INDEPENDENT AUDITORS' REPORT

To the Libbey Inc. Employee Benefits Committee and the
Libbey Inc. Supplemental Retirement Plan
Toledo, OH

We have audited the accompanying financial statements of the Libbey Inc. Supplemental Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Libbey Inc. Supplemental Retirement Plan as of December 31, 2015, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Schedules

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2015 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure

under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such schedule has been subjected to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such schedule directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, such schedule is fairly stated in all material respects in relation to the financial statements as a whole.

Predecessor Auditors' Opinion on 2014 Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by other auditors whose report, dated June 11, 2015, expressed an unmodified opinion on those statements and included an other matter paragraph that described the audit procedures applied to the supplemental schedule of assets (held at end of year).

Libbey Inc. Supplemental Retirement Plan

Notes to Financial Statements

December 31, 2015

1. Description of Plan

General

The Libbey Inc. Supplemental Retirement Plan (the Plan) was adopted by Libbey Inc. (the Company) for the benefit of eligible union hourly employees. The Plan was amended and restated on January 28, 2013 and effective on January 1, 2013.

The Plan is a defined contribution plan that provides eligible employees, upon completion of a probationary period, the opportunity to make pretax and/or after-tax contributions, in specific percentages, within guidelines established by the Libbey Inc. Employee Benefits Committee (the Committee). The Plan is administered by the Committee, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Participant contributions are limited to 25% of the eligible compensation for Libbey Glass Union employees and are immediately 100% vested. Contributions are allocated at the participant's discretion among the various investment options from 1% to 100%, with no limit on the number of options selected. A participant may elect to change the percentage of annual compensation to be contributed, and any such changes shall be effective as soon as administratively feasible.

The Company contributes to the Plan on behalf of each participant an amount equal to 50% on the first 6% of the participant's pretax contributions not to exceed 3% of the participant's eligible compensation as determined by the union agreement. Company matching contributions are allocated to investments based on the participant's deferral elections. Company matching contributions are immediately 100% vested.

Within certain limitations of the Internal Revenue Code (IRC), a participant may also transfer into the Plan a rollover contribution from another qualified plan.

Participants may transfer existing fund balances among the various investment funds daily.

The above information is intended as a general description of the Plan's operating guidelines. Reference should be made to the plan document for more specific provisions, including benefit payments.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to contract negotiations and the provisions of ERISA. Upon termination, the entire interest of each participant's account is distributed to the participants.

Assets in Trust

Through May 31, 2015, all of the assets of the Plan were held by the Trustee, JP Morgan Chase Bank, N.A. (JP Morgan). On June 1, 2015, Great-West Trust Company, LLC became the Plan's Trustee, with JP Morgan becoming the sub-custodian. This change occurred as a result of Great-West Financial acquiring the JP Morgan Retirement Plan Services large-market record keeping business late in 2014. Great-West Financial Retirement Plan Services branded the record keeping business as Empower Retirement, and the Plan utilizes these record keeping services.

Investments

Participants may direct the investment of their contribution, the Company's matching contribution and their account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily, within certain limitations. The Plan offers over 20 different mutual funds across several asset categories including US and International equities and fixed income funds, through nine registered investment companies, and Company stock.

Distributions of Benefits

Distribution of vested benefits may be made upon the occurrence of any one of the following:

- In-service withdrawal on or after attainment of age 59-1/2;
- Total and permanent disability, as defined in the Plan, of the participant;
- Death of the participant;
- Termination of employment; or
- Financial hardship that complies with IRS regulations.

Benefits due upon death are generally paid in a lump sum or installments. Death benefits are based on amounts in the participants' accounts. Benefits due upon termination, withdrawal, or disability are paid in a lump sum or installments, as applicable, and are based on vested amounts in the participants' accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions and their respective share of investment fund earnings (losses) and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the value of the participant's account.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Payment of Benefits

Benefit payments to participants are recorded when paid. There were no participants, who elected to withdraw from the Plan, but had not yet been paid at December 31, 2015.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

The JP Morgan Stable Asset Income Fund invests in fully benefit-responsive investment contracts. Investment contracts held by a defined contribution plan are required to be reported at fair value; however, contract value is the relevant measurement attribute for that portion of the net assets available for benefits that is attributable to fully benefit-responsive investment contracts. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Company Stock

At December 31, 2015 and 2014, the Plan held $8,095,213 and $13,241,332, respectively, of Libbey Inc. common stock which represented approximately 16% and 22%, respectively, of net assets available for benefits. Dividends paid or deemed paid constitute applicable dividends per the IRC. During the year ended December 31, 2015, the Plan received dividend income of $173,283 from Libbey Inc.

