The Plan is a defined contribution plan covering all salaried employees of F. Schumacher & Co. (the Company) who have completed three months of service. The Plan is administered by the Executive Retirement Committee of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, (ERISA).

At December 31, 2015 and 2014, the Plan's assets are in the custody of Bank of America, N.A. (Trustee).

(b) Contributions

Each year, participants may contribute pretax annual compensation, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified benefit plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. Effective January 1, 2009, the Company amended the Plan to eliminate its matching contribution requirement.

A participant's maximum annual pre-tax contribution was limited to the Internal Revenue Service cap of $18,000 in 2015 and $17,500 in 2014, for participants under the age of 50, and $24,000 in 2015 and $23,000 in 2014, for participants age 50 and over.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution, Plan earnings, and certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. A participant is 100% vested after three years of credited service.

(e) Notes Receivable from Participants

Participants may borrow from their participant accounts up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 9.00%. Principal and interest are paid through monthly payroll deductions.

(f) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants continuing employment subsequent to obtaining the age of 70½ may elect to receive installment payments over their remaining life expectancy.

(g) Forfeitures

For the year ended December 31, 2015 there were no forfeited nonvested accounts. For the year ended December 31, 2014, forfeited nonvested accounts totaled approximately $370.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

(b) Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation in the fair value of investments are recognized in the financial statements in the periods in which such changes occur and includes gains and losses on investments bought and sold during the year as well as held during the year.

Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with these investments, it is reasonable that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable, if any, are recorded as a distribution based upon the terms of the plan document.

(e) Benefit Payments

Benefits are recorded when paid.

(f) Administrative Costs

Substantially all administrative costs of the Plan are paid by the Company.

(g) Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, *(Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (a consensus of the Emerging Issues Task Force)* that removed the requirement to: measure fully benefit-responsive investment contracts at fair value; disaggregate investments by nature, risks, and characteristics; disclose individual investments that represent five percent or more of net assets available for benefits; and disclose net appreciation or depreciation for investments by general type. The Plan early adopted this ASU retrospectively for the years ended December 31, 2015 and 2014.

In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) (a consensus of the Emerging Issues Task Force)*, which eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured at net asset value (NAV) using the practical expedient. The Plan early adopted this ASU retrospectively for the years ended December 31, 2015 and 2014.

(3) Investment Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A. (the Trustee) has certified as being complete and accurate the investments held by them and notes receivable from participants on the statement of net assets available for benefits, the investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits, and the investment information included in the supplemental schedule of the financial statements as of and for the years ended December 31, 2015 and 2014.

Investments as certified by the Trustee as of December 31, 2015 and 2014 are summarized below.

		2015	2014
Investments, at fair value	$	19,082,471	19,839,006
Investment activity:			
Interest and dividends	$	804,144	995,466
Net depreciation in fair value of investments		(632,507)	(33,829)
Notes receivable from participants and activity:			
Interest income, participant loans	$	6,996	7,421
Notes receivable from participants		248,732	250,803

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measure at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan based upon unadjusted quoted market prices.

Common collective trust funds: Valued at NAV based upon units held by the Plan. Investments are redeemable at NAV daily, with no redemption notification period. The Plan has no unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014.

	December 31, 2015

Total	$ 19,839,006	13,625,118	—	—	6,213,888

(1) Investments are measured at fair value using NAV as a practical expedient and are not classified within the fair value hierarchy. The fair value amounts permit reconciliation of investments in the fair value hierarchy table to amounts presented in the statement of net assets available for benefits.

(5) Related-Party Transactions

Certain Plan investments in mutual funds and common collective trust funds are managed by the Plan's Trustee. Therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan relate to record keeping services and amounts to $1,295 and $762 for the years ended December 31, 2015 and 2014, respectively.

The Company pays substantially all of the Plan's administrative expenses.

(6) Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(7) Tax Status

The Internal Revenue Service has determined and informed the Company by an opinion letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable Sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

(8) Subsequent Events

The Plan evaluated subsequent events through October 10, 2016 and determined no adjustment or disclosure was required to the financial statements.
