Albertelli Law 401 (k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE A - DESCRIPTION OF PLAN

The following description of Albertelli Law 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan, adopted on January 1, 2008 and amended as of January 21, 2011, is a defined contribution plan covering employees of James E. Albertelli, P.A., Albertelli Law Partners, LLC, Albertelli Law Partners Arizona, P.A., Albertelli Law Partners California, P.A., Albertelli Law Partners Texas, P.C., The Albertelli Firm, P.C., and Bright Line Title, LLC (collectively referred to as the "Company"). The Plan changed trustees to Fidelity Management Trust Company effective January 1, 2015 and adopted its Volume Submitter Defined Contribution Plan, a profit sharing/401(k) Plan. Eligible employees can make employee deferrals to the Plan immediately upon eligibility and may become eligible for employer contributions after completing one year of service with 1,000 hours during the eligibility computation period and have attained 18 years of age. Employer contributions may begin on the earliest semi-annual date (January 1, or July 1) following one year of service. Furthermore, the Plan is subject to the Provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

2. Contributions

Participants are permitted to make elective deferral contributions of their compensation, subject to the limits of the Internal Revenue Code. Participants are also permitted to make Roth deferrals.

The employer makes a safe harbor matching contribution of 100% of the first 1% of participant compensation contributed to the Plan plus a 50% of the next 5% of eligible participant compensation contributed to the Plan..

The employer also has the discretion to make an additional employer contribution on behalf of all eligible participants under the Plan or only to those who contributed to the Plan.

The Plan also has an automatic deferral feature. If participants do not specifically elect an alternative deferral amount (including zero), the employer will automatically withhold 3% of the employee's compensation.

3. Participant Accounts

Each participant in the Plan has a separate account which is credited with the annual allocation of (a) the Company's contributions, (b) the employee's elective deferrals and (c) the Plan's earnings or losses. Allocations are based on the prorated earnings of the participant compared to the total earnings of all participants in the same investment.

NOTE A - DESCRIPTION OF PLAN - Continued

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's safe harbor matching and matching contribution portion of their accounts, plus actual earnings or losses thereon is based on years of service.

A participant is vested in employer contributions as follows:

Years of Service	Employer Safe Harbor Contribution Vested Percentage	Nonelective and Matching Employer Contribution Vested Percentage
Less than 1	0%	0%
1	0%	25%
2	100%	50%
3	100%	75%
4	100%	100%

One hundred percent vesting occurs, regardless of the number of years of service, when a participant reaches normal retirement age (65), dies, becomes totally and permanently disabled, or upon termination of the Plan.

5. Payment of Benefits

Benefit payments are made in the form of a lump-sum distribution. Upon normal retirement of age 65, death, or becoming permanently disabled, Plan participants will be entitled to 100% of their account balance. If employment is terminated for any reason other than those previously mentioned, the participant will only be entitled to the vested portion of the employer contributions. However, participants are entitled to 100% of the account balance of any salary reduction or voluntary contribution made on their own behalf.

6. Forfeitures

Forfeited non-vested account balances are used to reduce employer contributions. The Plan had forfeitures from non-vested accounts totaling approximately $69,000 and $81,100 at December 31, 2015 and 2014, respectively.

7. Administrative Expenses

A significant portion of expenses related to the administration of the Plan are paid by the Company. Administrative expenses paid by the Plan approximated $13,000 and $38,000 for the years ended December 31, 2015 and 2014, respectively.

NOTE A - DESCRIPTION OF PLAN - Continued

8. Notes Receivable from Participants

Participants may borrow from their fund accounts with their employer approval, up to a maximum of $50,000 or 50% of the fair value of the participant's vested balance, whichever is less. The loans are secured by the balance in the participant's account. The loans bear interest at rates representative of local prevailing rates at the time the loan is made, as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. A break in service or nonpayment results in a deemed distribution in accordance with the plan documents. The Plan had notes receivable from participants of $61,275 and $22,322 from participants at December 31, 2015 and 2014, respectively.

9. Basis of Participant Contributions

Participants may elect to contribute to the Plan for any plan year during which they are participants, such amounts expressed either in dollars or in whole percentages of their compensation as they elect, but subject to Internal Revenue Service limitations.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows:

1. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein as well as the related disclosures. Actual results could differ from those estimates.

2. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

3. Investment Valuation and Income Recognition

Investments are stated at fair value as follows:

- Mutual funds are valued at the daily closing price as reported by the fund. These funds are required to provide their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

- Units of the insurance company general account are equal to contributions and transfers to the guaranteed interest accounts, plus interest, minus withdrawals, transfers out, and administrative fee deductions.

