Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 3*, which was certified by State Street Bank & Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate to the best of their knowledge.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matters

As discussed in *Note 1* to the financial statements, in 2015 the Plan was amended to terminate effective November 1, 2015. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing modified cash basis used in 2014 financial statements to the liquidation basis used in presenting the 2015 financial statements, as discussed in *Note 2*. The change had no effect on net assets available for benefits. Our opinion is not modified with respect to this matter.

We draw attention to *Note 2* of the financial statements, which describes the basis of accounting. The 2014 financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The 2015 financial statements are prepared on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

As discussed in *Note 4* to the financial statements, in 2015 the Plan adopted new accounting guidance for fully benefit-responsive investment contracts. Our opinion is not modified with respect to this matter.

Supplementary Information

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

Notes to Financial Statements

Note 1: Description of the Plan

The following description of Blackstone Healthcare 401(K) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions, which is available from the plan administrator.

General

The Plan is a defined contribution plan sponsored by S&B Healthcare, LLC (Company) for the benefit of its employees who have at least one year of service and are age 21 or older, excluding employees covered by any collective bargaining agreement. Related employers who also participant in the Plan include Blackstone Healthcare, Inc. and Blackstone Group, LLC. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). State Street Bank & Trust Company serves as the trustee of the Plan. ADP, LLC is the plan record keeper.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. However, no such action may deprive any beneficiary under the Plan of any vested right. The Board of Managers of the Company adopted a resolution to legally terminate the Plan effective November 1, 2015, in anticipation of the Company and the participating employers being sold to an unaffiliated company. Effective November 1, 2015, participants became 100% vested in all of their employer non-elective contributions. In addition, the Board of Managers of the Company resolved that all Plan operational errors shall be corrected through the IRS Employee Plans Compliance Resolution Program prior to any distributions resulting from termination of the Plan. Voluntary corrective contributions are being calculated and were contributed subsequent to year end. The finalization of the corrective contributions has not occurred as of the date that the financial statements were available to be issued. The assets of the Plan will be used to settle the obligations directly with the participants according to legal requirements and full liquidation of the Plan is expected to occur during 2017. The Plan has not filed an application with the Internal Revenue Service (IRS) for approval.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 86% of eligible compensation or the maximum allowed by the Internal Revenue Code. Employee rollovers from other qualified retirement plans and Roth contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company makes matching contributions equal to 100% of employees' salary deferral amounts on the first 4% of employees' compensation. The Company may make a discretionary nonelective contribution as determined by the Company's Board of Directors. There were no discretionary nonelective contributions made for the years ended December 31, 2015 and 2014. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and employer matching contributions plus earnings thereon. Effective August 1, 2015, the plan document was amended to allow 100% immediate vesting in the Company's nonelective contribution.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant. Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence which may not exceed 30 years) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on the prime rate as published in the Wall Street Journal on the 14th of each month plus 2%.

Payment of Benefits

Participants or their beneficiaries are entitled to receive 100% of their contributions and related earnings and vested company contributions and related earnings, upon normal retirement, termination, death, or disability. The Plan allows for withdrawals related to financial hardship based upon criteria determined by the Plan.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying 2015 financial statements are prepared on the liquidation basis of accounting.

The accompanying financial statements for 2014 are prepared on the modified cash basis of accounting. In 2014, the statement of changes in net assets available for plan benefits reflects only cash received and disbursed and changes in the fair values of investments. Therefore, certain receivables, payables and accrued income and expenses which may be material are not reflected in the accompanying financial statements. The statements are not intended to present financial position or changes in net assets available for benefits in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The Plan's interest in the collective trusts is valued based on information reported by the investment advisor using the audited financial statements of the collective trusts at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

December 31, 2015 (in Liquidation) and 2014 (Ongoing Modified Cash Basis)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank & Trust Company, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate to the best of their knowledge:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year end) as of December 31, 2015.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Changes in Accounting Principle

In 2015, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures*. The accounting policy change provided for in ASU 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively for all periods presented.

Also in 2015, the Plan changed its method of accounting for fully benefit-responsive investment contracts by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 962 and 965): Part I: Fully Benefit-Responsive Investment Contracts*. The accounting provided for in ASU 2015-12 allows plans to measure, present and disclose fully benefit-responsive investment contracts at contract value. The effect of the adoption of the ASU is to eliminate the requirement to measure fair value of the fully benefit-responsive contract and to present the reconciliation from fair value to contract value on the statement of net assets. The guidance in ASU 2015-12 also

Blackstone Healthcare 401(K) Plan

Notes to Financial Statements

December 31, 2015 (in Liquidation) and 2014 (Ongoing Modified Cash Basis)

clarifies that indirect investments in fully benefit-responsive contracts (FBRICs) should not be reflected as FBRICs and, therefore, should be reported at fair value. Concurrent with the Plan's adoption of ASU 2015-12, the statements of net assets available for benefits for all periods presented no longer reflect the stable asset common collective trust fund as a FBRIC and as such the investment is now measured at fair value without an adjustment to contract value. These changes were applied retrospectively for all periods presented. The following financial statement line items for fiscal year 2014 were affected by the change in accounting principle.

	As Originally Reported	As Adjusted	Effect of Change
Statement of Changes in Net Assets			
Available for Benefits			
Net depreciation			
in fair value of investments	\$ (44,885)	\$ (42,450)	\$ 2,435
Net investment income	157,553	159,988	2,435
Total additions	924,349	926,784	2,435
Net increase	737,230	739,665	2,435
Net assets available for benefits, beginning of year	2,593,806	2,595,300	1,494
Statement of Net Assets Available for Benefits			
Net assets available for benefits	3,331,036	3,334,965	3,929

Note 5: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are common collective trusts managed by State Street Global Advisors, which is the custodian to the Plan.

The Plan paid \$3,575 and \$2,925 of recordkeeping fees to ADP, LLC during 2015 and 2014, respectively.

Certain legal and accounting fees and certain other administrative expenses relating to the maintenance of employee eligibility records are paid by the plan sponsor.

Note 6: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2015 and 2014:

2015				
Fair Value Measurements Using				
Fair Value	Level 1	Level 2	Level 3	
Mutual funds	\$ 3,000,118	\$ -	\$ -	
Common collective trusts	921,384	921,384	-	
	<u>\$ 3,921,502</u>	<u>\$ 3,000,118</u>	<u>\$ 921,384</u>	<u>\$ -</u>

Blackstone Healthcare 401(K) Plan

Notes to Financial Statements

December 31, 2015 (in Liquidation) and 2014 (Ongoing Modified Cash Basis)

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2015. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics. Such securities are classified in Level 2 of the valuation hierarchy. Level 2 securities include common collective trusts valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

The value of the common collective trusts, classified as alternative investments, is determined using net asset value (or its equivalent) as a practical expedient. These investments may be redeemed on a daily basis and there are no unfunded commitments. Investments for which the Plan expects to have the ability to redeem its investments with the investee within 12 months after the reporting date are categorized as Level 2. Investments for which the Plan does not expect to be able to redeem its investments with the investee within 12 months after the reporting date are categorized as Level 3.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

Note 8: Tax Status

The Plan operates under a standardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by ADP, LLC. This prototype plan document has been filed with the appropriate agency and has obtained a determination letter from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax exempt as of the financial statement date.

Note 9: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
