BHP USA RETIREMENT SAVINGS PLAN
Notes to Financial Statements
December 31, 2015 and 2014

1. Description of Plan

The following description of the BHP USA Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established, effective January 1, 1998, as a multiple-employer profit-sharing plan with a 401(k) directed feature qualified under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) of 1986, as amended. Effective November 1, 1999, the Plan became a single-employer profit-sharing plan. The Plan was amended and restated, effective January 1, 2014, to incorporate previous amendments and to comply with the latest tax laws and regulations, among other things. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan provides retirement benefits for regular salaried employees of BHP Holdings (International), Inc. (BHP), and adopting subsidiaries and affiliates of the parent company, BHP Billiton Limited (collectively, the Participating Companies), on their date of hire. The Participating Companies are BHP Base Metals Management Co., BHP Copper Inc., BHP Hawaii Inc., BHP Minerals Service Company, BHP Nevada Mining Company, BHP Nevada Railroad Company, BHP Petroleum (Americas) Inc., BHP Petroleum Americas Refining Inc., BHP Steel Americas Inc., Broken Hill Proprietary (USA) Inc., BSI Commodities Inc., BHP Billiton Canada Inc., BHP Billiton New Mexico Coal, Inc., San Juan Coal Company, San Juan Transportation Company, BHP Billiton Mine Management Company and Petrohawk Energy Corporation.

Administration

BHP is the Plan's sponsor and Plan administrator. Vanguard Fiduciary Trust Company (Trustee) serves as trustee for the Plan, and Vanguard Group, Inc. serves as recordkeeper for the Plan. Certain duties, on behalf of the Plan's sponsor and the Participating Companies, are carried out by the BHP USA Retirement Advisory Committee (the Committee). The Committee members are each appointed by the boards of directors of the Participating Companies.

Contributions

All new employees are automatically enrolled in the Plan based on a pre-tax contribution rate of 6% unless the employee elects to waive immediate automatic enrollment.

Participants may make contributions to the Plan on a pre-tax and/or after-tax basis as well as ROTH contributions through payroll withholding of any whole percentage up to 30% of their eligible earnings. Contributions may not exceed the limitation (\$18,000 and \$17,500 in 2015 and 2014, respectively) set forth in Section 402(g) of the IRC. If Section 402(g) is exceeded, the Plan will automatically switch the participant's election to after-tax contributions for the remainder of the Plan year or up to the total annual contribution limit. Participants may make catch-up contributions (pre-tax contributions that exceed the annual elective deferral limit) during any calendar year ending on or after the participant's 50th birthday. A participant's total catch-up contribution was limited to a maximum of \$6,000 and \$5,500 in 2015 and 2014, respectively. After-tax and catch-up contributions are also eligible for matching.

The Participating Companies make a matching contribution equal to 100% of the first 6% of eligible earnings contributed to the Plan by their participants for each payroll period. Total employer matching contributions were \$26,947,896 and \$26,191,831 for the years ended December 31, 2015 and 2014, respectively.

1. Description of Plan, continued

Contributions, continued

The Participating Companies also make employer funded contributions to the Plan on behalf of eligible employees. Effective January 1, 2014, all participants of the Plan were eligible to receive employer funded contributions. The employer funded contribution is equal to 8.5% of each eligible participant's earnings, plus 5.7% of each eligible participant's earnings in excess of the social security taxable wage base for the year, for each payroll period. Total employer funded contributions were \$44,891,475 and \$43,573,506 for the years ended December 31, 2015 and 2014, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Participating Companies' contributions, and an allocation of investment income (loss), net of administrative expenses. Investment income (loss) allocations are based on the performance of the funds in which the participant has directed his or her accounts to be invested. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the participant's vested balance in his or her account.

Investment Options

The Plan offers mutual funds and a common collective trust fund as investment options to participants. Additionally, the Plan offers a brokerage account investment option in which participants can select from a large number of mutual funds and individual securities such as common stocks and bonds. The Plan also utilizes a money market fund to facilitate Plan transactions. Participants may change their investment options at any time.

Vesting

Participants previously included in the Petrohawk Energy Corporation 401K Plan continue to vest in accordance with the vesting schedule provided in that Plan as follows:

<u>Years of Service</u>	<u>Vested Percentage of Employer Contributions</u>
Less than one year	0%
One year but less than two years	20%
Two years but less than three years	40%
Three years but less than four years	60%
Four years but less than five years	80%
Five years or more	100%

All other participants are immediately 100% vested in their accounts.

Forfeitures

The Plan contains forfeitures arising from participants terminating that are not fully vested or other benefits that are required to be forfeited under applicable law. Forfeitures are applied as follows: (i) first to reinstate any Plan benefits that are required to be reinstated, (ii) any remaining forfeitures are used to pay administrative expenses of the Plan, and (iii) thereafter, to offset future employer contributions. At December 31, 2015 and 2014, the Plan has forfeitures available of \$2,065,041 and \$2,196,613, respectively. Forfeitures used to fund employer contributions and to reinstate Plan benefits amounted to \$135,808 and \$101,035 in 2015 and 2014, respectively. Forfeitures used to pay Plan expenses amounted to \$147,528 and \$100,004 in 2015 and 2014, respectively.

