Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan also provides for discretionary Employer matching contributions. During 2015, the Company matched 50% of deferrals up to 6% of a participant's eligible compensation. Employer matching contributions are based on deferrals made each payroll period.

Additional Employer contributions are allowed under the Plan's nonelective provisions at the discretion of the Company's board of directors. Allocations of such nonelective contributions are based on the proportion of each participant's compensation to the total of all participants' compensation. Participants must be employed on the last day of the Plan year to receive allocations of the nonelective contributions, except in the event of death, disability or retirement. No nonelective contributions were made in 2015.

Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of the Employer nonelective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Employer matching contributions plus actual earnings thereon. Vesting in the Employer nonelective contributions is based upon years of continuous service as follows:

| Years of Service | Vesting Percentage |
|---|---|
| Less than two | 0% |
| Two, but less than three | 20% |
| Three, but less than four | 40% |
| Four, but less than five | 60% |
| Five, but less than six | 80% |
| Six or more | 100% |

Participants automatically become 100% vested upon: 1) normal retirement (attainment of age 65); 2) early retirement (attainment of age 55 plus six years of service); 3) disability; or 4) death. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Notes receivable from participants

Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding loan balance during the preceding 12-month period, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 5.25%, which is based on prime rate plus 2% at date if origination. Only two loans may be outstanding at any given time. Principal and interest is paid ratably through payroll deductions.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to participant contributions. The Plan will distribute the 2015 excess contributions to the applicable participants prior to December 31, 2016.

Payment of benefits

Upon retirement, termination, disability or death, a participant, or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, participants may take in-service distributions upon reaching the age of 59½. Upon termination, automatic distributions are required for balances of less than $5,000. Automatic distributions above $1,000 made without the participant's consent are rolled into an individual retirement account designated by the 401(k) Plan Committee. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 70½.

The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Forfeitures

Forfeitures are used to reduce Employer contributions. For the year ended December 31, 2015, forfeitures in the amount of $25,329 were used to reduce Employer contributions. The Plan had $2,190 and $3,331 in unallocated forfeitures at December 31, 2015 and 2014, respectively.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets.

**Note 2 – Summary of Significant Accounting Policies**

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Plan Committee determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of benefits

Benefit payments are recorded when paid. There were no benefits requested before year-end that were not paid.

New accounting pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. ASU 2015-07 also limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. ASU 2015-07 is to be applied retrospectively, and for nonpublic filers is effective for years beginning after December 15, 2016, with early adoption permitted.

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures ,and (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however plans are no longer required to also disaggregate investments by nature, characteristic and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows a plan to measure its investments and investment-related accounts using the month end closest to its fiscal year-end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted, and Parts I and II are to be applied retrospectively.

Plan management elected to early adopt the applicable ASUs and has concluded that the adoption did not have a significant impact on the Plan's financial statements.

Subsequent events

The Plan administrator has evaluated subsequent events through October 7, 2016, the date the financial statements were available to be issued.

Effective January 1, 2016, the Plan was restated and the name of the Plan changed to Newport Group, Inc. 401(k) Plan. The restatement changed certain Plan provisions as follows:

- Collective bargaining employees as well as interns and temporary/seasonal employees that do not complete 1,000 hours of service, as defined, will not be eligible to participate;
- Participants will be able to make after-tax deferrals;
- Participants with less than three years of service at December 31, 2015, will be subject to the Plan's three-year cliff vesting for Employer matching contributions;

- Vesting in Employer nonelective contributions will be reduced from six to five years;
- Normal retirement age will be reduced from 65 to 59½; and
- Future participant loans will bear interest at prime rate plus 1%.

The Newport Group, Inc. 401(k) Plan was merged into the Plan effective January 1, 2016, and $38,568,022 was transferred into the Plan on May 19, 2016.

**Note 3 – Information Certified by the Plan's Custodian**

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2015 and 2014;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015;
- Investment information included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2015.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

**Note 4 – Fair Value Measurements**

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

| | |
|---|---|
| Level 1 | Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access. |
| Level 2 | Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities. |
| Level 3 | Significant unobservable inputs. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2015 and 2014. During the year ended December 31, 2015, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

*Cash equivalents* – Valued at amortized costs, which approximates fair value.

*Mutual funds* – Valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

| | Fair Value Measurements as of December 31, 2015 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Cash equivalents | $ 1,583,673 | $ - | $ - | $ 1,583,673 |
| Mutual funds | 24,754,438 | - | - | 24,754,438 |
| Investments at fair value | $ 26,338,111 | $ - | $ - | $ 26,338,111 |

| | Fair Value Measurements as of December 31, 2014 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Cash equivalents | $ 1,456,784 | $ - | $ - | $ 1,456,784 |
| Mutual funds | 16,536,526 | - | - | 16,536,526 |
| Investments at fair value | $ 17,993,310 | $ - | $ - | $ 17,993,310 |

**Note 5 – Related Party and Party-in-Interest Transactions**

Certain administrative expenses totaling approximately $13,000 were paid by the Company on behalf of the Plan for the year ended December 31, 2015. The Company does not expect reimbursement from the Plan for these expenses. Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

Certain cash equivalents are managed by TD Bank USA, N.A., an affiliate of the Custodian. These transactions qualify as party-in-interest transactions. Certain fees paid by the Plan are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan also made direct payments to service providers which were not covered by revenue sharing.

**Note 6 – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer nonelective contribution portion of their accounts.

**Note 7 – Tax Status**

The Plan has received a determination letter from the IRS dated November 10, 2010, stating that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the Code). Although the Plan has been amended since receiving the determination letter, Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

**Note 8 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

The Plan invests in cash equivalent accounts with a financial institution, which are insured by the Federal Deposit Insurance Corporation (FDIC). At times, these balances may be in excess of the FDIC's insurance limit. Plan management believes no significant concentrations of credit risk exists with respect to its cash equivalents.
