ALFRESCO SOFTWARE AMERICAS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Alfresco Software Americas, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was adopted by Alfresco Software Americas, Inc. (the “Company”) on April 1, 2006. The Plan document was most recently amended and restated effective June 24, 2015. The Plan is defined as a contribution retirement plan containing a cash or deferred arrangement described in Internal Revenue Code (“IRC”) Section 401(a). All employees of the Company meeting the minimum age requirement of 21 years of age are eligible to participate in the Plan. Participants may enter the Plan on the first day of the month following eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the IRC.

Amendment

The Plan document was amended and restated effective June 24, 2015 to be in compliance with current laws and regulations.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the trustee). The Company has contracted with Fidelity Management Trust Company (“Fidelity”) to act as trustee of the Plan and an affiliate (Fidelity Workplace Services LLC) to process and maintain records of participant data.

Contributions

Plan participants may begin deferring a portion of their eligible compensation into the Plan on a before-tax basis (up to 60%), pursuant to IRC Section 401(k) and the limits imposed by Section 402(g) of the IRC. The Plan has an automatic enrollment feature at 2% of eligible compensation, with 1% annual increases up to 10% of eligible compensation, upon the participant’s entry date, unless the employee opts out within a reasonable time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct their investments into various investment options offered by the Plan.

Additionally, the Plan provides for a matching employer contribution. During the year ended December 31, 2015, the Company made matching contributions of approximately \$598,000.

Participant Accounts

The value of each participant’s account is updated each business day to reflect any contributions, exchanges between investment options, investment earnings or losses for each investment option, and withdrawals. Certain fees are charged to fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

ALFRESCO SOFTWARE AMERICAS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan, continued

Vesting

Participants are fully vested in their contributions and rollovers, as well as all earnings on these contributions.

Participants vest in employer matching contributions after one year of vesting service. Participants hired prior to January 1, 2014 are fully vested in their employer matching contributions.

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000 reduced by the highest outstanding loan balance during the prior twelve month period. Participants may only have one outstanding loan at a time. Participant notes receivable are secured by the balance in the participant's account. Participant notes receivable must be repaid within a five year period, except for loans used to purchase a primary residence, which have a maximum term of ten years. The employer shall determine a reasonable interest rate based on prevailing interest rates charged by persons in the business of lending money for loans which would be made for similar circumstances. The interest rate on participant notes receivable at December 31, 2015 ranged from 5.25% to 7.00% per annum. Principal and interest are paid ratably through regular payroll deductions or payments to the Plan.

Payments of Benefits

When participants leave the Company upon normal retirement age (65) or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, vested employer contributions, rollovers, and the net earnings thereon in a single lump-sum payment.

The Plan allows for in-service withdrawals at age 59½ and hardship withdrawals, as defined by the Plan document.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan administrator. Account values will be determined as of the day the distribution is made.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, death, or termination of employment. Vested account balances of \$1,000 or less will be automatically distributed to participants as described above.

Forfeitures

Forfeitures that occur during a Plan year will be used to reduce expenses related to the administration of the Plan and to reduce future employer contributions. At December 31, 2015 and 2014, forfeited non-vested accounts totaled approximately \$6,600 and \$9,800, respectively. During 2015, approximately \$18,200 of forfeitures were used to reduce employer contributions and \$600 to pay Plan expenses.

Investment Options

Upon enrollment in the Plan, participants may direct his or her contributions in percentage increments into a series of mutual funds and a money market fund offered by the Plan. Participants may change their investment options at any time.

ALFRESCO SOFTWARE AMERICAS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and ERISA.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts*, (Part II) *Plan Investment Disclosures*, and (Part III) *Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). Under Part I of the new ASU, fully benefit-responsive investment contracts are to be measured, presented, and disclosed at contract value only. Part II of the ASU eliminates the disclosure requirements for 1) individual investments that represent 5 percent or more of net assets available for benefits and 2) the net appreciation or depreciation for investment by general type (disclosure in the aggregate is still required), for both participant-directed investments and nonparticipant-directed investments. Part III of the ASU permits the election of a practical expedient to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with the month-end. Any significant contribution, distribution or other event that occurs between these two measurement dates is required to be disclosed. The amendments in all three parts of the ASU take effect for fiscal years beginning after December 15, 2016, with earlier application permitted. Parts I and II are required to be presented retrospectively for all periods presented, while Part III is to be applied prospectively. The Plan is currently evaluating the impact of this new guidance on its financial statements and related disclosures.

Investment Valuation and Income Recognition

All investments are recorded at fair value based upon active market values determined by investment advisors as required under ERISA regulations.

Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation (depreciation) for the year is reflected in the statement of changes in net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies, continued

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses were primarily comprised of legal fees, and expenses relating to the maintenance of the Plan's records.

Recognition of Benefit Payments

Benefit payments are recorded when paid.

5. Fair Value Measurement

Accounting Standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under these accounting standards are described below:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3: inputs are unobservable inputs for the asset or liability.

The Plan's valuation methodology used to measure the fair values of mutual and money market funds was derived from quoted market prices, as all of these instruments have active markets.

6. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments in mutual and money market funds are managed by Fidelity, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan has adopted a volume submitter defined contribution plan document that has received an opinion letter from the Internal Revenue Service dated March 31, 2014. The Plan document has been amended since receiving that opinion letter. However, the Plan administrator believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC and ERISA, and that the trust, which forms a part of the Plan, is exempt from income tax. Accordingly, no provision has been made for federal and state income taxes.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, distributions will be made to participants as described in the Plan document.

9. Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks will occur in the near term that could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 to the Form 5500:

11. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan administrator evaluated subsequent events for recognition and disclosure through October 7, 2016 the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred, since December 31, 2015 that require recognition or disclosure in such financial statements.
