Independent Auditor's Report

September 30, 2016

To the Participants, Plan Administrator and Trustee of
Square Deal Machining, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Square Deal Machining, Inc. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2015, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note 4, which was certified by Chemung Canal Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the 2015 financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has

obtained a certification from the Trustee as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we do not express an opinion on the supplemental schedule.

Other Matter - 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated July 27, 2015, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2015

The form and content of the information included in the 2015 financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of the Plan

The following description of Square Deal Machining, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code and has a Section 401(k) salary deferral arrangement. The Plan is subject to the provisions of ERISA. The net assets of the Plan are maintained in a trust, which is administered by Chemung Canal Trust Company, the Trustee.

Eligibility - Employees are eligible to participate in the Plan upon reaching one year of service. After meeting the eligibility requirements, eligible employees begin participating in the Plan on the earlier of the first day of the succeeding plan year or the first day of the seventh month of the plan year.

Contributions - Eligible employees can contribute to their employee deferral account up to the maximum amount allowed by the Internal Revenue Code. Participants who meet certain age requirements are allowed to make catch-up elective deferrals. The Company may make annual discretionary matching contributions as determined by management of the Company. There were no discretionary matching contributions for the year ended December 31, 2015. Employer discretionary contributions of $29,151 for the year ended December 31, 2014, remained receivable at December 31, 2014, and were remitted to the Plan in January 2015. Rollover contributions from other plans are permitted.

Vesting - Participants are immediately vested in their elective salary deferral contributions plus actual earnings thereon. Vesting for employer contributions is based on years of continuous service. Participants are 100% vested in employer discretionary matching contributions after 5 years of continuous service. Forfeited non-vested accounts were $655 at December 31, 2015. There were no forfeited non-vested accounts at December 31, 2014. These accounts will first be used to reduce future employer contributions. The remaining forfeitures are used to pay administrative expenses. Accordingly, $302 of forfeited non-vested accounts were used to pay administrative expenses for the year ended December 31, 2015.

Participant accounts - Individual accounts are maintained for each of the Plan's participants to reflect the participant's contribution and any related employer matching contribution, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations are based on account balances as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options - Upon enrollment in the Plan, participants may direct contributions in any of the investment options offered by the Plan. Participants may change their investment options daily.

Payment of benefits - Upon termination of service due to retirement, death or disability, a participant (or participant's beneficiary in the event of death) shall receive a lump-sum distribution equal to the participant's account balance. Upon termination of service due to other reasons, a participant or beneficiary may receive all or part of their vested account balance paid at any time. If the value of a terminated participant's vested interest is $1,000 or less, the participant's account value will be automatically distributed to the participant in a lump-sum amount. Once a participant reaches age 70½ a required minimum distribution is made.

Hardship withdrawals - A participant may apply for a hardship withdrawal to assist in the payment of several types of personal hardships as defined by the plan document. Any hardship distribution is limited to the amount necessary to meet the financial need. Such withdrawals will suspend the participant's right to make elective deferrals to the Plan for six months.

Plan termination - Although it has not expressed any intent to do so, the Company has the right, under the Plan agreement, to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

Note 2 - Summary of accounting policies

Method of accounting - The accounting records and financial statements of the Plan are prepared on the accrual method of accounting.

Accounting change - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. The ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. Early adoption is permitted for all entities. Management adopted the provisions of this ASU effective 2015, with retroactive application. The Plan has investments in common collective trust funds, which the ASU impacts. See investment valuation and income recognition below.

In July 2015, the Financial Accounting Standards Board issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type;

however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to adopt Part II early. This is reflected in the statements of net assets available for benefits, Notes 4 and 5 to the financial statements and the prior year financial statements have been updated to reflect the early adoption of Part II.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of the Plan's income and expenses during the reporting period. Actual results could differ from these estimates.

Risks and uncertainties - The Plan provides for various investment options in any combination of mutual funds, common collective trust funds and other investments. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment valuation and income recognition - Investments are stated at fair market value (see Note 5) with the exception of common collective trust funds, which are valued at net asset value as a practical expedient as reported by the sponsor of the fund, see below. All investment values have been determined and certified by Chemung Canal Trust Company, the Trustee of the Plan (see Note 4). Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statements of changes in net assets the net appreciation (depreciation) in investments, which consists of the realized gains or losses and the unrealized gains or losses on those investments, including interest and dividends on investment funds.

The common collective trust funds of Chemung Canal Trust Company are funds that are made up of various investment and security-backed contracts, which are mainly publicly traded securities. Common collective trust funds are valued at net asset value (NAV), which serves as a practical expedient to estimate its fair value. The NAV of each common collective trust fund is not publicly quoted in the active markets and is based on the fair value of the underlying investments held by the funds less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no redemption restrictions or unfunded commitments as of December 31, 2015 or 2014. As explained above, the Plan has elected to early

adopt the provisions of ASU 2015-07, therefore investments measured at NAV per share used as a practical expedient are not required to be classified in the fair value hierarchy presented in Note 5.

Economic dependency and concentration of credit risk - Approximately 41%, 23% and 21% of the Plan's investments were held and administered by The Vanguard Group, T. Rowe Price and Dodge & Cox at December 31, 2015, respectively. Approximately, 45%, 20% and 22% of the Plan's investments were held and administered by The Vanguard Group, T. Rowe Price and Dodge & Cox at December 31, 2014, respectively. Accordingly, the Plan is dependent upon the financial condition of these companies.

Administrative expenses - Administrative costs, including legal and accounting costs, are the obligation of the Plan; however, the plan sponsor may pay for such expenses or reimburse the Plan for any payment of these expenses. Costs of managing the investments and of maintaining participant accounts are paid directly out of the plan assets (see Note 6).

Payment of benefits - Benefits are recorded when paid.

Subsequent events - Effective January 1, 2016, the Plan was restated to comply with provisions of the Pension Protection Act of 2006. Management has evaluated subsequent events through September 30, 2016, the date which the financial statements were available for issue.

Note 3 - Tax status of the Plan

Effective January 1, 2011, the Company adopted Chemung Canal Trust Company's Prototype Defined Contribution Basic Plan Document #01. The Internal Revenue Service has ruled that the prototype plan of Chemung Canal Trust Company is acceptable under Section 401(a) of the Internal Revenue Code. The management of the plan sponsor and the plan administrator are not aware of any matters that would disqualify the Plan. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the year ended December 31, 2015. The Plan is no longer subject to regulatory examinations by tax authorities for the closed tax years before 2012.

Note 4 - Information certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosure under ERISA. Accordingly, Chemung Canal Trust Company, the Plan's Trustee, has certified that the investments and investment income included in the accompanying financial statements as of December 31, 2015 and 2014, and for the year ended December 31, 2015, and supplemental schedule as of December 31, 2015, are complete and accurate. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5- Fair value measurements

The FASB's authoritative guidance on fair value measurements provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that a plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies, (i.e. Mutual Funds) - Valued at the closing price reported on the active market on which the individual security is traded (Level 1).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 722,834	$ -	$ -	$ 722,834

	December 31, 2014			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 680,688	$ -	$ -	$ 680,688

Note 6 - Related party transactions

Certain plan investments are managed by Chemung Canal Trust Company. Chemung Canal Trust Company is the Trustee of the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Investment fees paid by the Plan for investment management services were included in the net depreciation in investments on the accompanying statement of changes in net assets available for benefits. In addition, Chemung Canal Trust Company provides third party administrative services to the Plan. Fees paid by the Plan for these services were $2,254 for the year ended December 31, 2015.
