401(k) RETIREMENT PLAN
Notes to Financial Statements
December 31, 2015 and 2014

Plan Description

The following description of the Kenda Group Company 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all full-time employees of American Kenda Rubber Industrial Co., Ltd. and Americana Development, Inc. (the Companies) who have completed one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined in the plan agreement and as allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Beginning in 2015, the Plan was amended to allow for Roth elective deferrals. Participants direct the investment of all contributions into various investment options offered by the Plan. The Companies may make discretionary employer matching contributions and/or discretionary employer non-elective contributions, as determined by the Companies. During 2015 and 2014, the Companies contributed a matching contribution equal to 50% of each participant's contribution, up to 5% of the participant's eligible compensation for all non-union participants. During 2015 and 2014, the Companies contributed a matching contribution equal to 25% of each participant's contribution, up to 6% of the participant's eligible compensation for all union participants. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the employer contributions, (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Description (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer matching and non-elective contribution portions of their accounts plus actual earnings is based on continuous years of service according to the following vesting schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their individual accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Notes must be repaid within five years unless the note is granted to allow the participant to purchase his or her principal residence. The notes are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to separation of service, death, disability or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account or elect an annuity contract to be purchased and distributed by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also provides for employees to make in-service withdrawals from their account under certain hardship circumstances or once they attain age 59 1/2.

Administrative Expenses

The Companies elect to pay the administrative expenses of the Plan, the fees and the retainers of the Plan's trustee, accountant, legal counsel, investment managers, administrator and other specialists, except expenses relating directly to the investments of the Plan. Should the Companies elect not to pay all or part of such expenses, the trustee then pays these expenses from the Plan's assets.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$10,264 and \$24,124, respectively. Forfeitures are used at year-end to reduce employer contributions or to pay administrative expenses of the Plan. During 2015 and 2014, forfeitures of \$15,957 and \$933, respectively, were used to reduce employer contributions. During 2015, forfeitures of \$2,642 were used to pay administrative expenses of the Plan.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits Paid

Benefits are recorded when paid.

Summary of Significant Accounting Policies (continued)

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement, under Topic 820 – Disclosure for Investment of Certain Entities that calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share as the practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which that practical expedient is not applied, will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, and is to be applied retrospectively, with early adoption permitted. The Plan has elected to early adopt ASU 2015-07 but there was no impact on the Plan's investments.

In July 2015, the FASB issued ASU 2015-12, *Amendments to Plan Accounting*, under Topics 960, 962 and 965 (ASU 2015-12). The amendments in Part II of ASU 2015-12 require plans to disaggregate their investments measured using fair value only by general type, either on the financial statements or in the notes to the financial statements. Part II also eliminates the requirement to disclose the net appreciation (depreciation) in fair value of investments by general type and the requirements to disclose individual investments that represent 5% or more of net assets available for benefits. The amendments in Parts I and III of ASU 2015-12 are not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted and should be applied retrospectively. The Plan has elected early adoption of ASU 2015-12, which had no impact on the statements of net assets available for benefits or statements of changes in net assets available for benefits.

Investment Contract with Insurance Company

The Plan has an investment contract with Great-West Life & Annuity Insurance Company (Great-West Life). Great-West Life maintains the contributions in a pooled account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The contract is included in the financial statements at fair value. The average yield and crediting interest rates were 1.20% and 1.25% for 2015 and 2014, respectively. There is no minimum crediting interest rate under the terms of the contract. Such interest rates are reviewed on a quarterly basis for resetting.

Notes to Financial Statements December 31, 2015 and 2014

Information Prepared and Certified by Trustee and Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that was prepared and certified as complete and accurate by Great-West Trust Company, LLC (Great-West) the trustee of the Plan, and Great-West Life, the custodian of the Plan.

	2015	2014
<i>Mutual Funds</i>	\$ 6,849,310	\$ 6,717,428
<i>Group Annuity Contract</i>	1,220,228	1,229,235
<i>Notes Receivable from Participants</i>	<u>159,961</u>	<u>101,299</u>
Total	<u>\$ 8,229,499</u>	<u>\$ 8,047,962</u>

The trustee and custodian also certified to the completeness and accuracy of \$508,523 of net depreciation and \$106,027 of net appreciation in fair value of investments and \$522,820 and \$394,969 of interest and dividend income related to the aforementioned assets for the years ended December 31, 2015 and 2014, respectively.

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 are significant unobservable inputs for the asset or liability.

Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 or 2014.

Mutual Funds: Valued at the quoted net asset value of shares held by the Plan at year-end.

Group Annuity Contract: Valued on a daily basis, based on the fund's guaranteed rates/period, which is based upon the three-month Treasury Note yield. On day one of a guaranteed period, a fixed fund's unit value will be \$1.00 and will increase incrementally to reflect the interest that is earned daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 6,849,310	\$ -	\$ -	\$ 6,849,310

Total assets at fair value	<u>\$ 6,849,310</u>	<u>\$ 1,220,228</u>	<u>\$ -</u>	<u>\$ 8,069,538</u>

Assets at Fair Value as of December 31, 2014

KENDA GROUP COMPANY 401(k) RETIREMENT PLAN

Notes to Financial Statements December 31, 2015 and 2014

Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Tax Status

The Companies have adopted a prototype non-standardized profit sharing plan with a cash or deferral arrangement sponsored by Benefit Advantage Inc., which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Great-West. Great-West is the trustee as defined in the plan agreement and, therefore, these transactions qualify as party-in-interest. The Benefit Advantage is the contract administrator of the Plan and therefore, these transactions qualify as party-in-interest. GBQ Partners LLC is the auditor of the plan and therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for administrative expenses amounted to \$25,275 and \$21,215 during 2015 and 2014, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the accompanying 2015 statement of net assets available for benefits.

Subsequent Events – Date of Management's Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.