- Pooled separate accounts are valued at the net asset value of the specific pooled investments. Purchases and sales of securities are recorded on a trade-date basis.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents the net appreciation or depreciation in the fair value of its investments in the Statement of Changes in Net Assets Available for Benefits, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

4. Concentration of Credit Risk

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

5. Benefit Payments

Benefits are recorded when paid.

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE C - INVESTMENTS

The Plan's investments consist of interest bearing cash and mutual funds during 2015, and balances in insurance company general accounts and units of pooled separate accounts held by an insurance company administered trust fund during 2014.

The net appreciation (depreciation) in the fair value of investments, including realized gains and losses, was approximately ($227,766) and $160,400, for the years ended December 31, 2015 and 2014, respectively.

NOTE C - INVESTMENTS - Continued

The following investments represent 5% or more of the Plan's net assets at December 31,:

NOTE D - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement), unadjusted quoted prices in active markets for similar assets or liabilities (level 2 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2015 and 2014:

Mutual funds: Valued at the daily closing price as reported by the fund. These funds publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Guaranteed interest account: Valued at contributions and transfers to the guaranteed interest accounts, plus interest, minus withdrawals, transfers out and deducted administrative fees.

NOTE E - PARTICIPANT TERMINATIONS

Some Plan participants have withdrawn from the Plan, but have not had their vested balances paid to them by year end. These unpaid benefits approximated $902,000 and $979,000 at December 31, 2015 and 2014, respectively. However, there were no material balances related to participants who requested their benefits paid to them, but had not received their benefit distributions.

NOTE F - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE G - TAX STATUS

The trust established under the Plan to hold its assets is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service. The Plan has been amended since receiving the determination letter. The Plan sponsor believes that the Plan continues to qualify and to operate as designed. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE H - ADMINISTRATION OF PLAN ASSETS AND CERTIFICATION FROM TRUSTEES

The investments of the Plan were held and administered by Fidelity Management Trust Company for 2015 and AXA Equitable for 2014 (the “Trustees”). The Trustees have supplied the Plan administrator with certain information utilized in preparing the financial statements and supplemental schedules. The Plan administrator has obtained certifications from the applicable Trustees certifying that the information provided by the Trustee is complete and accurate. In accordance with 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has elected not to have this information audited by the Plan’s independent certified public accountants.

Albertelli Law 401 (k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE A - DESCRIPTION OF PLAN

The following description of Albertelli Law 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan, adopted on January 1, 2008 and amended as of January 21, 2011, is a defined contribution plan covering employees of James E. Albertelli, P.A., Albertelli Law Partners, LLC, Albertelli Law Partners Arizona, P.A., Albertelli Law Partners California, P.A., Albertelli Law Partners Texas, P.C., The Albertelli Firm, P.C., and Bright Line Title, LLC (collectively referred to as the "Company"). The Plan changed trustees to Fidelity Management Trust Company effective January 1, 2015 and adopted its Volume Submitter Defined Contribution Plan, a profit sharing/401(k) Plan. Eligible employees can make employee deferrals to the Plan immediately upon eligibility and may become eligible for employer contributions after completing one year of service with 1,000 hours during the eligibility computation period and have attained 18 years of age. Employer contributions may begin on the earliest semi-annual date (January 1, or July 1) following one year of service. Furthermore, the Plan is subject to the Provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

2. Contributions

Participants are permitted to make elective deferral contributions of their compensation, subject to the limits of the Internal Revenue Code. Participants are also permitted to make Roth deferrals.

The employer makes a safe harbor matching contribution of 100% of the first 1% of participant compensation contributed to the Plan plus a 50% of the next 5% of eligible participant compensation contributed to the Plan..

The employer also has the discretion to make an additional employer contribution on behalf of all eligible participants under the Plan or only to those who contributed to the Plan.

The Plan also has an automatic deferral feature. If participants do not specifically elect an alternative deferral amount (including zero), the employer will automatically withhold 3% of the employee's compensation.

3. Participant Accounts

Each participant in the Plan has a separate account which is credited with the annual allocation of (a) the Company's contributions, (b) the employee's elective deferrals and (c) the Plan's earnings or losses. Allocations are based on the prorated earnings of the participant compared to the total earnings of all participants in the same investment.

NOTE A - DESCRIPTION OF PLAN - Continued

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's safe harbor matching and matching contribution portion of their accounts, plus actual earnings or losses thereon is based on years of service.

