1. Description of Plan

The following description of the Extraco Corporation Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) salary reduction profit sharing plan covering all full-time employees of Extraco Corporation (the Company) and its subsidiaries (the Companies), who are at least twenty-one years of age and are employed by the Companies on the last day of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is intended to be a qualified defined contribution plan which satisfies the requirements of Section 401(k) of the Internal Revenue Code (the Code). Under the Code, participants are not liable for Federal income taxes on employee contributions, Company contributions or Plan earnings until such time as they are partially or completely withdrawn from the Plan.

Contributions

Contributions to the Plan may consist of funds contributed by the Company, employees and roll-over contributions. Each year, participants may contribute up to one hundred percent of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. A discretionary contribution to the Plan by the Companies cannot exceed fifteen percent of eligible wages actually paid to active participants for the plan year. The companies may choose not to contribute to the Plan for a particular plan year. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Companies' contribution, (b) Plan earnings and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All contributions made to these accounts are directed by the participant into a particular investment offered by the administrator and the allocations between investments can be changed at will within regulatory contracts.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts plus earnings thereon is based upon years of continuous service. The participant becomes fully vested at the end of six years of credited service. Upon termination of employment, non-vested balances are accumulated and subsequently redistributed to the remaining employees in accordance with the applicable provisions of the Plan.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

EXTRACO CORPORATION
PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

Forfeited Accounts

At December 31, 2015 and 2014, there were no forfeited non vested accounts. Forfeitures are reallocated to participants in the same manner as employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events were evaluated through October 7, 2016, which is the date the financial statements were available to be issued.

3. Investments

The following table presents fair value of investments that represent five percent or more of the Plan's net assets.

	2015	2014
Investments at Fair Value as Determined by Quoted Market Price:		
Mutual funds:		
* OBS Financial Services, Inc. DFA/EFS Retirement 90/10 Fund	$ 6,950,726	$ 6,634,008
* OBS Financial Services, Inc. DFA/EFS Retirement 70/30 Fund	13,589,095	15,180,804
* OBS Financial Services, Inc. DFA/EFS Retirement 50/50 Fund	6,917,930	7,384,997
* OBS Financial Services, Inc. DFA/EFS Retirement 40/60 Fund	2,085,174	2,290,819

* - Party in interest

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

4. Fair Value Measurements

Level 1 Fair Value Measurements

The fair value of U.S. government securities, corporate bonds and debentures, and mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

Assets at Fair Value

	Level 1	Level 2	Level 3	Total
December 31, 2015				
Interest-bearing cash equivalents	$ 1,200	$ -	$ -	$ 1,200
Mutual funds	31,718,134	-	-	31,718,134
	$ 31,719,334	$ -	$ -	$ 31,719,334
December 31, 2014				
Interest-bearing cash equivalents	$ 48,482	$ -	$ -	$ 48,482
Mutual funds	31,988,521	-	-	31,988,521
	$ 32,037,003	$ -	$ -	$ 32,037,003

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

6. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

6. Tax Status

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any period in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2012.

7. Risks and Uncertainties
