NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Pathology Associates 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General – The Plan is a single employer profit-sharing plan established January 1, 1989, and amended January 1, 2013 for the benefit of the employees of Pathology Associates (the Company). The plan sponsor is the Company. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Employees of the Company who have attained age twenty-one (21) and completed twelve (12) months of service in which the employee works at least 1,000 hours, are eligible to participate in the salary deferral portion of the Plan. Eligible employees may elect to participate in the Plan on the first day of the Plan quarter following his or her first date of eligibility.

Contributions

Participant contributions - Each year, participants may contribute pretax compensation up to the maximum annual deferral limit as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match and profit sharing contributions - The Company may make matching contributions equal to a discretionary percentage of the participant's salary deferral in an amount to be determined by the Company's board of directors each year. Additional profit sharing amounts may be contributed at the option of the Company's board of directors subject to certain limitations. During the year ended December 31, 2015, the Company made matching and profit sharing contributions in the amount of $743,741. Participants direct the investment of all contributions into various investment options offered by the Plan.

Additionally, under the Company's safe harbor matching provision, the Company makes non-discretionary contributions to the Plan equal to 3% of participants' eligible wages. The safe harbor contribution for the year ended December 31, 2015 was $265,342.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and forfeitures and (b) Plan earnings and losses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Participants' investment options – Upon enrollment in the Plan, participants may direct employee contributions and the related matching contributions by the Company into one or more investment funds (currently thirty-two funds managed by Transamerica Life Insurance Company). Participants may change their investment options at any time through a manual form, the internet, or by telephone.

Payment of benefits – On termination of service due to death, disability or retirement, for benefits exceeding $5,000, the beneficiary may elect to have the benefit paid in a single lump-sum payment or installments over a period of not more than the assumed life expectancy of the beneficiary. Benefits payable that do not exceed $5,000 will be paid in a lump-sum amount. For distributions of $1,000 or less, the plan administrator may distribute the amount early without the participant's consent. At December 31, 2015 amounts allocated to participants who have elected to withdraw from the Plan but have not been paid was $0.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and can be used to reduce employer contributions. During the year ended December 31, 2015, forfeitures used to reduce employer contributions totaled $42,747. At December 31, 2015, there were no forfeited non-vested accounts.

Vesting – Participants are vested immediately in their contribution plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contribution based on the following schedule:

Years of Service	Amount
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or 50% of their vested balance. The loans are issued by the Plan and secured by the balance in the participant's account. Loan terms range from one to five years, or up to thirty years for the purchase of a primary residence. The loans must be adequately secured, bear interest at a fixed rate determined by the plan administrator, and are paid ratably through payroll deductions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Change in Accounting Principle

ASU 2015-07 – In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value (NAV) per Share (or its Equivalent). ASU 2015-07 has been adopted for the December 31, 2015 plan year end, however, the retrospective approach requires that an investment for which fair value is measured using a NAV practical expedient be removed from the fair value hierarchy in all periods presented in the financial statements. Accordingly, the fair value hierarchy disclosures are no longer required.

ASU 2015-12 – In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962) I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures. The amendments remove the requirement to:

- Report fully benefit-responsive guaranteed investment contracts at fair value. See Note 5.
- Disclose individual investments which exceed 5% of net assets for benefits.
- Disclose net appreciation in fair value of investments by type of investment held.
- Disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are form 5500 Direct Filing Entities.

ASU 2015-12 has been adopted for the December 31, 2015 plan year end, however, the retrospective approach requires that the above items, applicable to the prior year, be presented in accordance with ASU 2015-12 as well.

Investment valuation and income recognition – Investments are reported at fair value and contract value. The Plan's custodian, Transamerica Life Insurance Company, certifies the contract value of the guaranteed investment contract and the fair market value of all other investments. If available, quoted market prices are used to value investments. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because the contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and as of year-end.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Administrative expenses – Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Company absorbs the cost of the annual audit and various indirect administrative expenses. Certain other administrative expenses, primarily investment fees, are paid directly by the Plan to the custodian or third party administrator.

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company (Transamerica), the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets of benefits as of December 31, 2015 and 2014.
- Net appreciation (depreciation) in fair value of investments, dividends and interest reflected on the accompanying statement of changes in net assets for the year ended December 31, 2015.
- Investments on the schedule of assets (held at end of year).

NOTE 4 – FAIR VALUE MEASUREMENTS

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value (NAV) practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

NOTE 5 – FIXED ACCOUNT ANNUITY CONTRACT WITH TRANSAMERICA

The Plan has entered into a fully benefit-responsive guaranteed annuity contract (FBRIC) with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed annuity contract issuer is contractually obligated to repay the principal and a specified interest that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. There is no state minimum or maximum rate. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the guaranteed annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed annuity contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fund has the following restrictions:

- Transfers from this fund may not be made directly to a competing fund.
- Transfers from this fund will prevent transfers to a competing fund for 90 days.

Certain events limit the Plan's ability to transact at contract value with Transamerica. Such events include the following: (a) amendments to the Plan documents, (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Company or events that cause a significant withdrawal from the Plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA, or (e) premature termination of the contract. The custodian does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

NOTE 6 – INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan was amended with a pre-approved prototype plan document since receiving its determination letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan and related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants become 100% vested in the Company's contribution in the event of termination.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of the financial statements as of and for the year ended December 31, 2015 to Schedule H of Form 5500:

NOTE 10 – PARTY-IN INTEREST TRANSACTIONS

Plan investments include units of pooled separate accounts managed by Transamerica. Transamerica is the custodian of the Plan and, therefore, transactions with this entity qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services to Transamerica were $2,622 for the year ended December 31, 2015.

NOTE 11 – SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The date to which events occurring after December 31, 2015, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is October 10, 2016, which is the date on which the financial statements were available to be issued. There were no subsequent events required to be disclosed.

NOTE 12 – DELINQUENT CONTRIBUTIONS

As disclosed in the accompanying supplemental schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The Company has determined the amount of related lost earnings and has remitted these amounts to the participants' accounts during 2015.
