Report on the Financial Statements

We were engaged to audit the accompanying financial statements of THE CENTECH GROUP, Inc. Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company (John Hancock) and Fidelity Management Trust Company (Fidelity), the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from John Hancock as of December 31, 2015 and for the year then ended, and from Fidelity as of December 31, 2014, that the information provided to the Plan Administrator by custodians is complete and accurate.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule (Schedule H, Line 4i - Schedule of Assets (Held at End of Year)) as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of THE CENTECH GROUP, Inc. (the Company) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company, except for leased employees. The Plan is subject to the provisions of ERISA. The Company's management is responsible for oversight of the Plan. The Company's management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustees.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, excluding bonuses, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). During the year ended December 31, 2015, participants made rollover contributions of $184,383 to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company made discretionary matching contributes of 100% of the first 3% of eligible compensation and 50% of employee contributions over 3% up to a maximum of 6% of each employee's annual compensation that a participant contributes to the Plan. During the year ended December 31, 2015, the Company made discretionary matching contributions of $369,095 to the Plan. The Plan also provides for discretionary profit-sharing contributions, as determined by the Board of Directors of the Company. During the year ended December 31, 2015, the Company did not make a profit sharing contribution to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, including amounts rolled over from other qualified plans, and the Company's matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. A participant is 100% vested after three years of credited service or in the event of retirement, death, or total and permanent disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to (i) the lesser of $50,000 reduced by the highest outstanding balance of any prior loans from the plan during the prior one-year period, or (ii) 50% of their vested account balance. Participants may only have two loans outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at rates currently at 4.50%, which are set at 1% above the prime rate on the date the loan is made, as defined. Principal and interest are paid ratably through semi-monthly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or any other reason, a participant or beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or a portion of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited accounts totaled $185,450 and $265,949, respectively. Forfeited accounts are utilized first to reduce Plan expenses and second to reduce employer contributions. Forfeitures of $136,389 were used to reduce Plan expenses and employer contributions during the year ended December 31, 2015.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The accompanying statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance. See Note 5 for additional information related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Accounting Pronouncements Not Yet Adopted

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied

retrospectively. Management has elected to adopt Parts I and II early. The Plan's management is currently evaluating the impact on the Plan's financial statement.

In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value (NAV) per share practical expedient under ASC 820. ASU 2015-07 is effective for fiscal year-ends beginning after December 15, 2016 with early adoption permitted. The amendment should be applied retrospectively to all periods presented. The Plan's management is currently evaluating the impact on the Plan's financial statement.

3. Investments

The following table presents investments that represent 5% or more of the Plan's net assets available for benefits:

December 31,	2015	2014
T. Rowe Price Retirement 2030	$ 4,019,288	$ *

* Investment balance is less than 5% of the Plan's net assets.

During 2015, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $222,375.

4. Information Certified by the Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (John Hancock) has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the year ended December 31, 2015. Fidelity Management Trust Company (Fidelity) has certified that the following data included in the accompanying financial statements is complete and accurate as of December 31, 2014.

December 31,	2015	2014
Investments at fair value:		
Mutual funds	$ 18,244,503	$ 19,778,222
Money market fund	-	658,312
Collective trust fund	338,121	674,738
Cash	185,979	-
Notes receivable from participants	198,390	232,821

Year ended December 31, 2015	
Investment income:	
Net appreciation in fair value of mutual funds	$ 222,375
Interest income on notes receivable from participants	$ 10,073

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: The Plan's investments in money market funds are valued at the NAV of shares held by the Plan at year end based upon quoted market prices.

Collective trust fund: Valued based on the NAV of units of the collective trust held by the Plan at year end. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015

(a) The collective trust fund is comprised of a stable value fund with the objective to preserve capital and provide a competitive level of income over time that is consistent with the preservation of capital. The portfolio invests typically in U.S. government agency securities, asset-backed securities, mortgage-backed securities, and fixed-income funds. The fund enters into "wrap" contracts issued by third-parties and invests in cash equivalents represented by shares in money market funds. The Plan's investments in the collective trust does not have unfunded commitments or redemption restrictions. There is no redemption notice period for the participant direct withdrawals. However, in certain circumstances as defined in the trust document, there may be a redemption period of 1 year.

6. Related Party Transactions and Party-in-Interest Transactions

Certain investments held by the Plan are shares of investments managed by John Hancock (2015) and Fidelity (2014). John Hancock and Fidelity are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment.

