Note 1 DESCRIPTION OF PLAN

The following description of the Sebesta, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General. The Plan is a defined contribution plan covering all employees of Sebesta, Inc. (the Company) who are the age of 18 or older. Temporary employees are eligible for the Plan who have one year of service and are the age of 18 or older. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions. Each year, participants may contribute up to 85 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of their eligible compensation. The Company may make discretionary matching contributions. For the year ended December 31, 2015, the Company's discretionary match was calculated as 50 percent of the first 2 percent of base compensation that a participant contributes to the Plan. Contributions are subject to IRS limitations.

C. Participant Accounts. Each participant's account is credited with the participant's contributions and Company's contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting. Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

E. Notes Receivable from Participants. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loans bear interest at market rates. Principal and interest is paid ratably through payroll deductions.

F. Payment of Benefits. On termination of service due to death, disability, retirement, or termination of employment, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account.

G. Forfeited Accounts. At December 31, 2015 and 2014, forfeited nonvested accounts totaled $19,727 and $13,557, respectively. These accounts will be used to pay Plan expenses or to reduce future Company contributions. The Plan expenses were reduced by $18,439 and $17,951 from forfeited nonvested accounts during 2015 and 2014, respectively.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition. Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

D. Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administer deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

E. Payment of Benefits. Benefits are recorded when paid.

F. Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

G. Recent Accounting Pronouncements. In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent).* ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Plan management is currently evaluating ASU 2015-07.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965).* Part I of ASU 2015-12 eliminated the requirements that employee benefit plans measure the fair value of fully benefit–responsive investment contracts and provide the related fair value disclosures, rather these contracts will be measured and disclosed only at contract value. Part II will require plans to disaggregate their investments measured using fair value only by general type, either on the financial statements or in the notes. Part II also eliminated the requirement to disclose the net appreciation/depreciation in fair value of

investments by general type and the requirements to disclose individual investments that represent 5% or more of net assets available for benefits. Part III provides a practical expedient to permit plans to measure its investments and investment related accounts as of a month-end date closest to its fiscal year for a plan with a fiscal year end that does not coincide with the end of a calendar month. The amendments in ASU 2015-12 are effective for reporting periods beginning after December 15, 2015, with early adoption permitted. Plan management evaluated ASU 2015-12 and have early adopted this standard update.

H. Subsequent Events. The Plan has evaluated subsequent events through October 5, 2016, the date the financial statements were available to be issued.

Note 3 INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The trustee, BMO Harris Bank N.A. (BMO), has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate.

1. Investments and notes receivable from participants reported on the statements of net assets available for benefits as of December 31, 2015 and 2014.
2. Investment activity reported on the statement of changes in net assets available for benefits for the year ended December 31, 2015.
3. Schedule of assets (held at end of year) as of December 31, 2015.

Note 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1- Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Common/collective trust: Investments in a common/collective trust are valued at the net asset value of shares held by the Plan at year end, which is based on quoted prices for similar assets in active markets.

Mutual funds: Valued at quoted prices in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$12,166,017	$ -	$ -	$12,166,017
Common/collective trust	-	1,209,334	-	1,209,334
Total investments at fair value	$12,166,017	$1,209,334	$0	$13,375,351

	2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$13,080,902	$ -	$ -	13,080,902
Common/collective trust	-	1,069,449	-	1,069,449
Total investments at fair value	$13,080,902	$1,069,449	$0	$14,150,351

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

	2015			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust (a)	$1,209,334	$ -	Daily	Up to 12 months

	2014			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust (a)	$1,069,449	$ -	Daily	Up to 12 months

(a) Common/collective trust seeks to protect and offer fixed returns that compare favorably with the yields on intermediate-term fixed income securities.

Note 5 RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by BMO. BMO is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made a direct payment to the third party administrator of $71,168, which was not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

Note 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 7 TAX STATUS

The IRS has determined and informed the Company by a letter dated September 3, 2009, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter; the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