In-Service Withdrawals

A participant may take an in-service withdrawal of all or any portion of the balance in his or her after-tax account and or rollover account, as well as certain grandfathered Company contribution and tax deductible retirement accounts, as described in the supplements to the Plan document. Once age 59 1/2 is attained, a participant may withdraw some or all of the vested amounts in his or her account. Certain participants, as specified in the supplements to the Plan document, may make a hardship withdrawal from their pre-tax accounts and/or Participating Companies contribution account. A hardship withdrawal shall only be made in the event of a financial need constituting a hardship, as defined in the Plan document.

Notes Receivable from Participants

Participants may borrow from the vested portions of their account balances a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000 less the highest outstanding loan balance in the last 12 months or (b) 50% of their account balances. No more than one loan is allowed per account at any given time. The loans bear interest at a rate equal to *Reuters* prime rate plus 1%. Interest rates on outstanding loans ranged from 4.25% to 9.25% during the years ended December 31, 2015 and 2014. Loans must be repaid within five years for general loans and ten years for loans used to purchase a primary residence. Loan repayments are made through payroll deductions. The entire outstanding loan balance becomes due upon employment termination.

Payment of Benefits

Upon retirement or other termination of employment, the participant (or his or her beneficiary in the event of death) will receive the value of the vested balance in his or her account according to the following four distribution options: (i) a single, lump-sum distribution in cash, (ii) two or more installments over such period of time as the participant or beneficiary elects, but not extending beyond the life expectancy of the participant and his or her surviving spouse or designated beneficiary, (iii) two or more partial withdrawals at the election of the participant or beneficiary, or (iv) a combination of the methods specified in (i), (ii) and (iii).

Administrative Expenses

Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments. Certain expenses of maintaining the Plan are paid directly by the Participating Companies and are excluded from these financial statements.

Expense Offset Arrangements

Fees incurred for the investment management services are included in net (depreciation) appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold during the year as well as on investments held at the end of the year.

Benefit Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is accrued as earned. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU No. 2015-07 applies to reporting entities that elect to measure the fair value of an investment using the net asset value (NAV) per share (or its equivalent) as a practical expedient. Under the amendments in this update, investments for which fair value is measured using NAV per share (or its equivalent) as the practical expedient should not be categorized in the fair value hierarchy. Removing those investments from the fair value hierarchy not only eliminates the diversity in practice resulting from the way in which investments measured at NAV per share (or its equivalent) with future redemption dates are classified, but also ensures that all investments categorized in the fair value hierarchy are classified using a consistent approach. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. A reporting entity should continue to disclose information on investments for which fair value is measured at NAV (or its equivalent) as a practical expedient to help users understand the nature and risks of the investments and whether the investments, if sold, are probable of being sold at amounts different from NAV. ASU No. 2015-07 is effective for fiscal years beginning on or after December 15, 2016 on a retrospective basis. Early adoption is permitted and accordingly, Plan management has elected to adopt ASU No. 2015-07 early. The adoption of ASU 2015-07 in 2015 impacted disclosures only by removing those investments measured at fair value using NAV as a practical expedient from classification in the fair value hierarchy in Note 3.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, to reduce the complexity in employee benefit plan accounting.

Part I - Fully Benefit-Responsive Investment Contracts: Eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Further, *Part I* clarifies the definition of fully benefit-responsive investment contracts to only include direct contracts between the Plan and the issuer of the contract. Indirect investments in fully benefit-responsive investment contracts (such as through stable value common or collective trusts) should no longer be reflected as fully benefit-responsive investment contracts.

Part II - Plan Investment Disclosures: Eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. *Part II* also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset.

Part III - Measurement Date Practical Expedient: Reduces complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. *Part III* is not applicable to the Plan.

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements, continued

ASU No. 2015-12 is effective for fiscal years beginning on or after December 15, 2015. *Parts I* and *II* are effective on a retrospective basis, and *Part III* is effective on a prospective basis. Early adoption is permitted. Plan management has elected to adopt *Parts I* and *II*. *Part III* is not applicable to the Plan. The adoption of ASU No. 2015-12, *Parts I* and *II*, in 2015 (with retrospective application to 2014) is reflected through the presentation of indirect investments in fully benefit-responsive investment contracts within investments at fair value in the accompanying Statements of Net Assets Available for Benefits, with no adjustment from fair value to contract value. The adoption of ASU 2015-12 did not have a significant impact on the Plan's financial statements and related footnotes.

3. Fair Value Measurements

FASB Accounting Standards Codification Topic 820 (ASC 820), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

3. Fair Value Measurements, continued

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts which include common stocks, mutual funds, exchange traded funds, and corporate debt instruments: Valued using a variety of methods based on the nature of the underlying assets, but primarily valued at the closing price reported for the market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's administrators believe its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31, 2015 and 2014:

4. Information Certified by the Plan's Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net (depreciation) appreciation in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

4. Information Certified by the Plan's Trustee (Unaudited), continued

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. Party-in-Interest Transactions

The Plan invests in shares of mutual funds, a common collective trust fund, and a self-directed brokerage account, which are managed by an affiliate of the Trustee and the Plan issues notes receivable from participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

6. Tax Status

The Internal Revenue Service has determined and informed the Participating Companies by a letter dated July 10, 2015, that the Plan and related trust are designed in accordance with applicable sections of the IRC.

The Plan has not finalized the required annual compliance testing as of the date of financial statement issuance; however, the Plan expects to complete the required testing by December 31, 2016.

7. Plan Termination

Although it has not expressed any intent to do so, the Participating Companies has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