A participant is vested in employer contributions as follows:

Years of Service	Employer Safe Harbor Contribution Vested Percentage	Nonelective and Matching Employer Contribution Vested Percentage
Less than 1	0%	0%
1	0%	25%
2	100%	50%
3	100%	75%
4	100%	100%

One hundred percent vesting occurs, regardless of the number of years of service, when a participant reaches normal retirement age (65), dies, becomes totally and permanently disabled, or upon termination of the Plan.

5. Payment of Benefits

Benefit payments are made in the form of a lump-sum distribution. Upon normal retirement of age 65, death, or becoming permanently disabled, Plan participants will be entitled to 100% of their account balance. If employment is terminated for any reason other than those previously mentioned, the participant will only be entitled to the vested portion of the employer contributions. However, participants are entitled to 100% of the account balance of any salary reduction or voluntary contribution made on their own behalf.

6. Forfeitures

Forfeited non-vested account balances are used to reduce employer contributions. The Plan had forfeitures from non-vested accounts totaling approximately $69,000 and $81,100 at December 31, 2015 and 2014, respectively.

7. Administrative Expenses

A significant portion of expenses related to the administration of the Plan are paid by the Company. Administrative expenses paid by the Plan approximated $13,000 and $38,000 for the years ended December 31, 2015 and 2014, respectively.

NOTE A - DESCRIPTION OF PLAN - Continued

8. Notes Receivable from Participants

Participants may borrow from their fund accounts with their employer approval, up to a maximum of $50,000 or 50% of the fair value of the participant's vested balance, whichever is less. The loans are secured by the balance in the participant's account. The loans bear interest at rates representative of local prevailing rates at the time the loan is made, as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. A break in service or nonpayment results in a deemed distribution in accordance with the plan documents. The Plan had notes receivable from participants of $61,275 and $22,322 from participants at December 31, 2015 and 2014, respectively.

9. Basis of Participant Contributions

Participants may elect to contribute to the Plan for any plan year during which they are participants, such amounts expressed either in dollars or in whole percentages of their compensation as they elect, but subject to Internal Revenue Service limitations.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements follows:

1. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein as well as the related disclosures. Actual results could differ from those estimates.

2. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

3. Investment Valuation and Income Recognition

Investments are stated at fair value as follows:

- Mutual funds are valued at the daily closing price as reported by the fund. These funds are required to provide their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

- Units of the insurance company general account are equal to contributions and transfers to the guaranteed interest accounts, plus interest, minus withdrawals, transfers out, and administrative fee deductions.

- Pooled separate accounts are valued at the net asset value of the specific pooled investments. Purchases and sales of securities are recorded on a trade-date basis.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents the net appreciation or depreciation in the fair value of its investments in the Statement of Changes in Net Assets Available for Benefits, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

4. Concentration of Credit Risk

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

5. Benefit Payments

Benefits are recorded when paid.

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE C - INVESTMENTS

The Plan's investments consist of interest bearing cash and mutual funds during 2015, and balances in insurance company general accounts and units of pooled separate accounts held by an insurance company administered trust fund during 2014.

The net appreciation (depreciation) in the fair value of investments, including realized gains and losses, was approximately ($227,766) and $160,400, for the years ended December 31, 2015 and 2014, respectively.

NOTE C - INVESTMENTS - Continued

NOTE D - FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement), unadjusted quoted prices in active markets for similar assets or liabilities (level 2 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2015 and 2014:

Mutual funds: Valued at the daily closing price as reported by the fund. These funds publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

NOTE E - PARTICIPANT TERMINATIONS

Some Plan participants have withdrawn from the Plan, but have not had their vested balances paid to them by year end. These unpaid benefits approximated $902,000 and $979,000 at December 31, 2015 and 2014, respectively. However, there were no material balances related to participants who requested their benefits paid to them, but had not received their benefit distributions.

NOTE F - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE G - TAX STATUS

The trust established under the Plan to hold its assets is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service. The Plan has been amended since receiving the determination letter. The Plan sponsor believes that the Plan continues to qualify and to operate as designed. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE H - ADMINISTRATION OF PLAN ASSETS AND CERTIFICATION FROM TRUSTEES

The investments of the Plan were held and administered by Fidelity Management Trust Company for 2015 and AXA Equitable for 2014 (the “Trustees”). The Trustees have supplied the Plan administrator with certain information utilized in preparing the financial statements and supplemental schedules. The Plan administrator has obtained certifications from the applicable Trustees certifying that the information provided by the Trustee is complete and accurate. In accordance with 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator has elected not to have this information audited by the Plan’s independent certified public accountants.
