NOTE 1 PLAN DESCRIPTION

The following description of the Farnsworth Group, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted by Farnsworth Group, Inc. (Employer) effective October 1, 1984. The Plan has been amended throughout the years to comply with tax legislation and most recently amended effective January 1, 2015. The Plan covers all employees of Farnsworth Group, Inc. who have attained the age of 21 years. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan includes 401(k) accounts for employee and Employer matching contributions, and provides for participant-directed investment accounts through Bank of America, N.A.

Contributions

Employees may make voluntary contributions to the Plan not to exceed 20% of their compensation per pay period. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

During 2015 and 2014, the Employer contributed 50% of the first 5% of eligible compensation that a participant contributes to the Plan.

The Employer may make additional discretionary contributions. The Employer's additional discretionary contributions are allocated to each participant based upon each participant's compensation. During 2015 and 2014, discretionary contributions were 2% of each participant's eligible compensation.

The Plan allows for rollover contributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's voluntary contributions, the Employer's matching contributions, an allocation of Employer discretionary contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participant contributions, rollover contributions, and earnings thereon are immediately 100% vested.

Participants become 100% vested in the Employer contributions and earnings after two years of credited service.

NOTE 1 PLAN DESCRIPTION (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon retirement, disability, death, termination of employment, hardship, and upon the participant reaching the normal retirement age of 65, participants may receive their distribution in a lump sum or rollover as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable.

If a terminating participant's vested account balance does not exceed $1,000, the Plan will distribute the benefit in a lump sum as soon as administratively practicable. Vested balances between $1,000 and $5,000 are rolled into an IRA account in the employee's name if they have not provided direction for distribution. Vested account balances exceeding $5,000 are paid at the participant's discretion, or can be left in the Plan until such time the participant wishes to withdraw it, with the account continuing to share in the trust fund income and losses. Distribution cannot be delayed past April 1 following the year that the participant attains age 70½.

Forfeited Accounts

Forfeited balances of terminated participants' nonvested accounts are used to pay administrative expenses of the Plan and are used to reduce future company contributions. At December 31, 2015 and 2014, the Plan had $-0- of forfeited non-vested accounts that had not been applied. For the years ended December 31, 2015 and 2014, the Plan applied $41,419 and $19,503, respectively, of forfeitures to reduce Employer contributions. There were no forfeitures used to reduce administrative expenses for the years ended December 31, 2015 and 2014.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Change in Accounting Principle

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I clarifies fully benefit-responsive investment contracts are limited to direct investments between the Plan and the issuer. Part I also eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan has elected to early adopt Parts I and II.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants (Continued)

Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction to contributions. The Plan distributed 2015 and 2014 excess contributions to the applicable participants prior to March 15, 2016 and 2015, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expense. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Reclassifications

Certain amounts in the 2014 financial statements have been reclassified to conform with the 2015 presentation. These reclassifications do not affect net assets available for benefits as previously reported.

Subsequent Events

The Plan has evaluated subsequent events through August 11, 2016, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation (depreciation) in fair value of the investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Bank of America, N.A. (trustee of the Plan).

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2015 and 2014.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission (SEC). These funds are required to publish daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Fund

Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 37,419,726	$ -	$ -	$ 37,419,726
Collective Fund	-	3,016,346	-	3,016,346
Total Assets at Fair Value	$ 37,419,726	$ 3,016,346	$ -	$ 40,436,072

	2014			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 34,217,962	$ -	$ -	$ 34,217,962
Collective Fund	-	2,864,062	-	2,864,062
Total Assets at Fair Value	$ 34,217,962	$ 2,864,062	$ -	$ 37,082,024

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

NOTE 6 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2014 received from the IRS on the prototype plan indicating that the Plan is qualified under section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a collective fund managed by Bank of America, N.A. Bank of America, N.A. is the trustee as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
