Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

We have been informed by the Plan administrator that the Trustee executes investment transactions. The Plan administrator has obtained a certification from the Trustee as of and for the years ended December 31, 2015 and 2014 that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. DESCRIPTION OF THE PLAN

The following description of the Holland & Knight Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General and Eligibility

The Plan is a defined contribution plan covering partners and employees of Holland & Knight LLP (the Firm). The Plan was established effective January 1, 1969. Members of a collective bargaining unit, non-resident aliens and leased employees are not eligible for the Plan. New employees are eligible for the Plan upon employment and are eligible to participate in Firm contributions after completing one year of service (at least 1,000 hours in a 12-consecutive-month period). Employees may begin to contribute to the Plan on January 1 or July 1 following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Participant Contributions

Participants may contribute up to 75% of their pre-tax annual compensation, as defined by the Plan, not to exceed the maximum allowable contribution under the Internal Revenue Code (the Code). Effective January 1, 2009, employees may also make Roth contributions into the Plan. The maximum allowable contribution under the Code totaled $18,000 and $17,500 for the years ended December 31, 2015 and 2014, respectively. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code. Participants are permitted to make rollover contributions to the Plan.

Firm Contributions

The Firm may make matching and non-elective profit sharing contributions to the Plan, at its discretion. In order to share in Firm matching and non-elective profit sharing contributions, the participant must complete one year of service and be employed by the Firm as of the last day of the Plan year. Effective January 1, 2009, associate attorneys, senior counsel and contract attorneys are not eligible for matching or profit sharing contributions.

During the years ended December 31, 2015 and 2014, the Firm matched 25% of each eligible participant’s contributions to the Plan, not to exceed 8% contributed by the participant for a maximum Firm contribution of 2% of eligible compensation. Firm matching contributions totaled $1,968,583 and $1,862,564 during the years ended December 31, 2015 and 2014, respectively.

1. DESCRIPTION OF THE PLAN – cont'd.

Firm Contributions – cont'd.

The Firm made profit sharing contributions to the accounts of all eligible employees totaling a maximum of 3.84% of compensation for non highly compensated employees and 11.51% for highly compensated employees (not to exceed Section 415 annual limits) for the year ended December 31, 2015. The minimum contribution totaled 3% up to the Social Security base wages of $118,500 and 6% of compensation exceeding the Social Security limits up to the IRS 401(a) compensation limit of $265,000 for the year ended December 31, 2015. Profit sharing contributions totaled $15,162,083 for the year ended December 31, 2015.

The Firm made profit sharing contributions to the accounts of all eligible employees totaling a maximum of 3.86% of compensation for non highly compensated employees and 11.59% for highly compensated employees (not to exceed Section 415 annual limits) for the year ended December 31, 2014. The minimum contribution totaled 3% up to the Social Security base wages of $117,000 and 6% of compensation exceeding the Social Security limits up to the IRS 401(a) compensation limit of $260,000 for the year ended December 31, 2014. Profit sharing contributions totaled $14,288,982 for the year ended December 31, 2014.

Participant Accounts

Each participant's account is participant-directed and credited with the participant's contributions and allocations of: (a) Firm contributions, (b) Plan earnings, and (c) administrative expenses. Allocations of earnings, losses, and administrative expenses are based on the proportion of each participant's account balance to the total of all account balances within the respective fund. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

Participants are immediately vested in participant contributions and rollover contributions. Participating employees are subject to a six-year graduated vesting schedule for amounts credited to the Firm's profit sharing contribution account and the Firm's matching contribution account. Partners are subject to a three-year cliff-vesting schedule for amounts credited to the Firm's matching and profit sharing contribution account.

1. DESCRIPTION OF THE PLAN – cont'd.

Forfeitures

Forfeitures of Firm contributions are first applied to pay Plan expenses. The residual amount, if any, may be used by the Firm to offset Firm contributions for the Plan year. As of December 31, 2015 and 2014, forfeited nonvested accounts totaled $166,182 and $142,113, respectively. During the years ended December 31, 2015 and 2014, $139,279 and $136,748 of forfeitures were used to offset Plan expenses, respectively. During the years ended December 31, 2015 and 2014, $135,000 and $140,000 of forfeitures were used to offset Firm contributions, respectively.

