Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part I	Asset and Liability Statement		(a) Beginning of Year	(b) End of Year
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
WABTEC Consolidated Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of WABTEC Consolidated Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by PNC Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule H, line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2015 and Schedule H, line 4j - Schedule of Reportable Transactions for the year ended December 31, 2015, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WABTEC CONSOLIDATED PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the WABTEC Consolidated Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a complete description of the Plan's provisions.

The sponsoring employer is Westinghouse Air Brake Technologies Corporation (the "Company").

General: The Plan is a defined benefit pension plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is a result of the consolidation of various pension plans maintained by the Company ("Prior Plans"), with such consolidation intended to allow for centralized administration of the Company's retirement plans.

The Plan is administered by a committee established by the Company's Board of Directors (the "Committee") to administer the Plan. The Committee has overall responsibility for the operation and administration of the Plan. The Committee also determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Pension Benefits: Eligible employees generally become fully vested after five years of service, as defined by the Plan. The Plan is frozen and no new employees are eligible to participate in the Plan; however, depending on the Prior Plan in which an individual participated before its merger into the Plan, a participant may continue to accrue a benefit under the Plan. The Plan provides for normal retirement benefits upon reaching age 65. Benefits are determined according to a benefit formula that is based on the Prior Plan in which an employee participated prior to the consolidation of the plans. The Plan also has provisions for early, deferred vested, disability and survivor benefits for those participants who are eligible to receive such benefits. Benefits are payable in the form of a lump-sum payment, a joint and survivor annuity, a single life annuity, or another available form of payment. Payment options may vary based upon the Prior Plan in which the employee originally participated.

If a participant has terminated employment and is eligible for a distribution, and if the actuarial equivalent single sum value of the participant's accrued benefit is \$5,000 or less, the accrued benefit will be distributed to the participant, at the participant's election, in a single sum cash payment or as a direct rollover to an eligible retirement plan; provided, however, if the participant fails to make an election, then his or her accrued benefit will be rolled over into an individual retirement account established by the Company on behalf of the participant (if the value of the benefit is between \$1,000 and \$5,000) or distributed to the participant in cash (if the benefit is \$1,000 or less).

If the actuarial equivalent single sum value of a participant's accrued benefit is between \$5,000 and \$50,000 (\$20,000 for periods before September 1, 2015) the participant (or the participant's surviving spouse, in the event of a participant's death) may elect to have his or her accrued benefit distributed in a lump sum or an annuity immediately upon termination of employment. Certain participants who previously participated in a prior plan for salaried employees are not subject to the \$50,000 lump sum maximum and may elect to take a lump sum distribution of their entire accrued benefit.

Funding: Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts computed by the Plan's actuary to fund at least the minimum funding calculation. The method and the actuarial assumptions utilized have been designed to provide sufficient funds to pay benefits as they become payable under the Plan. The Company met the minimum funding requirements of ERISA for the years ended December 31, 2015 and 2014. For the year ended December 31, 2015 and 2014, the Company did not make any contributions to the plan.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions or to terminate the Plan at any time subject to the provisions set forth in ERISA.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting.

Risks and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amount reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates and inflation rates, investment return and demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses: The reasonable expenses incident to the operation of the Plan, including but not limited to premiums for termination insurance payable to the Pension Benefit Guaranty Corporation, fees for professional, legal and accounting expenses, actuary fees, trustee fees, investment advisor fees and investment manager fees, are paid by the Plan. Administrative, professional services and asset management expenses paid by the Plan amounted to \$498,305 for the year ended December 31, 2015 (\$594,922 - 2014). In addition, certain investment related expenses are included in unrealized (losses) gains on investments presented in the accompanying statements of changes in net assets available for benefits.

Benefit Payments: Benefit payments to participants are recorded upon distribution.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recently Issued Accounting Pronouncements: In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Under the amendments, fully benefit-responsive investment contracts are measured, presented, and disclosed at contract value. It also clarifies the definition of what is considered a fully benefit-responsive investment contract. Part II eliminates the requirements to disclose individual investments that represent 5 percent of more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurement shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to early adopt Part II.

Subsequent Event: These financial statements have not been updated for subsequent events occurring after October 6, 2016, which is the date these financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

WABTEC CONSOLIDATED PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

Exchange Traded Funds (ETF's): Valued at the closing price reported on the active market on which the individual securities are traded. Exchange traded funds are classified as Level 1 investments.

Fixed Income Funds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit rating. When quoted prices are not available for similar or identical bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote if available. Fixed income funds are classified as Level 2 investments.

Money Market Funds: A money market fund is a public investment vehicle valued using \$1 for the net asset value (NAV) and is classified as a Level 1 investment.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is the closing price reported on the active market on which the securities are traded. Shares of registered investment companies are classified as Level 1 investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

NOTE 4. CERTIFICATION OF FINANCIAL INFORMATION

The following financial information relating to the Plan's assets at December 31, 2015 and 2014, as well as income and transactions for the years then ended have been derived from information provided by PNC Bank, N.A., the trustee of the Plan, and has been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent accountants.

NOTE 5. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered to date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and, (c) present employees or their beneficiaries. The accumulated benefits for active employees will equal the accumulation with interest, of the annual benefit accruals as of the information date. Benefits payable under all circumstances - retirement, death and termination of employment - are included, to the extent they are deemed attributable to employee service provided up to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal or retirement) between the valuation date and the expected date of payment. The actuarial cost method was computed using the projected unit credit method of funding. The significant actuarial assumptions used in the valuations were (a) life expectancy of participants (the RP-2015 mortality table projected generationally with the MP-2015 scale for healthy was used), (b) average investment rate of return of 5.70%, and (c) average assumed retirement age of 63. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2016. Had the valuations been performed as of December 31, 2015, there would be no material differences.

