NOTE A - DESCRIPTION OF PLAN

The following description of the SWS of New York Sales, Warehouse and Clerical 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Southern Wine and Spirits of New York, Inc. (the "Company"). Employees with three months of service, are at least 21 years old and are a member of the Wholesale Wine Salesman's union Local 18D or the united Food & Commercial Workers International Union Local 1D are eligible for participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may elect to contribute up to 100% of their annual pretax compensation, as defined in the Plan, subject to maximum dollar limitations established by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain limitations under the IRC. Participants may also contribute amounts representing distributions from other qualified plans ("rollovers"). For the year ended December 31, 2015, the total maximum allowable tax deferred contribution to the Plan under the IRC from employee sources was $18,000, plus catch-up contributions of $6,000 for eligible employees.

The Plan provides that the Company may make matching contributions and discretionary profit sharing contributions. The Company may make a matching contribution equal to a uniform percentage of employee salary deferrals, which will be determined each year. Each year, the Company may make a discretionary profit sharing contribution. In order to be eligible to share in the profit sharing contributions, the employee must be actively employed on the last day of the Plan year and completed a year of service during the Plan year. Discretionary profit sharing contributions are calculated as follows:

$$\text{Discretionary Contribution} \times \frac{\text{Employee's Compensation}}{\text{Total Compensation of all Participants Eligible to Share}}$$

For the year ended December 31, 2015, there were no matching contributions or discretionary profit sharing contributions.

(continued)

NOTE A - DESCRIPTION OF PLAN - Continued

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's matching and profit sharing contribution, if any, and investment earnings. Allocations are based on participant earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company contributions as follows:

Years of Service	Percentage Vested
One year	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years or more	100%

Application of Forfeitures

Forfeitures of nonvested account balances of the Company contributions are used by the Company to reduce the discretionary matching contributions for the Plan year in which the forfeiture occurs. Forfeitures of nonvested account balances of the profit sharing contributions are reallocated to all eligible participants on a pro-rata basis. During 2015, there were no forfeitures. There were no remaining unallocated Plan forfeitures as of December 31, 2015 and 2014.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions, plus actual earnings thereon, to be invested in any of the investment options offered by the Plan. Participants may change their investment options daily.

(continued)

NOTE A - DESCRIPTION OF PLAN - Continued

Payment of Benefits

Upon termination of service, benefits relating to employee contributions and vested Company contributions are distributed or rolled over if the total investment amount is $5,000 or less. If the investment amount is greater than $5,000, a participant may elect to receive their vested account value in a lump sum amount. Upon termination of service, an automatic lump-sum distribution will be made for vested amounts less than $1,000 and unless otherwise directed by the participant. Automatic rollovers will be made from vested amounts between $1,000 and $5,000. Benefits are recorded as deductions from net assets available for benefits when paid.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range up to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions. Each participant may have two loans outstanding at any one time.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by the Plan must be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of the Plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fully benefit-responsive stable value collective trust fund (the SVCF). The statements of net assets available for benefits present the fair value of the SVCF as well as the adjustment of the fund from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract-value basis.

(continued)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (see Note D - Fair Value Measurements for additional information). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The mutual funds provide for daily redemptions by the Plan at reported NAV with no advance notice requirement.

Net Depreciation in Fair Value of Investments

Net realized and unrealized depreciation of investments is recorded in the accompanying statement of changes in net assets available for benefits as net depreciation in fair value of investments and includes gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits or the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

(continued)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Administration of the Plan

Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan. Certain administration expenses, such as professional fees, are paid directly by the Company. Fees paid by the Company were approximately $142,000 for 2015.

NOTE C - INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets at December 31, 2015:

	2015	2014

Mutual Funds	$ (1,491,141)
Common/Collective Trust	45,360
	$ (1,445,781)

NOTE D - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds – Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common/Collective Trust – The stable value collective fund (SVCF) is stated at fair value and then adjusted to contract value. Fair value of the SVCF is measured as the NAV per unit based on the fair value of the underlying investments (primarily guaranteed investment contracts and synthetic investment contracts), and contract value is the principal plus accrued interest. The investment in SVCF is classified within Level 2 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

(continued)

NOTE E - STABLE VALUE FUND

The Putnam Stable Value Fund (the Fund) is a common/collective trust fund. The Fund may invest in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses.

(continued)

NOTE E - STABLE VALUE FUND - Continued

The statements of net assets available for benefits present an investment contract at fair value, as well as an additional line item showing an adjustment of the fully benefit-responsive contract from fair value to contract value.

The credit rate is calculated by a formula specified in each wrapper agreement and is typically adjusted quarterly depending on the contract. In a wrapper contract structure, the underlying investments are owned by the Fund and held in trust for plan participants. The wrapper contract amortizes the realized and unrealized gains and losses on underlying bonds, typically over the duration of the bonds, through adjustments to the future interest crediting rate. The crediting rate is designed to result in the accrual of income over time equal to the cumulative market return on the covered assets net of fees, but without the fluctuations in value typically associated with fixed income securities.

The average yield at fair value and weighted average crediting rate for the Fund at December 31, 2015 and 2014 are as follows:

	2015	2014
Based on actual earnings	1.76%	1.93%
Based on interest rate credited to participants	1.92%	1.65%

Certain events may limit the ability of the Fund to transact at contract value. Such events include: complete or partial Plan termination or merger with another plan; failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; transfer of assets from the Fund directly into a competing investment option; or any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

NOTE F - RELATED PARTY TRANSACTIONS

Notes receivable from participants are considered party-in-interest transactions.

Administrative expenses paid directly to the custodian and investment advisor totaled approximately $12,000 during the year ended December 31, 2015.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE H - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 8, 2011, that the Plan and related trust are designed in accordance with the applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to tax examinations for years prior to 2012.

NOTE I - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mercer Trust Company, the Trustee of the Plan, has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

a. Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.

b. Net investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

c. Schedule H, Line 4i – Schedule of assets (held at end of year), December 31, 2015.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information certified by the custodian to the related information included in the financial statements and supplemental schedule.

NOTE J - SUBSEQUENT EVENTS

Effective January 1, 2016 and in accordance with the terms of the Plan, The Charles Schwab Corporate was engaged as the Trustee and Custodian of the Plan's investments.

The Plan has evaluated subsequent events of the Plan through October 10, 2016, which is the date these financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