Each participant is entitled to exercise voting rights attributable to the shares allocated to their account and is notified by the Company prior to the time that such rights may be exercised. The Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant. The Trustee votes any unallocated shares in the same proportion as those shares that were allocated, unless the Committee directs the Trustee otherwise. Participants have the same voting rights in the event of a tender or exchange offer.

Beginning July 1, 2016, the Company is implementing a 20% limit on investments in Libbey Inc. common stock to ensure portfolio diversity. Any contribution amount over 20% will be redirected to the Plan's default fund, the JP Morgan SmartRetirement target date funds, based on the participant's age. A maximum of 20% of each participant's account balance can be invested in Company stock. The participant will be unable to transfer additional investments into the stock fund if Libbey Inc. stock is more than 20% of the participant's account balance, or would be more than 20% as a result of the transfer. In addition, there will be a 20% cap on future contributions to purchase Company stock. At implementation on July 1, 2016, participants will not be required to sell any shares of Libbey Inc. common stock greater than 20% of their account balance.

Plan Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014 . If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Transfers

Along with the Plan, the Company sponsors a defined contribution plan for salary and non-union hourly employees. If employees change their status during the year, their account balances are transfered into the Libbey Inc. Retirement Savings Plan.

Excess Contributions Payable

The Plan is required to re-characterize or return contributions received during the Plan year in excess of the IRC limits.

New Accounting Standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement.* Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. We are currently assessing the impact that this standard will have on our financial statements.

In July 2015, the FASB issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)* (ASU 2015-12). The amendments in Part I of ASU 2015-12 eliminated the requirements that employee benefit plans measure the fair value of fully benefit–responsive investment contracts and provide the related fair value disclosures, rather these contracts will be measured and disclosed only at contract value. The amendments in Part II of ASU 2015-12 will require plans to disaggregate their investments measured using fair value only by general type, either on the financial statements or in the notes. Part II also eliminated the requirement to disclose the net appreciation (depreciation) in fair value of investments by general type and the requirements to disclose individual investments that represent 5% or more of net assets available for benefits. The amendments in Part III of ASU 2015-12 provide a practical expedient to permit plans to measure its investments and investment related accounts as of a month-end date closest to its fiscal year for a plan with a fiscal year end that does not coincide with the end of a calendar month. The amendments in ASU 2015-12 are effective for reporting periods beginning after December 15, 2015, with early adoption permitted. We are currently assessing the impact that this standard will have on our financial statements.

3. Fair Value Measurements

In accordance with ASC 820, *Fair Value Measurement,* assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- Level 1 — Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.
- Level 2 — Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 — Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management’s judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan:

- *Registered investment companies:* Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end.
- *Common stock:* Valued at the closing price reported in the active market in which the individual securities are traded.
- *Common collective trusts:* Valued at the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, divided by the number of units outstanding.

There have been no changes in the methodologies used at December 31, 2015 and 2014. For the year ended December 31, 2015, there were no transfers between levels.

Investments Measured at Fair Value on a Recurring Basis

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2015 and 2014 (Level 1, 2, and 3 inputs are defined above):

	Fair Value Measurements Using Input Type December 31, 2015			
	Level 1	Level 2	Level 3	Total
Investments:				
Registered investment companies:				
US equity funds	$ 16,502,264	$ —	$ —	$ 16,502,264

Common collective trusts (a)	—	10,204,381	—	10,204,381
Total investments measured at fair value	$ 37,645,640	$ 10,204,381	$ —	$ 47,850,021

	Fair Value Measurements Using Input Type December 31, 2014			
	Level 1	Level 2	Level 3	Total
Investments:				
Registered investment companies:				
US equity funds	$ 18,041,630	$ —	$ —	$ 18,041,630
International equity	5,648,121	—	—	5,648,121
Fixed income	8,098,215	—	—	8,098,215
Libbey Inc. common stock	13,241,332	—	—	13,241,332
Common collective trusts (a)	—	11,198,536	—	11,198,536
Total investments measured at fair value	$ 45,029,298	$ 11,198,536	$ —	$ 56,227,834

