Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Commonwealth Orthopaedic Centers, PSC Retirement Plan (the "Plan") have been prepared under the accrual basis of accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Professional fees, investment advisory fees, and management fees are paid by the Plan. In 2015, $172,086 of expenses were paid by the Plan.

Related Party Transactions

Certain employees of the sponsor company provide services to the Plan. These services include Plan administration, oversight and day-to-day operations. The Plan is not charged by the sponsor company for these services.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Payments of Benefits

Benefits are recorded when paid.

Accounting Changes

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pensions Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured by general type; however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 31, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Plan management has decided to adopt Part II early.

Reclassifications

Certain reclassifications were made to the 2014 amounts in order to be consistent with the classifications adopted for reporting in 2015. These reclassifications had no effect on net income.

Subsequent Events

In preparing its financial statements, the Plan has evaluated events subsequent to the balance sheet date through October 6, 2016, which is the date the financial statements were available to be issued.

NOTE 2 GENERAL DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

NOTE 2 GENERAL DESCRIPTION OF THE PLAN (CONTINUED)

General

The Plan is a safe harbor defined contribution profit sharing plan, which provides for participation of employees upon the attainment of age 21 and after the completion of 3 months of service. Employees are required to complete one year of service for employer matching and non-elective profit sharing contributions. The Plan is administered and sponsored by Commonwealth Orthopaedic Centers, P.S.C. (the "Company" and the "Plan Sponsor"). The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 1, 2015, eligibility for elective deferrals was amended to three months for employees hired prior on or before December 31, 2014, and one year of service for employees hired on or after January 1, 2015.

Contributions

Participants may voluntarily make salary deferral contributions up to 100% of their pre-tax or post-tax compensation, as defined in the Plan. However, contributions may not exceed limitations established under Section 402(g) of the Internal Revenue Code of 1986 as amended ($18,000 at December 31, 2015). For 2015, Section 414(v) of the Internal Revenue Code of 1986 as amended allowed a maximum catch-up contribution of $6,000. Effective January 1, 2015, the Plan was amended and auto-enrollment of 2% was added to the Plan.

The Company, as required by the Plan, makes a safe harbor matching contribution in an amount equal to 100% of each participant's elective deferrals, up to a maximum amount equal to 4% of the participant's salary for each pay period during the Plan year. The Company may also elect to make an additional discretionary matching contribution. No discretionary matching contributions were made during 2015. Total matching contributions made to the Plan under safe harbor provision were $306,057 for the year ended December 31, 2015.

The Plan sponsor may make a discretionary non-elective profit sharing contribution to the Plan on the participant's behalf. The participant must meet eligibility requirements and be employed on the last day of the year to receive the contribution. The amount, if any, will be determined each Plan year by the Board of Directors. Total contributions made by the Plan sponsor under this provision were $527,901 for the year ended December 31, 2015.

Self-Directed Brokerage Accounts

Participants are permitted to elect to self-direct their account and may work with the investment advisor of their choice. Currently, the self-directed funds are held by the following: Charles Schwab, Spectrum Financial Advisors, Raymond James, UBS Financial Services, Morgan Stanley and Stifel Nicolaus.

Forfeitures

Forfeitures of the Plan are intended to pay plan expenses or reduce future employer contributions to the Plan. At December 31, 2015 and 2014, forfeited non-vested accounts totaled $109,839 and $14,239, respectively. During 2015, forfeitures in the amount of $26,115 were used to pay the administrative expenses of the Plan.

NOTE 2 GENERAL DESCRIPTION OF THE PLAN (CONTINUED)

Rollover Contributions

Participants may roll over their taxable portion of funds previously held for their account in another employee benefit plan to the Plan on a tax-free basis.

Participant Accounts

Each participant's account is credited with the participant's and the Company's contribution, and an allocation of the Plan earnings. Allocation of the Company's contribution is based on participant's current earnings as defined by the Plan document. Allocations of plan earnings are based on the participant's balances in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Payment of Benefits

Upon a participant's retirement after age 65, death, total and permanent disability, or other termination of employment with the Company, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service distributions are permitted for employees who have attained the age of 55. No more than two in-service distributions are permitted per participant per year, and must be made from accounts which the participant is fully vested.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the discretionary non-elective profit sharing contribution is based on years of continuous service. A participant becomes partially vested after two years of service with 100% vesting being attained after six years.

Year	Vesting
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 2 GENERAL DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

The Plan previously allowed participants to borrow up to the lesser of $50,000 or 50 percent of the participant's vested interest. All notes receivable from participants bear interest at a fixed rate over a term not more than five years. Interest rates are charged at market rates at the inception of the note receivable. Generally, payments of principal and interest are made through biweekly payroll deductions. Outstanding notes receivable from participants are $26,144 and $61,139 at December 31, 2015 and 2014, respectively.

Effective January 1, 2013, new loans are no longer permitted in the Plan.

NOTE 3 FAIR VALUE MEASUREMENTS

Under GAAP for fair value measurements and disclosures, a three-level hierarchy is established for fair value measurements based on transparency of valuation inputs as of the measurement date. The hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The three levels are defined as follows:

Level 1 – Inputs are unadjusted quoted prices for identical assets in active markets.

Level 2 – Inputs are observable quoted prices for similar assets in active markets.

Level 3 – Inputs are unobservable and reflect management's best estimated of what market participants would use as fair value.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual funds and Money markets: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Common stocks, preferred stock, exchange funds, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust: Valued at the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different approaches or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

Assets Measured at Fair Value on a Recurring Basis

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Description	December 31, 2015 Total	Level 1	Level 2	Level 3

Total assets	$ 22,959,158	$ 21,981,980	$ 977,178	$ -

NOTE 4 TAX STATUS OF PLAN

The Plan Sponsor has adopted a prototype plan which has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, which states that the provider's prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Furthermore, the Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, therefore, no provision for income taxes has been included in the Plan's financial statements. .

