SIMRAD NORTH AMERICA 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Simrad North America 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution and profit sharing plan covering substantially all employees of Simrad North America, Inc.; Kongsberg Underwater Technology, Inc.; Kongsberg Maritime, Inc.; Kongsberg Defense Corp.; Kongsberg Oil and Gas Technologies, Inc.; GlobalSim, Inc.; Kongsberg Maritime Simulation, Inc.; Hydroid, Inc.; and Kongsberg Gallium Corporation (collectively, the Companies). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Companies are the Plan's sponsor and Simrad North America, Inc. serves as plan administrator.

Eligibility – Employees of the Companies are eligible to participate in the Plan upon reaching age 21 and after completing three months of service.

Contributions – Participants may elect to contribute up to 100% of their eligible pre-tax annual compensation, as defined by the plan agreement. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans.

The Companies provide a matching contribution equal to 100% of each participant's contribution up to a maximum of 5% of eligible compensation. The Companies may also, at their discretion, make a profit sharing contribution. Participants must be employed on the last day of the year and have worked 1,000 hours during the year to be eligible for the discretionary profit sharing contribution. The Companies did not make a discretionary profit sharing contribution to the Plan for the year ended December 31, 2015.

Contributions are subject to regulatory limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of employer contributions and plan earnings. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their contributions and the Companies' contributions plus actual earnings thereon. Vesting in the discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on the number of years of service, as defined by the Plan agreement. A participant becomes 20% vested in the discretionary profit sharing contribution after one year of service and ratably thereafter until 100% vested after five years of service.

SIMRAD NORTH AMERICA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan (Continued)

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the plan administrator. Loan terms range from one to five years, unless the loan is used to acquire a principal residence. Principal and interest are paid ratably through payroll deductions. As of December 31, 2015, interest rates on outstanding loans are 3.25% with various maturities through November 2020.

Payment of Benefits – On termination of service due to death, disability, or retirement, participants may elect to receive a lump-sum amount or payment in annual installments. For termination of service due to other reasons, participants may receive the value of their vested account balance as a lump-sum distribution.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and used to reduce future employer matching contributions or pay plan expenses.

Administrative Expenses – In addition to expenses paid by the Plan, certain administrative expenses are paid by the Companies.

Plan Termination – Although they have not expressed any intention to do so, the Companies may terminate the Plan at any time. If the Plan is terminated, all amounts credited to participants' accounts become fully vested.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates – The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

SIMRAD NORTH AMERICA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation – Investments are stated at fair value as certified by the Plan’s trustees, Principal Life Insurance Company and Principal Trust Company (collectively, the Trustees). Principal Life Insurance Company certifies the fair value of the pooled separate accounts and collective trust held by the Plan while Principal Trust Company certifies the fair value of the mutual funds held by the Plan.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income Recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes Receivable from Participants – Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the plan agreement.

Payment of Benefits – Benefits are recorded when paid.

Subsequent Events – The Plan has evaluated subsequent events through October 6, 2016, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- | | |
|----------------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |

SIMRAD NORTH AMERICA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3 – Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds – Shares of mutual funds are valued at the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

Stable Value Fund – A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued using the NAV practical expedient, an estimate of fair value. This NAV practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the plan initiates a full redemption of the trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled Separate Accounts – Units held in pooled separate accounts (PSAs) are valued using the NAV practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a PSA is calculated based on a compilation of primarily observable market information.

Note 4 – Tax Status

The Plan is based on a prototype defined contribution plan that received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, which stated that the prototype plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the prototype plan and the Plan have been amended since the date of the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

SIMRAD NORTH AMERICA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6 – Party-In-Interest Transactions

Plan investments include units of pooled separate accounts and a collective trust managed by The Principal Financial Group. The Trustees are affiliates of The Principal Financial Group and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Note 7 – Information Certified by the Trustees

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees have certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014.
- Net investment loss reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2015.
- Investments reflected on the schedule of assets (held at end of year).
