NOTES TO FINANCIAL STATEMENTS

THE RETIREMENT PLAN FOR HOURLY-PAID UNION EMPLOYEES OF THE VINDICATOR PRINTING COMPANY (006)

December 29, 2015 and 2014

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in accordance with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statement, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, and insurance company. See Note D for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits:

Benefit payments to participants are recorded upon distribution.

Administrative Expenses:

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes of net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events:

The Plan has evaluated subsequent events through October 10, 2016, the date the financial statements were available to be issued.

NOTE A - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reclassifications:

Certain minor reclassifications were made to the December 29, 2014 financial statements in order to conform them to December 29, 2015 presentation.

NOTE B - DESCRIPTION OF PLAN

General:

The Plan is a defined benefit pension plan incident to a pension agreement and amendments between The Vindicator Printing Company and Union, and who is in a classification of employee for which pension benefits are provided for under such collective bargaining agreement, is at least the age of 21 and has completed at least one year of eligibility service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Union means the Youngstown Graphic Communications Union Local No. 205-C (the "Youngstown Graphic Communications Union"), the Youngstown Mailers' Union, subordinate group of Local No. 473, International Brotherhood of Teamsters (the "Youngstown Mailers' Union") and the Youngstown Typographical Union No. 200, Printing, Publishing and Media Workers sector of the Communications Workers of America (the "Youngstown Typographical Union").

A covered employee will become a member of the Pension Plan on the earliest date of December 30 or June 30, whichever follows the date on which the employee satisfies these eligibility requirements. One year of eligibility service is credited for each 12-month period beginning on the date of employment, and each anniversary of the date of employment, during which the covered employee works 1,000 hours.

Participant's Accounts:

For service on and after December 30, 1971, but prior to December 30, 1976, the employee will accrue a year of benefit service for each full year of continuous employment while a member of the Pension Plan as determined in accordance with the provisions of the Pension Plan in effect prior to December 30, 1976.

For service on and after December 30, 1976, and while a member, the employee will be credited with a full year of benefit service for each Plan Year during which he works at least 1,950 hours. If he works less than 1,950 hours but at least 1,000 hours in a Plan Year, he will be credited with a fractional year of benefit service by dividing the number of hours worked by 1,950. If the employee is credited with less than 1,000 hours of service during the Plan Year only because he did not work the entire Plan Year, he will receive benefit service for the portion of the Plan Year that he worked.

THE VINDICATOR PRINTING COMPANY (006)

December 29, 2015 and 2014

NOTE B - DESCRIPTION OF PLAN (CONTINUED)

Funding Policy:

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. During 2015 and 2014, the Company made contributions of \$142,025 and \$200,074, respectively. The Company's contributions for 2015 and 2014 exceeded the minimum funding requirements of ERISA.

Pension Benefits:

For each year of Benefit Accrual Service after December 29, 1971, and prior to Normal Retirement Date, \$12.25 (\$10.50 for Composing Room Employees and \$14.00 for Mailers) per month for each employee earning at least \$700 per month; however, the monthly benefit cannot be greater than \$300 for Composing Room employees, \$350 for Pressroom employees, and \$400 for Mailers including benefits payable under the prior Plan. Plan benefits are offset by amounts guaranteed by The Equitable under Group Annuity Contract AC 2869 (which was converted to a non-participating basis as of September 1, 1991).

Effective December 29, 2014, the Company has chosen to freeze the future accrual of pension benefits and to close participation. While the Company has not expressed any intent to discontinue contributions or terminate the Plan, it has the right to do so under the Plan, the net assets are to be allocated in accordance with the plan documents.

