Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Western Reserve Academy Tax Deferred Annuity Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Bases for Disclaimer of Opinion paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Bases for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Teachers Insurance & Annuity Association-College Retirement Equities Fund ("TIAA-CREF"), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

In addition, because of inadequacies in the Plan's records for the periods prior to January 1, 2009, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity is stated as of December 31, 2015 and 2014, or the propriety of the distributions to participants who terminated and withdrew from the Plan during the year ended December 31, 2015.

Disclaimer of Opinion

Because of the significance of the matters described in the Bases for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2015 and the supplemental schedule of delinquent participant contributions for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. WESTERN RESERVE ACADEMY TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a summary of certain provisions of the Western Reserve Academy Tax Deferred Annuity Plan (the "Plan"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation

The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code covering all qualified employees of Western Reserve Academy (the "Academy"), established as of January 1, 1978. Employees are eligible to participate in the Plan on the first day of the month following their employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may elect to make contributions of their eligible earnings on a "pre-tax" basis subject to certain limitations of the Plan and the Internal Revenue Code. The Plan also provides for the investment of qualified rollover contributions and catch-up contributions for participants age 50 or older and participants with 15 years of service or more.

Participants' Accounts

Teachers Insurance & Annuity Association-College Retirement Equities Fund ("TIAA-CREF"), the custodian of the Plan, maintains an individual account for each participant. These accounts are credited with participants' contributions and related earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. Participants elect to maintain their aggregate contributions in the investment funds. Separate accounting for each of the funds is made pursuant to the participant's designated election. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their accounts; however, the loans are administered by TIAA-CREF and are transacted outside of the Plan. No participant loans are included in Plan assets. At December 31, 2015 and 2014, these outside balances were \$131,960 and \$108,008, respectively, and were secured by Plan assets in the borrowing participants' accounts at 110% of the loan amount. As these loans are repaid, the collateral balance is reduced accordingly. In addition, at December 31, 2015 and 2014, \$19,830 and \$19,027, respectively, of loan collateral remains in the Plan related to defaulted loans of active participants. These amounts will be forfeited to TIAA-CREF upon the termination, retirement or death of the participant.

Vesting

Participants are at all times vested in all contributions and earnings thereon.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Payment of Benefits

A participant, upon severance of employment, may elect to commence distribution of his or her account. In the case of a severe financial hardship, TIAA-CREF, in its sole discretion, may direct distribution of all or a portion of the participant's elective and/or voluntary contributions, subject to certain restrictions of the Plan document and/or the related insurance contract.

Termination Provisions

The Academy anticipates and believes that the Plan will continue indefinitely; however, the Academy reserves the right to terminate the Plan at any time by an action of its Board of Trustees subject to the provisions of ERISA. In the event of termination of the Plan, the assets then remaining in the funds will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The financial statements of the Plan do not include amounts related to certain investment contracts which became inactive prior to January 1, 2009. As contemplated in the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the Academy has made a good faith effort to determine the population of plan participants and has included amounts related to all known contracts in these financial statements. Accordingly, these financial statements are acceptable to the Department of Labor as part of the Plan's Form 5500 filing. However, because of the uncertainty involved in ascertaining all previous arrangements, it is possible that contracts may exist related to this Plan which have not been included in these financial statements and those amounts may be material. Accounting principles generally accepted in the United States of America require these amounts to be included in the financial statements.

New Accounting Pronouncement

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)*. The Plan elected early adoption of this pronouncement, which changed certain investment disclosure requirements. As such, the Plan is no longer required to (1) disclose individual investments that represent 5% or more of net assets available for benefits; (2) disclose the net appreciation or depreciation for investments by general type; (3) disclose the fair value and average yields of investments in fully benefit responsive investment contracts which are only required to be reported at contract value; or (4) disaggregate investments by anything other than general type within the fair value hierarchy. These changes have been applied retrospectively to the financial statements.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events through October 4, 2016, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investment in the benefit responsive guaranteed insurance contracts is reported at contract value. Contract value, as reported to the Plan by TIAA-CREF, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. All other Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Administrative Expenses

All administrative fees of the Plan are paid by the Academy or the Plan at the option of the Academy.

To discourage short-term trading and help protect the long-term value of certain funds, a redemption fee will be charged equal to 2% of money transferred out of certain funds less than 60 days following initial purchase date. Redemption fees imposed on these funds are paid by the affected participants.

WESTERN RESERVE ACADEMY TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 3. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities.

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 – Unobservable inputs in which little or no market data exists.

The following is a description of the valuation methodologies used for plan assets measured at fair value:

Non-benefit responsive ("NBR") guaranteed insurance contracts are reported at estimated fair value as determined by TIAA-CREF based upon the individual purchases and sales of individual contracts and the correlation between the contracts' crediting rate with the highest quality debt security yields, adjusted for contract liquidity. These are classified as Level 3 inputs.

The plan administrator has various processes and controls in place to ensure that fair value is reasonably estimated. These include, but are not limited to, reviewing interest rates, versus credit rates and contract rates. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price.

The pooled separate account is a fund invested in TIAA Real Estate, whose value is principally derived from the market value appraisals of the underlying real estate holdings or other real estate-related investments. The TIAA general account provides this real estate fund with a liquidity guarantee to ensure there are funds to meet participant redemption, transfer or cash withdrawal requests. These are classified as Level 2 inputs.

Included in registered investment companies are TIAA-CREF funds which are based on market quotations or prices from independent pricing services which are classified as Level 1 inputs. Also included are various CREF funds and TIAA Access funds that are not available for sale on any securities exchange but whose underlying investments consist of equity securities and fixed income instruments. The valuation of these funds is based upon the daily quoted net asset value of shares held by the Plan which are classified as Level 2 inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in methodologies used from 2014 to 2015. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

WESTERN RESERVE ACADEMY TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified to the completeness and accuracy of all investments reflected on the statements of net assets available for benefits at December 31, 2015 and 2014, the supplemental schedules as of and for the year ended December 31, 2015, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015 and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 5. Guaranteed Insurance Contracts

The Plan has guaranteed insurance contracts with TIAA-CREF, portions of which are considered to be benefit responsive. Contributions are maintained by TIAA-CREF in a general, unallocated account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because portions of the guaranteed insurance contracts are fully benefit responsive, contract value is the relevant measurement attribute for these portions of the net assets available for benefits attributable to the guaranteed insurance contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in these funds at contract value. Portions not considered to be benefit responsive are reported at fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but is guaranteed to be between 1% and 3%. Such interest rates are reviewed on a monthly basis for resetting. In addition, the Board of Trustees of TIAA-CREF votes annually to determine if it will add a discretionary crediting interest rate to remain in effect for the remainder of the declaration year. Certain events limit the ability of the Plan to transact at contract value with the issuer. However, the plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed insurance contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Income Tax Status

Although the Internal Revenue Service has yet to establish a process through which the plan administrator could apply and request a determination as to the tax qualified status of the Plan, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

WESTERN RESERVE ACADEMY TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 6. Income Tax Status (Continued)

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Party-in-Interest Transactions

The Plan's assets are held in guaranteed insurance contracts, a pooled separate account and registered investment companies managed by TIAA-CREF. TIAA-CREF is the Plan custodian, therefore, the transactions within the investments qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan holds various investment options in combinations of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Transfers In

During 2015, employee and employer contributions of \$175,364 were transferred in from another Academy qualified plan.