The following is a summary of the actuarial present value of accumulated benefits determined as of December 31, 2015:

Vested benefits:	
Participants currently receiving payment	\$ 29,488,666
Other participants	<u>9,903,661</u>
Total vested benefits	39,392,327
Non-vested benefits	<u>302,349</u>
Actuarial present value of accumulated benefits	<u>\$ 39,694,676</u>

WABTEC CONSOLIDATED PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

The following is a summary of the changes in the actuarial present value for the years ended December 31, 2015:

Actuarial present value of accumulated plan benefits at beginning of year	\$ 41,146,630
Increase (decrease) during the year attributable to:	
Benefits accumulated losses/(gains)	576,757
Changes in Plan assumptions	(661,358)
Increase in interest due to decrease in discount period	2,261,470
Benefits paid	<u>(3,628,823)</u>
Net (decrease)/increase	<u>(1,451,954)</u>
Actuarial present value of accumulated plan benefits as of the end of the year	\$ <u>39,694,676</u>

For the plan year ending December 31, 2015 the changes in actuarial assumptions were as follows: 1. The expense component of normal cost decreased from \$515,000 to \$465,000 to reflect expectations for the current year. 2. The mortality table used to calculate the funding target and the target normal cost was changed from the RP-2014 tables projected generationally with the MP-2014 scale to the RP-2015 mortality tables projected generationally with the MP-2015 scale.

For the plan year ending December 31, 2015 the changes in benefits valued were as follows: 1. The Plan was amended to allow lump sums to be paid if the lump sum value is under \$50,000 and 2. Due to the lack of experience, complexity of programming, and minimal impact on the pension obligation, the lump sum feature for Non-Cash Balance participants is not valued.

NOTE 6. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated January 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. The Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in process.

NOTE 7. PARTIES-IN-INTEREST

Fees paid for legal, accounting, actuarial, trustee, investment advisor, investment management, and other professional services amounted to \$498,305 for the year ended December 31, 2015 (\$594,922 - 2014). Certain Plan investments were held by Bank of New York Mellon during the year ended December 31, 2014. Bank of New York Mellon was the custodian until August 2014, therefore, those transactions qualify as party-in-interest transactions. Investment gains and income on assets invested with this custodian, net of investment fees, amounted to \$2,428,887 for the year ended December 31, 2014.

WABTEC CONSOLIDATED PENSION PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 8. PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b. Other vested benefits insured by the Pension Benefits Guaranty Corporation (PBGC) up to the applicable limitations (discussed below).
- c. All other vested benefits not insured by the PBGC.
- d. All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pension. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For plan terminations occurring during 2015 the monthly ceiling was \$5,011 (\$4,943 - 2014). That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years of age at the time of retirement or plan termination, whichever comes later. For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceiling is actuarially adjusted.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

At-risk assumptions	For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect the most valuable form of benefit under the plan.
Timing of benefit payments	Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

Methods

Valuation date	First day of plan year
Funding target	Present value of future benefits based on credited service and average pay as of the beginning of the plan year
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year.
Actuarial value of assets	The asset valuation method is an average of the adjusted market value for each quarter during the last 3 months preceding the valuation date (two data points). The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued based on discussions with Wabtec Corporation regarding the likelihood that these benefits will be paid. Willis Towers Watson has reviewed the plan provisions with Wabtec Corporation and, based on that review, is not aware of any significant benefits required to be valued that were not.

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Lump sum conversion rate	As required by IRC 430, lump sum benefits are valued using "annuity substitution", so that the interest rates assumed are effectively the same as described above for the discount rate.
Annual rates of increase in compensation	Assumed increases were chosen by the plan sponsor and, as prescribed by IRC §430(h), they represent an estimate of future experience.

Westinghouse Air Brake Technologies Corporation (EIN 25-1615902)
Wabtec Consolidated Pension Plan (PN 001)

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Termination rates were based on a published table for pension participants believed to have similar characteristics to the plan population.
Retirement	Retirement rates were based on an experience study conducted by the prior actuary, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.
Percent married	The assumed percentage married is based on general population statistics on the marital status of individuals of retirement age.
Spouse age	The assumed age difference for spouses is based on general population statistics of the age difference for married individuals of retirement age.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

**Change in assumptions since
prior valuation**

Other than the prescribed changes in the discount rate and mortality, the following changes in assumptions and methods were made as part of the valuation:

- The assumed plan-related expenses added to the target normal cost were changed from \$300,000 for 2014 to \$515,000 for 2015.

Other Plan Provisions

Forms of payment	The automatic form for unmarried participants is a life annuity and the automatic form for married participants is a 50% joint and survivor annuity paid for through the reduction in accrued benefit. Optional forms include an actuarially equivalent life annuity, or a 50%, 67%, 75%, or 100% joint and survivor annuity. The plan also pays lump sums less than \$20,000 using the November 417(e) rates and required PPA mortality. For the 67%, 75%, and 100% joint and survivor benefit, conversion factors use the actuarial equivalence of RR 2001-62 mortality and 5.0%. For the 50% joint and survivor benefit, conversion factors use the greater of the plan's Schedule A table factors or the actuarial equivalence of RR2001-62 mortality and 5.0%.
Pension Increases	None
Plan participants' contributions	None
Maximum on benefits and pay	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2015, the limit is \$210,000.

Future Plan Changes

No future plan changes were recognized in determining minimum and maximum contributions.

Changes in Benefits Valued Since Prior Year

During 2014, a one-time opportunity was extended to terminated vested participants in the plan allowing the participants to elect to receive their current vested accrued benefit in the form of a lump sum. The plan was also amended, effective in 2014, to allow lump sums to be paid if the lump sum value is \$20,000 or less.
