1. DESCRIPTION OF PLAN

The following description of the Economy Linen and Towel Service 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

On January 1, 1993, The Economy Linen and Towel Service 401(k) Savings Plan was established to provide retirement benefits for eligible employees of Economy Linen and Towel Service, Inc., Economy Linen and Towel Service of Zanesville, Inc., Total Health Care Services, Inc., and U.S. Textile & Supply, Inc. The Plan is a defined contribution plan and is qualified under the Internal Revenue Code. The Plan was amended to reflect the provisions of the Pension Protection Act of 2006 (PPA), the Heroes Earnings Assistance and Relief Act of 2008 (HEART), certain related provisions of the Worker, Retiree, and Employee Recovery Act of 2008 (W.R.E.R.A.), and code sections 401(k) proposed regulations.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan allows all employees of the Company, not covered by a collective bargaining agreement, who have one hour of service and have attained age 21 to participate. Upon satisfaction of the eligibility requirements, employees may enter the Plan commencing on the date of hire.

Contributions

The Plan provides for employee salary deferrals within statutory limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company currently matches employee deferrals up to 2% of employee wages and matches 50% on the next 4% of employee wages. No contributions shall be made on behalf of a participant to the extent that, when added to the participant's salary deferral contributions, it would cause the amounts allocated to exceed the limitations allowed by the Internal Revenue Service. The Company, upon approval of the Board of Directors, may also make additional contributions to the Plan subject to Internal Revenue Service limitations. Employer contributions are generally funded quarterly. The Company's matching and discretionary contribution for 2015 was $111,852 which is net of forfeitures applied to contributions in the amount of $14,129 (see Note 2).

Participant Accounts

TD Ameritrade Trust Company ("Trust") is the trustee and custodian of Plan investments. The Plan is funded through investment options offered by TD Ameritrade Trust Company. The Plan maintains the self-directed investment accounts for each participant containing the participant's contributions, net earnings or losses, and distributions and withdrawals. Company contributions are allocated based on participants' compensation as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately, and distinctly, into which

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts (continued)

investment the participant contribution and employer contribution is to be invested.

Vesting

Participants are immediately vested in their voluntary contributions and corresponding earnings. All Company contributions are subject to the following vesting schedule:

Completed Years of Service	Vesting Percentages
Fewer than 2	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6 or more	100 %

Distributions

Upon termination of service by reason of retirement, death, and permanent disability, or otherwise, participants or designated beneficiaries may elect to receive their vested balance either in a lump-sum amount or payments over a period of time in cash installments or in a form agreeable to the Plan administrator. If the participant's account balance is $5,000 or less, the Plan administrator may elect to automatically distribute the participant's balance in a single-sum payment. In addition, participants may receive distributions of the employee deferral amount for qualified financial hardships.

Participant Loans

Participant loans are stated at the amount the Plan Administration expects to collect from outstanding balances. Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loans bear interest at an agreed-upon percentage based on prevailing market rates, subject to applicable usury limits and are accrued monthly. Loan terms are for a period not exceeding five years. A term of up to 25 years may be approved by the Plan if the proceeds are to be used for the purchase of a primary residence. Loans are secured by the balance in the participants' accounts. Principal and interest is paid ratably through payroll deductions.

Participant Loans (continued)

Loans are considered in default if any scheduled loan payments are not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due. If a loan is considered to be in default, the Plan will record the defaulted amount as a taxable distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Forfeitures

Forfeitures of employer contributions, which are to be used to reduce matching contributions, totaled $14,129 in 2015. Cumulative unallocated forfeitures of $327 will be used in the future to reduce employer matching contributions.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States as more explicitly described in the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Financial Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of net assets and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Contributions Receivable

Due to the nature of the contributions receivable, management believes that all amounts will be collected; therefore, no allowance for doubtful accounts is considered necessary.

Administrative Fees

The Company and the plan share in the payment of administrative fees of the Plan.

Investment Valuation and Income Recognition

Investments in mutual funds are valued at the quoted market price.

3. PARTICIPANT - DIRECTED INVESTMENTS

The Plan's investments (including bought, sold, and held during the year) appreciated (depreciated) in value in 2015 in the amount of $(345,987).

4. SUMMARY OF INFORMATION HELD BY PLAN TRUSTEE

The total current value of the investments held by the Trustee at December 31, 2015 was $4,120,236. The trust holds all of the assets summarized on page 5 except for the participant loans. The cost of the investments at December 31, 2015, was $4,466,188.

The custodian of the Plan in 2015, TD Ameritrade Trust Company, has supplied the Plan administrator with a certification as to the completeness and accuracy of the following information:

- Investments in registered investment companies
- Interest and dividend income
- Net appreciation (depreciation) in fair value of investments

The investments held by TD Ameritrade Trust Company are not federally insured and are subject to market risk.

5. TAX STATUS

The company adopted a Prototype Nonstandardized 401(k) Plan which received a favorable opinion letter from the Internal Revenue Service on November 27, 2001. This letter stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

While the IRS and the Department of Labor have not expressed any interest in doing so, the tax returns and audit reports filed for periods ending December 31, 2015, 2014, 2013 and 2012 are subject to examination.

6. BENEFITS ALLOCABLE TO WITHDRAWN PARTICIPANTS

At December 31, 2015, there were no amounts due to participants who have withdrawn from the Plan and requested benefit payments prior to year-end.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will become 100% vested in the employer portion of contributions.

8. INVESTMENTS

The investment in money markets and mutual funds are held by TD Ameritrade Trust Company and are not federally insured. The schedule on page 5 shows the detail of all investments held by the Plan at December 31, 2015.

The Fair Value Measurement and Disclosure Topic of FASB ASC establishes a fair value hierarchy that prioritizes the inputs used to measure the fair value of assets into three levels of input and expands disclosures regarding the fair value measurements. The FASB ASC Topic defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The disclosures that follow do not relate to what is known as investment risk, such as the risk of a permanent decline in the fair value of an investment, or an investment's custodial risk. The levels of input described below relate solely to the process of determining the fair value of each of the investments held by the Plan on the report date. The three levels of input are as follows:

Level 1 Inputs are unadjusted quoted prices in active markets for identical assets, and the Plan has the ability to access that information on December 31.

Level 2 Inputs are other than Level 1 quoted prices that are observable either directly or indirectly.

Level 3 Valuations based on unobservable inputs such as when observable inputs are not available or inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The reported fair values of the Plan's investments in money market funds and mutual funds are based on quoted prices. The investments shown below are all Level 1 investments:

Money market funds	$ 33,855
Mutual funds	4,086,381
	$ 4,120,236

The plan does not hold any Level 2 or Level 3 investments.