Notes Receivable from Participants

Participants may borrow a minimum of $500 up to an aggregate maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Note terms range from one to five years, or up to 15 years for the purchase of a primary residence. A participant can have up to 5 notes outstanding at any one time. Notes are secured by the vested balance in the participant's account and bear interest at a rate comparable to that charged by an independent lender. The notes must provide at least quarterly repayments paid under a level amortization schedule. Principal and interest payments are made ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid balances plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Upon termination of service, death, disability, retirement (age 65), or attainment of age 59 ½, a participant or their beneficiary, in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, a life annuity with guaranteed payment for 10 years or periodic installments over a period not exceeding the longer of the life expectancy of the participant, or the joint life expectancy of the participant and the participant's spouse. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. Distributions are subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59 ½. As of December 31, 2015 and 2014, there were no net assets of the Plan allocated to accounts of participants who had elected to withdraw from the Plan but had not received such distributions as of year-end.

1. DESCRIPTION OF THE PLAN – cont'd.

Plan Expenses

All administrative expenses are paid with the assets of the Plan, unless paid by the Company, at its discretion. During the years ended December 31, 2015 and 2014, the Company paid a portion of the direct expenses related to the Plan. Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. The Plan Sponsor utilizes a revenue sharing account to offset Plan expenses due from the Plan Sponsor which is shown as other income on the accompanying statements of changes in net assets available for benefits. Plan expenses are shown gross on the accompanying statements of changes in net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Recently Issued Accounting Pronouncements and Accounting Changes

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Recently Issued Accounting Pronouncements and Accounting Changes – cont'd.

In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes certain disclosure requirements for investments that calculate net asset value per share and do not use the practical expedient. ASU 2015-07 is effective for interim and annual reporting periods in fiscal years beginning after December 15, 2016, with early adoption permitted, and should be retrospectively applied to all periods presented. Management has not adopted ASU 2015-07 early, but has assessed its future impact and determined that in the year of implementation, it will remove investments for which the net asset value per share practical expedient is used from the fair value hierarchy.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - cont'd.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur and materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Accounting for Uncertainty in Income Taxes

FASB Accounting Standard Codification (ASC 740), *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2015 and 2014.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any tax periods in progress.

Reclassifications

Certain amounts presented in the prior year's financial statements have been reclassified to conform to the current year presentation. These reclassifications had no effect on previously reported net assets available for benefits.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 11, 2016, the date the financial statements were available to be issued, and determined there were no material events that warrant disclosure.

3. INVESTMENTS

The following investment information was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the Trustee of the Plan. The fair value of the life insurance contracts and self-directed brokerage accounts not held by Fidelity are not certified.

	2015	2014

Net depreciation in fair value of investments	$ (37,463,719)	$ (3,211,522)
Interests and dividends certified by the Trustee (inclusive of interest income on notes receivable)	28,806,156	39,712,918

	2015	2014
Information not certified by the Trustee:		
Fair value of investments held in self-directed brokerage accounts	$ 5,052,519	$ 4,942,900
Cash surrender value of life insurance policies	4,126,301	4,270,257

4. FAIR VALUE MEASUREMENT

FASB (ASC) 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENT – cont'd.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interest bearing cash: Valued at amortized cost, which approximates fair value.

Interests in registered investment companies: Valued at the closing price reported in the active market in which the funds are traded.

Interest in common/collective trust: Valued based on the net asset value as determined by the issuer.

Interests in common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Other: Corporate obligations and U.S. government and government agency securities are valued at fair value determined by quoted market prices. Cash surrender values of life insurance policies are valued at their redemption values. Preferred stocks are valued at fair value as determined by independent appraisals.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Investments held in self-directed accounts are allocated to their respective investment type within the fair value hierarchy.

4. FAIR VALUE MEASUREMENT – cont'd.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

a) The portfolio invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as future contracts and swap agreements) and enters into "wrap" contracts issued by third-parties and invests in cash equivalents represented by shares in money market funds.

5. INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated November 7, 2003, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of investment funds managed by Fidelity Investments Institutional Operations Corporation, Inc. (FIIOC). An affiliate of FIIOC acts as the Trustee of the Plan. The Plan allows participants to take out notes receivable against their vested account balances. The Firm provides certain accounting and administrative services to the Plan for which no fees are charged. Such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.
