NOTE 1 - Description of the Plan

The following description of the Alden Management Services, Inc. & Affiliates 401(k) Plan (the "plan") provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the plan's provisions.

General

The plan is a defined contribution plan established by Alden Management Services, Inc. & Affiliates (the "company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All non-union employees who have completed at least three months of service or all members of Local Union 1546 who have completed at least six months of service during the plan year, as defined in the plan, are eligible to participate and are automatically enrolled unless a waiver is received. Employees must have completed at least 1,000 hours of service with the company during the preceding 12 month period, as defined in the plan, and be employed on the last day of the plan year to be eligible for profit sharing and company matching contributions. Upon enrollment in the plan, a participant may direct employer and employee contributions to any combination of available investment options maintained by Transamerica Life Insurance Company. The minimum amount which may be invested in any one option is 1% of the contribution.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), subject to IRS contribution maximums. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

During 2015, the company matched 3% of the participants' contribution. The company may, at its option, increase or decrease the matching contribution percentage. Matching contributions of $151,691 were made by the company for the year ended December 31, 2015. Annual contributions from all sources are subject to certain limitations as defined by the IRS.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction rollover contributions, and company matching contributions plus earnings thereon.

NOTE 1 - Description of the Plan (cont.)

Notes Receivable from Participants

The plan agreement includes provisions authorizing loans from the plan to participants. The maximum amount of a loan shall not exceed the lesser of $50,000 or 50% of the participant's vested account balance as of the valuation date preceding the loan. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 7.25%. The term of the loan cannot exceed five years, unless the purpose of the loan, as determined at the time of the application, is to acquire or construct a principal residence for the participant, then the repayment of the loan shall not exceed 30 years. Principal and interest is paid ratably through payroll deductions.

Deemed Distributions

The plan treats participant loans that are in default due to a missed payment, and outstanding loan balances when a terminated participant takes a distribution, as deemed distributions.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The plan provides for normal retirement at age 59 1/2. If the value of the vested benefit is $5,000 or less, a lump-sum distribution will be made; otherwise, the participant may elect to receive the benefit as a lump-sum payment or in installments over a period of time not to exceed the participant's life expectancy determined at the time of distribution. For termination of service due to other reasons, a participant may receive the vested portion of their account balance as a lump-sum distribution. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the plan.

Plan Amendment

The company has the right to amend the plan at any time by action of its Board of Directors. In no event, however, will an amendment retroactively reduce the accrued benefit of any participant or beneficiary unless such amendment is required by the Internal Revenue Code (IRC).

Termination of Plan

Although it has not expressed any intent to do so, the company has the right under the plan to terminate the plan at any time subject to the provisions of ERISA.

Administrative Expenses

At the company's discretion, administrative expenses may be paid by the company or the plan. For the years ended December 31, 2015 and 2014, the company elected to pay some administrative expenses.

Reclassification

For comparability, certain 2014 amounts have been reclassified to conform with classifications adopted in 2015.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States (US GAAP) requires the plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the Transamerica Stable Value Advantage fund carried at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

US GAAP requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued interest.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management of the plan has evaluated subsequent events through September 22, 2016, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the plan's financial statements.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. Part I requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III of the update permits plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. Part III is not applicable to the plan. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application. Management has elected to early adopt the provisions of Parts I and II of this new standard. Accordingly, these provisions were retrospectively applied.

NOTE 3 - Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Accordingly, Transamerica Life Insurance Company, the trustee of the plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2015 and 2014 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015.

NOTE 4 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled Separate Accounts: Valued at the daily closing price of the underlying investments, which are actively traded securities.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 42,428,590	$ -	$ -	$ 42,428,590
Investments at Fair Value	$ 42,428,590	$ -	$ -	$ 42,428,590

NOTE 4 - Fair Value of Financial Instruments (cont.)

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 40,971,506	$ -	$ -	$ 40,971,506
Investments at Fair Value	$ 40,971,506	$ -	$ -	$ 40,971,506

NOTE 5 - Transamerica Stable Value Advantage Fund

The plan has entered into a fully benefit-responsive investment with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. This contract met the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a crediting rate based on a formula established by the contract issuer. The crediting rate is reviewed on a semi-annual basis for resetting.

The plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The plan's failure to qualify under Section 401(a) of the internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the internal Revenue Code.

2. Premature termination of the contracts.

3. Plan termination or merger.

4. Changes to the plan's prohibition on competing investment options.

5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the plan's normal operations.

No events are probable of occurring that might limit the ability of the plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

NOTE 5 - Transamerica Stable Value Advantage Fund (cont.)

In addition, certain events allow the issuer to terminate the contracts with the plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE 6 - Refund of Excess Contributions

At December 31, 2015 and 2014, a payable of $53,738 and $82,861, respectively, is recorded for amounts refundable by the plan to participants for contributions made in excess of amounts allowed by the IRS.

NOTE 7 - Amount Owed to Participants Withdrawing From the Plan

There were no amounts owed to participants who have withdrawn from the plan as of December 31, 2015. Amounts owed to participants who have withdrawn from the plan total approximately $5,896 as of December 31, 2014 and were included in net assets available for benefits at December 31, 2014.

NOTE 8 - Parties In Interest

Certain plan investments are shares of pooled separate accounts or stable value funds managed by Transamerica Life Insurance Company, the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for investment expenses amounted to $58,551 for the year ended December 31, 2015.

Fees for administrative expenses paid by the plan sponsor on behalf of the plan totaled $25,042 for the year ended December 31, 2015.

The plan allows for participant loans, which also qualify as party-in-interest transactions.

NOTE 9 - Tax Status

The plan obtained its latest determination letter on June 22, 2005, in which the IRS stated that the plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the plan is qualified and the related trust is tax exempt.

US GAAP requires management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2015, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

As of December 31, 2015 and 2014, the plan had investments of $10,130,360 and $9,396,043, respectively, that were concentrated in two funds.
