a DOL limited-scope audit of the financial statements of the Sonnenalp Properties Profit Sharing Plan for the year ended December 31, 2015 and have issued our report thereon dated September 6, 2016. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 27, 2016. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Sonnenalp Properties Profit Sharing Plan are described in Note 2 to the financial statements. As described in Note 2, the Plan adopted two parts of an accounting policy related to simplifying the reporting for the direct investment in fully benefit-responsive investment contracts reported at contract value and simplifying the investment disclosures by adopting Accounting Standards Update 2015-12 "Plan Accounting: (Topics 962 and 965) - (Part I): Fully Benefit-Responsive Investment Contracts" and "Plan Accounting: (Topics 960, 962 and 965) - (Part II): Plan Investment Disclosures", respectively, in 2015. Accordingly, the accounting change has been retrospectively applied to prior years presented as if the policy had always been used. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant estimates in 2015.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has determined the uncorrected misstatement below is immaterial to the financial statements as a whole.

- o Total 2015 errors related to missed deferrals on improperly excluded earnings or late auto-enrollment.
 - Dr. Employee contributions receivable 4,705
 - Cr. Employee contributions 4,705

Not recording the effects of the above misstatement results in a current year understatement of assets by \$4,705, an understatement of revenue of \$4,705 and an understatement of net assets available for benefits of \$4,705.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 1, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Board of Trustees and management of Sonnenalp Properties Profit Sharing Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Eide Bailly LLP

Greenwood Village, Colorado