7. Income Tax Status

The Plan adopted a prototype plan sponsored by Fidelity. The prototype plan has received an opinion letter from the IRS, dated March 31, 2008, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions on behalf of the employees at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	$ 18,966,339	$ 21,332,325
Adjustment from contract value to fair value for fully benefit-responsive collective trust	654	11,768
Net assets available for benefits per the Form 5500	$ 18,966,993	$ 21,344,093

The following is a reconciliation of investment income per the financial statements for the year ended December 31, 2015 to Form 5500:

Total investment income per the financial statements	$ 222,375
Net adjustment from contact value to fair value	(11,767)
Total investment income per the Form 5500	$ 210,608

11. Subsequent Events

The Plan Administrator has evaluated subsequent events through September 30, 2016, the date the financial statements were to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of THE CENTECH GROUP, Inc. Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company (John Hancock) and Fidelity Management Trust Company (Fidelity), the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from John Hancock as of December 31, 2015 and for the year then ended, and from Fidelity as of December 31, 2014, that the information provided to the Plan Administrator by custodians is complete and accurate.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule (Schedule H, Line 4i - Schedule of Assets (Held at End of Year)) as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of THE CENTECH GROUP, Inc. (the Company) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company, except for leased employees. The Plan is subject to the provisions of ERISA. The Company's management is responsible for oversight of the Plan. The Company's management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustees.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, excluding bonuses, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). During the year ended December 31, 2015, participants made rollover contributions of $184,383 to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company made discretionary matching contributes of 100% of the first 3% of eligible compensation and 50% of employee contributions over 3% up to a maximum of 6% of each employee's annual compensation that a participant contributes to the Plan. During the year ended December 31, 2015, the Company made discretionary matching contributions of $369,095 to the Plan. The Plan also provides for discretionary profit-sharing contributions, as determined by the Board of Directors of the Company. During the year ended December 31, 2015, the Company did not make a profit sharing contribution to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, including amounts rolled over from other qualified plans, and the Company's matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service. A participant is 100% vested after three years of credited service or in the event of retirement, death, or total and permanent disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to (i) the lesser of $50,000 reduced by the highest outstanding balance of any prior loans from the plan during the prior one-year period, or (ii) 50% of their vested account balance. Participants may only have two loans outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at rates currently at 4.50%, which are set at 1% above the prime rate on the date the loan is made, as defined. Principal and interest are paid ratably through semi-monthly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or any other reason, a participant or beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or a portion of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited accounts totaled $185,450 and $265,949, respectively. Forfeited accounts are utilized first to reduce Plan expenses and second to reduce employer contributions. Forfeitures of $136,389 were used to reduce Plan expenses and employer contributions during the year ended December 31, 2015.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The accompanying statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance. See Note 5 for additional information related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Accounting Pronouncements Not Yet Adopted

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied

retrospectively. Management has elected to adopt Parts I and II early. The Plan's management is currently evaluating the impact on the Plan's financial statement.

In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value (NAV) per share practical expedient under ASC 820. ASU 2015-07 is effective for fiscal year-ends beginning after December 15, 2016 with early adoption permitted. The amendment should be applied retrospectively to all periods presented. The Plan's management is currently evaluating the impact on the Plan's financial statement.

3. Investments

The following table presents investments that represent 5% or more of the Plan's net assets available for benefits:

* Investment balance is less than 5% of the Plan's net assets.

During 2015, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $222,375.

4. Information Certified by the Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (John Hancock) has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the year ended December 31, 2015. Fidelity Management Trust Company (Fidelity) has certified that the following data included in the accompanying financial statements is complete and accurate as of December 31, 2014.

December 31,	2015	2014
Investments at fair value:		
Mutual funds	$ 18,244,503	$ 19,778,222
Money market fund	-	658,312
Collective trust fund	338,121	674,738
Cash	185,979	-
Notes receivable from participants	198,390	232,821

Year ended December 31, 2015	
Investment income:	
Net appreciation in fair value of mutual funds	$ 222,375
Interest income on notes receivable from participants	$ 10,073

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: The Plan's investments in money market funds are valued at the NAV of shares held by the Plan at year end based upon quoted market prices.

Collective trust fund: Valued based on the NAV of units of the collective trust held by the Plan at year end. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Assets Measured At Fair Value	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3

Total assets at fair value	$ 21,111,272	$ 20,436,534	$ 674,738	$ -

(a) The collective trust fund is comprised of a stable value fund with the objective to preserve capital and provide a competitive level of income over time that is consistent with the preservation of capital. The portfolio invests typically in U.S. government agency securities, asset-backed securities, mortgage-backed securities, and fixed-income funds. The fund enters into "wrap" contracts issued by third-parties and invests in cash equivalents represented by shares in money market funds. The Plan's investments in the collective trust does not have unfunded commitments or redemption restrictions. There is no redemption notice period for the participant direct withdrawals. However, in certain circumstances as defined in the trust document, there may be a redemption period of 1 year.

6. Related Party Transactions and Party-in-Interest Transactions

Certain investments held by the Plan are shares of investments managed by John Hancock (2015) and Fidelity (2014). John Hancock and Fidelity are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment.

7. Income Tax Status

The Plan adopted a prototype plan sponsored by Fidelity. The prototype plan has received an opinion letter from the IRS, dated March 31, 2008, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions on behalf of the employees at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to Form 5500:
