NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Cleaner's Supply and Mity Forms Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Cleaner's Supply, Inc. and Mity Forms, Inc., a participating employer (collectively referred to as "the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. Plan Management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

The Plan covers all employees of the Company, except for employees covered by a collective bargaining agreement. Employees are able to participate in the foregoing types of contributions on the first day of the month following satisfaction of eligibility requirements.

Administration of the Plan

The Company's contributions were held and managed by Fidelity Management Trust Company, for the period January 1, 2014 through July 31, 2015, which invested cash received and interest, and made distributions to participants. For the period August 1, 2015 through December 31, 2015 the Company's contributions were held and managed by NBT Bank (the Trustee), which invests cash received and interest, and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Recordkeeping and investment advisory fees may be paid from Plan assets.

NOTE 1 – DESCRIPTION OF PLAN – Continued

Contributions

Participant Contributions

Upon attainment of age 21 and completion of six months of service, employees may make pre-tax contributions in the form of salary reductions subject to certain limitations under the terms of the Plan and Internal Revenue Code (IRC). The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan on the first day of the month following satisfaction of eligibility criteria, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants' deferral rate is three percent, and their contributions are invested in a designated blend fund until participant elects otherwise.

Employer Contributions

Employees are eligible for employer match contributions on the first day of the month immediately following attainment of age 21 and completion of six months of service.

Employees are eligible for employer profit sharing contributions on the first day of the month immediately following attainment of age 21 and completion of one year of service and 1,000 hours. Additionally, in order to receive employer profit sharing contributions for a given Plan year, an employee must be employed by the Company on the last day of the Plan year. Effective August 1, 2015, the Plan was amended and the service requirement changed from one year of service to 6 months of service. Then, effective January 1, 2016, the minimum age requirement for all contribution types changed from 21 years old to 18 years old and employees no longer need to reach 1,000 hours to be eligible for the employer profit sharing contribution. The vesting computation period changed from the hours of service method to the elapsed time method. Effective January 1, 2016, eligible Plan compensation for purposes of the employer profit sharing contribution is based on the Plan year. Prior to January 1, 2016, the eligible compensation used in the profit sharing computation was based on earnings while a Plan participant.

The Company match contributions and profit sharing contributions are made to the Plan at the discretion of management each year. The Company's contributions totaled $345,847 and $291,336 in 2015 and 2014, respectively.

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 – DESCRIPTION OF PLAN – Continued

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in Company contributions is based on years of service, as defined by the Plan Document. A participant is 100% vested in employer match contributions and profit sharing contributions, plus any earnings thereon, after six years of service.

Participant Accounts

Each participant's account is credited with participant contributions, employer match contributions, employer profit sharing contributions, rollover contributions, and actual earnings or losses thereon. Investment income and Plan expenses are allocated to participant accounts based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant-directed.

Payment of Benefits

Benefits are available for distribution when participants attain normal retirement age of 65, become disabled, or terminate employment with the Company, or upon death. Participants may elect to receive a distribution of their vested account balance in the form of a single lump-sum payment or a rollover contribution to another qualified plan. Participants who have attained age 59-1/2 may also be eligible for in-service distributions.

Hardship Withdrawals

Hardship withdrawals from the Plan are permitted under certain circumstances.

Forfeitures

If employees' participation in the Plan is terminated prior to being 100% vested in employer match contributions, employer profit sharing contributions, and the actual earnings thereon, then the non-vested portion is forfeited in the year of distribution of the vested balance. Forfeitures are retained in the Plan and are first used to pay the Plan's administrative expenses; any remaining forfeitures are used to reduce future employer contributions. Forfeitures totaling $5,800 were used to offset plan expenses for both 2015 and 2014. Forfeitures applied to reduce employer contributions for the years ended December 31, 2015 and 2014 amounted to $16,209 and $-0-, respectively. At December 31, 2015 and 2014, forfeitures available for future offset totaled $26,668 and $14,679, respectively.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in the common collective trust (Federated Capital Preservation Fund at December 31, 2015 and Putnam Stable Fund at December 31, 2014) are carried at contract value, which represents invested principal plus contractual interest earned thereon, and approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan also presents in the statements of changes in net assets available for benefits the net appreciation/depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation/depreciation on those investments.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Expenses of administering the Plan during 2015 and 2014 were paid using Plan assets.

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES – Continued

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Change in Accounting Policy

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

Subsequent Events

Management has evaluated subsequent events through October 11, 2016, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 3 – CERTIFIED INVESTMENT INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained a certification from the Trustee that all of the information provided by them is complete and accurate.

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by NBT Bank (the Trustee) for the period from August 1, 2015 through December 1, 2015 and Fidelity Management Trust Company (the former Trustee), for the period from January 1, 2015 through July 31, 2015 and for the year ended December 31, 2014:

	2015	2014
Investments, at Fair Value	$ 6,572,143	$ 5,980,638
Interest and Dividends	$ 342,940	$ 335,605
Net Change in Fair Value of Investment	$ (369,541)	$ (44,019)

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Plan reports fair value measurements using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 4 – FAIR VALUE MEASUREMENTS – Continued

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Cash and Cash Equivalents – Valued at the net asset value.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust – Valued at the net asset value, based on the fair values of underlying securities. Fair values for the underlying assets are based on either quoted prices in active markets or observable inputs or quoted prices in inactive markets (Level 2 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 4 – FAIR VALUE MEASUREMENTS – Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015

NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 5 – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company, through a prototype plan letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company was the Trustee of the Plan's assets for the period January 1, 2015 through July 31, 2015 and NBT Bank became the Trustee of the Plan's assets effective August 1, 2015. As such, transactions between Fidelity Management Trust Company and NBT Bank and the Plan during the periods specified above qualify as party-in-interest transactions.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
