International Systems of America, LLC 401(k) Retirement Plan
Notes to Financial Statements
December 31, 2015 and 2014

Note A - Description of Plan

The following description of the International Systems of America, LLC 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan covering all eligible employees of International Systems of America, LLC (the "Company" or "Employer"). An employee becomes eligible to participate in the Plan on the first quarter date following the attainment of age 18. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
2. Contributions: Each year, participants may elect to contribute up to 100% of their annual pre-tax compensation, as defined in the Plan, up to the maximum amount established by the Internal Revenue Code ("IRC"). The Plan provides for automatic enrollment of eligible participants at a deferral rate of 2% of eligible compensation, unless the participant affirmatively elects otherwise. The Company may also make discretionary contributions to the Plan. For the 2015 Plan year, the Company made a discretionary matching contribution equal to 100% of the first 2% of compensation each eligible participant contributed to the Plan. No other additional discretionary contributions were made for the 2015 Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Contributions are subject to certain limitations.
3. Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant becomes 100% vested after five years of credited service.
5. Investment Options: Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.
6. Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of their vested account balance or \$50,000, reduced by the excess of the participant's highest outstanding loan balance during the twelve months prior to the date of the loan. The term of the loan may not exceed five years. Participants are limited to one outstanding loan at any given time. The loans are secured by the balance in the participant's account and bear interest upon the prime rate in effect at Branch Banking and Trust Company published on the date of the loan plus 1%. Principal and interest is repaid ratably through payroll deductions.
7. Payment of Benefits: Upon termination of service, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Installment payments are only allowed if participant is subject to lifetime required minimum distributions. Hardship and in-service withdrawals are also allowed as defined in the Plan agreement.

Note A - Description of Plan (Continued)

8. Forfeited Accounts: The non-vested portion of former participants' accounts may be used to reduce the amount of future employer contributions. Forfeited accounts totaled \$19,370 and \$13,520 at December 31, 2015 and 2014, respectively. There were no forfeitures used by the Plan during the Plan year ended December 31, 2015.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative U.S. GAAP.
2. Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

4. Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.
5. Corrective Distributions Payable: Corrective distributions payable represent amounts withheld from participants in excess of IRC limitations, and related earnings thereon, that are required to be refunded prior to December 31 of the subsequent year.
6. Payments of Benefits: Benefits are recorded when paid.
7. Administrative Expenses: Administrative expenses of the Plan are paid by the Company or Plan participants, as defined in the Plan agreement.
8. Investment Management Fees and Operating Expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.
9. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report which represents the date the financial statements were available to be issued.

Note C - Information Certified by the Plan's Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Branch Banking and Trust Company ("BB&T"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants information reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014, the Schedule of Assets (Held at End of Year) at December 31, 2015, and the related interest and dividends, interest income on notes receivable from participants, and net depreciation in fair value of investments information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

Note D - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Associate Insured Deposit Account: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note D - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 1,464,172	\$ -	\$ -	\$ 1,464,172
Associate Insured Deposit Account	-	19,402	-	19,402
Investments at Fair Value	<u>\$ 1,464,172</u>	<u>\$ 19,402</u>	<u>\$ -</u>	<u>\$ 1,483,574</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2014:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 1,397,553	\$ -	\$ -	\$ 1,397,553
Investments at Fair Value	<u>\$ 1,397,553</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,397,553</u>

Note E - Associate Insured Deposit Account

The Plan invests in an associate insured deposit account, which is a deposit account with BB&T. Under the terms of the account agreement, BB&T is required to set aside collateral equal or greater in market value to the amount on deposit in the account in excess of the amount insured under the Federal Deposit Insurance Act. The interest rate resets monthly based on market yields for United States Treasury Notes having a one-year maturity. The rate credited is based on the average yield as of the 30th day of each month plus fifty basis points. The crediting interest rate for the period of January 1, 2015 to December 31, 2015 ranged from .63 percent to .89 percent and the average yield rate was .77 percent.

Note F - Related Party Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company.

Included in Plan assets is an associate insured deposit account sponsored by BB&T. BB&T is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest. The Plan paid fees to BB&T totaling \$18,101 during the Plan year ended December 31, 2015.

Note G - Income Tax Status

The Internal Revenue Service ruled on March 31, 2014 that the Non-Standardized Prototype Plan (the prototype of BB&T upon which the Plan is based), as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax exempt.

Note G - Income Tax Status (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note J - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2015 (no reconciliation required at December 31, 2014):

Net Assets Available for Benefits per the Financial Statements	\$ 1,543,720
Corrective distributions payable	<u>16,906</u>
Net Assets Available for Benefits per the Form 5500	<u>\$ 1,560,626</u>