The benefits of the Pension Plan are provided primarily for the purpose of providing financial security upon retirement. Accordingly, benefits may not be assigned and are not subject to garnishment, attachment or other legal process to creditors. However, under a qualified domestic relations order, all or a portion of the benefits payable to a participant may be assigned to an alternative payee under procedures established by the Plan Administration Committee. These procedures will be available to a participant upon the receipt by the Plan Administration Committee of notification that a domestic relations order is going to be obtained. A domestic relations order is any judgment, decree, or order (including approval of property settlement agreement) that relates to the provision of child support, alimony payments, or marital property rights to a spouse, former spouse, child or other dependent of the participant that is made pursuant to a state domestic relations law.

Your pension benefits under the Pension Plan are insured by the Pension Benefit Guaranty Corporation (PBGC), a federal insurance agency. If the Pension Plan terminates (ends) without enough money to pay all benefits, the PBGC will step in to pay pension benefits. Most participants receive all of the pension benefits they would have received under the Pension Plan, but some participants may lose certain benefits. The PBGC guarantee generally covers normal and early retirement benefits and certain benefits for your survivors.

For a more detailed explanation of the information listed above, please refer to the Summary Plan Description which has been made available.

December 29, 2015 and 2014

NOTE C - FUNDING AND ACTUARIAL DATA (CONTINUED)

The actuarial present value of accumulated benefits and the unfunded actuarial (asset) or liability were calculated by Towers Watson, consulting actuaries, as of December 30, 2015 and 2014. The actuary's method and assumptions include the entry age normal actuarial cost method, life expectancy of participants, assumed retirement age 65, or attained age, if later, and asset values at the amount reported by Suntrust Bank in their pension plan fund account. The interest rate used to value vested benefits for 2015 and 2014 was 7.50% for both periods. The interest rate used to calculate the unfunded actuarial liability for 2015 and 2014 was 6.13% and 6.35%, respectively.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan was terminated, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated benefits.

According to the actuary, the Plan was adequately funded and in compliance with ERISA requirements during both plan years.

NOTE D - FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements authoritative literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are only Level 1 investments in the Plan.

NOTE E – INVESTMENTS (CONTINUED)

During 2015 and 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) (depreciated) in value by (\$24,675) and (\$44,644), respectfully, as follows:

	Year Ended December 29	
	2015	2014
Equity Securities	\$ (1,067)	\$ 30
Mutual Funds	(23,608)	(44,674)
	<u>\$ (24,675)</u>	<u>\$ (44,644)</u>

NOTE F – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risk, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions in the near term would be material to the financial statements.

NOTE G – INCOME TAX STATUS

The Plan requested a new determination letter on October 5, 2015. The Plan obtained its latest determination letter on September 23, 2002 in which the Internal Revenue Service states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The federal tax returns of the Plan for 2012 and subsequent plan years are open for examination by the Department of Labor.

NOTE H - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

During 2015, the Plan paid administrative expenses of approximately \$59,671. Of this amount, \$15,000 was paid to SunTrust Bank for the trustee fee. \$17,171 was paid to The Vindicator Printing Company for reimbursement of the PBGC premium that the company paid on the Plan's behalf. \$18,225 was paid to Towers Watson for their actuary fee. \$9,275 was paid to Wm G. Barth & Associates for their auditing fees.

Schedule SB, Line 4 Additional Information for Plans in At-risk Status Description of At-risk Assumption for Assumed Form of Payment

As defined in the PPA, the plan is in at-risk status for the 2014 plan year, because the plan's FTAP for the 2013 plan year was less than 80%, and the plan's FTAP measured using "at-risk assumptions" was less than 70%.

For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect the most valuable form of benefit under the plan, which is usually the 50% Joint & Survivor form of payment.

Covered pay	None.
Administrative expenses	The amount included this year for administrative expenses is \$46,369.
At-risk assumptions	For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect the most valuable form of benefit under the plan, which is usually the 50% Joint & Survivor form of payment.
Suspension of benefits	It is assumed that suspension of benefit notices have been issued to participants who are working past normal retirement age. Therefore, no actuarial increased benefit has been included in the valuation.

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year as required by regulations under IRC §430.
Actuarial value of assets	<p>Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior year).</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA).