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 INFORMATION CERTIFIED BY ASSET CUSTODIAN

Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured by general type; however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 31, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Plan management has decided to adopt Part II early.

Reclassifications

Certain reclassifications were made to the 2014 amounts in order to be consistent with the classifications adopted for reporting in 2015. These reclassifications had no effect on net income.

Subsequent Events

In preparing its financial statements, the Plan has evaluated events subsequent to the balance sheet date through October 6, 2016, which is the date the financial statements were available to be issued.

NOTE 2 GENERAL DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

NOTE 2 GENERAL DESCRIPTION OF THE PLAN (CONTINUED)

General

The Plan is a safe harbor defined contribution profit sharing plan, which provides for participation of employees upon the attainment of age 21 and after the completion of 3 months of service. Employees are required to complete one year of service for employer matching and non-elective profit sharing contributions. The Plan is administered and sponsored by Commonwealth Orthopaedic Centers, P.S.C. (the "Company" and the "Plan Sponsor"). The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective January 1, 2015, eligibility for elective deferrals was amended to three months for employees hired prior on or before December 31, 2014, and one year of service for employees hired on or after January 1, 2015.

Contributions

Participants may voluntarily make salary deferral contributions up to 100% of their pre-tax or post-tax compensation, as defined in the Plan. However, contributions may not exceed limitations established under Section 402(g) of the Internal Revenue Code of 1986 as amended ($18,000 at December 31, 2015). For 2015, Section 414(v) of the Internal Revenue Code of 1986 as amended allowed a maximum catch-up contribution of $6,000. Effective January 1, 2015, the Plan was amended and auto-enrollment of 2% was added to the Plan.

The Company, as required by the Plan, makes a safe harbor matching contribution in an amount equal to 100% of each participant's elective deferrals, up to a maximum amount equal to 4% of the participant's salary for each pay period during the Plan year. The Company may also elect to make an additional discretionary matching contribution. No discretionary matching contributions were made during 2015. Total matching contributions made to the Plan under safe harbor provision were $306,057 for the year ended December 31, 2015.

The Plan sponsor may make a discretionary non-elective profit sharing contribution to the Plan on the participant's behalf. The participant must meet eligibility requirements and be employed on the last day of the year to receive the contribution. The amount, if any, will be determined each Plan year by the Board of Directors. Total contributions made by the Plan sponsor under this provision were $527,901 for the year ended December 31, 2015.

Self-Directed Brokerage Accounts

Participants are permitted to elect to self-direct their account and may work with the investment advisor of their choice. Currently, the self-directed funds are held by the following: Charles Schwab, Spectrum Financial Advisors, Raymond James, UBS Financial Services, Morgan Stanley and Stifel Nicolaus.

Forfeitures

Forfeitures of the Plan are intended to pay plan expenses or reduce future employer contributions to the Plan. At December 31, 2015 and 2014, forfeited non-vested accounts totaled $109,839 and $14,239, respectively. During 2015, forfeitures in the amount of $26,115 were used to pay the administrative expenses of the Plan.

NOTE 2 GENERAL DESCRIPTION OF THE PLAN (CONTINUED)

Rollover Contributions

Participants may roll over their taxable portion of funds previously held for their account in another employee benefit plan to the Plan on a tax-free basis.

Participant Accounts

Each participant's account is credited with the participant's and the Company's contribution, and an allocation of the Plan earnings. Allocation of the Company's contribution is based on participant's current earnings as defined by the Plan document. Allocations of plan earnings are based on the participant's balances in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Payment of Benefits

Upon a participant's retirement after age 65, death, total and permanent disability, or other termination of employment with the Company, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In-service distributions are permitted for employees who have attained the age of 55. No more than two in-service distributions are permitted per participant per year, and must be made from accounts which the participant is fully vested.

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the discretionary non-elective profit sharing contribution is based on years of continuous service. A participant becomes partially vested after two years of service with 100% vesting being attained after six years.

Year	Vesting

2	20%
3	40%
4	60%

NOTE 2 GENERAL DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

The Plan previously allowed participants to borrow up to the lesser of $50,000 or 50 percent of the participant's vested interest. All notes receivable from participants bear interest at a fixed rate over a term not more than five years. Interest rates are charged at market rates at the inception of the note receivable. Generally, payments of principal and interest are made through biweekly payroll deductions. Outstanding notes receivable from participants are $26,144 and $61,139 at December 31, 2015 and 2014, respectively.

Effective January 1, 2013, new loans are no longer permitted in the Plan.

NOTE 3 FAIR VALUE MEASUREMENTS

Under GAAP for fair value measurements and disclosures, a three-level hierarchy is established for fair value measurements based on transparency of valuation inputs as of the measurement date. The hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The three levels are defined as follows:

Level 1 – Inputs are unadjusted quoted prices for identical assets in active markets.

Level 2 – Inputs are observable quoted prices for similar assets in active markets.

Level 3 – Inputs are unobservable and reflect management's best estimated of what market participants would use as fair value.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual funds and Money markets: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Common stocks, preferred stock, exchange funds, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust: Valued at the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different approaches or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

NOTE 4 TAX STATUS OF PLAN

The Plan Sponsor has adopted a prototype plan which has received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, which states that the provider's prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Furthermore, the Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, therefore, no provision for income taxes has been included in the Plan's financial statements. .

NOTE 5 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