(a) Represents investments in common collective trusts. One of the trusts invests in high quality fixed income portfolios combined with investment contracts called “benefit responsive wraps” issued by other insurance companies. The investment strategy for this trust is to provide current income while preserving principal, providing liquidity and stable net asset value. The other common collective trust's investment strategy is to provide investment results that correspond to the total return performance of publicly-traded common stocks in the aggregate, as represented by the Standard & Poor's 500 Index. There are no unfunded commitments at December 31, 2015 for either trust. The Plan may terminate its interest in the Blackrock Equity Index Fund at any time. The Plan may terminate its interest in the JP Morgan Stable Asset Income Fund at any time as long as the funds will not be invested in an investment option determined by JPMorgan Chase Bank, N.A. to be a competing fund. Complete or partial withdrawals must be given in writing not less than 30 days prior to the valuation date, upon which the withdrawal is to be effected, and such withdrawals shall be paid at the lesser of book or market value, as determined by the fund (see Note 2). The fair value of the common collective trusts have been determined based on the fair value of the underlying investments of the fund as of measurement date. As previously discussed in Note 2, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

4. Investments

Investments whose fair value represents 5% or more of the fair value of the Plan's net assets are as follows:

	December 31,	
	2015	2014
Libbey Inc. common stock	$ 8,095,213	$ 13,241,332
JP Morgan Stable Asset Income Fund (at fair value)*	5,946,310	7,078,028
Dodge & Cox Stock Fund	4,139,913	4,857,442
Harbor Capital Appreciation Fund	4,130,926	4,203,262
BlackRock Equity Index Fund	4,258,071	4,120,508
Harbor International Fund	2,994,881	3,431,576
JP Morgan 100% U.S. Treasury Money Market Fund	2,729,641	3,211,288
Vanguard FTSE All-World ex-U.S. Index	2,566,290	**

* The contract value of the Plan's investment in the JP Morgan Stable Asset Income Fund was $5,950,562 and $7,032,631 at December 31, 2015 and 2014, respectively.

**Less than 5% of fair value of the Plan's net assets.

During the year ended December 31, 2015 , the Plan's investments (including investments bought, sold, as well as held during the year) depreciated in fair value as follows:

Registered investment companies	$ (1,391,902)
Common collective trusts	143,199
Libbey Inc. common stock	(3,556,107)
Net depreciation in fair value of investments	$ (4,804,810)

5. Notes Receivable from Participants

The Plan permits participants to borrow up to a maximum of $50,000, or 50%, of their investment balance once their investment balance reaches $1,000. Loans are made subject to certain conditions and limitations specified in the plan document and are repaid in weekly installments, including interest, over periods of between one to five years or up to 10 years for the purchase of a primary residence. A participant is entitled to a maximum of two loans; however, the loans must be initiated 12 months apart. Participant loans are collateralized by their account balances. The rate at which loans bear interest is established at the inception of the borrowing, based on the prime rate then being charged by the Trustee plus 1%. Repayments of loans, including the interest portion thereof, are reinvested on the participants' behalf in accordance with their current choice of investment options. If a participant terminates employment from the Company, the participant must make arrangements with the record keeper to pay off the loan, otherwise it will be treated as a distribution to the participant after 90 days.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated February 28, 2014, stating that the Plan is qualified under Section 401(a) of the IRC and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of

December 31, 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

7. Related-Party Transactions

As described in Note 2, the Plan invests in Libbey Inc. common stock. In addition, certain plan investments are shares of mutual funds managed by the former Trustee and shares of mutual funds managed by Harbor Capital Advisors, the investment advisors of various defined benefit pension plans of the Company. The investments in Libbey Inc. common stock and mutual funds managed by the former Trustee and Harbor Capital Advisors qualify as party-in-interest transactions. There have been no known prohibited transactions with a party-in-interest.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation Between Financial Statements and Form 5500

The accompanying financial statements present fully benefit-responsive contracts at contract value. The Form 5500 requires fully benefit-responsive investment contracts to be reported at fair value. Therefore, the adjustment from fair value to contract value for fully benefit-responsive investment contracts represents a reconciling item.

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 is as follows:

	December 31,	
	2015	**2014**
Net assets available for benefits per the financial statements	$ 50,847,107	$ 59,273,205
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	(4,252)	45,397
Net assets available for benefits per the Form 5500	$ 50,842,855	$ 59,318,602

The following is a reconciliation of the decrease in net assets available for benefits prior to transfer per the financial statements to the Form 5500 for the year ended December 31, 2015:

Net decrease in net assets available for benefits prior to transfer per the financial statements	$ (8,341,013)
Adjustments from fair value to contract value for fully benefit-responsive investment contracts	(49,649)
Total net loss per the Form 5500	$ (8,390,662)
