Independent Auditor's Report

To the Trustee of
Kastle Systems International LLC Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Kastle Systems International LLC Retirement Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Voya Institutional Trust Company ("Voya"), the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matter – Supplemental Schedule

The supplemental Schedule of Assets (Held at End of Year) is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Kastle Systems International LLC Retirement Plan

Notes to Financial Statements

A. PLAN DESCRIPTION

The following description of the Kastle Systems International LLC Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan was established June 1, 1977, as the Kastle Systems, LLC Retirement Plan to provide retirement benefits for eligible employees of Kastle Systems LLC, the participating employer. The Plan was amended and restated as the Kastle Systems International LLC Retirement Plan on August 1, 2001. The restated Plan continues to be for the benefit of employees of Kastle Systems LLC, and includes employees of Kastle Systems International LLC, Kastle Philadelphia Joint Venture, Kastle New York LLC, Kastle Chicago LLC, Kastle Systems of Texas LLC, and Kastle Systems of Los Angeles PSP, (the "Company").

The Plan was amended and restated effective January 1, 2009. See Note I where Plan was amended and restated again subsequent to the year end.

The Plan is a defined contribution plan covering all employees who are eligible to participate, after meeting certain age and service requirements, except members of a collective bargaining unit where retirement benefits have been the subject of good faith bargaining. After meeting the eligibility requirements, employees can enter the Plan on the first day of each quarter. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions. Participants may contribute a percentage of their pretax annual compensation as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Company may make a matching contribution and/or a profit sharing contribution to the Plan in addition to any salary reduction contributions. No matching or profit sharing contributions were made to the Plan for the plan year ended December 31, 2015.

Participant Accounts. Each participant's account is credited with the participant's contributions, Company matching contributions, as well as allocations of the Company's profit sharing contribution, and Plan earnings. Participant accounts are charged with withdrawals, an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions and rollover accounts plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service, at 20% per year, beginning in the second year. A participant is 100 percent vested after six years of credited service.

Investment Options. The assets of the Plan, both employee and employer, are allocated to the various funds at the discretion of the participant. There are various investment options offered by the Plan. Participants may change their investment options daily.

Kastle Systems International LLC Retirement Plan

Notes to Financial Statements (Continued)

Notes Receivable from Participants. Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) participant's loan account. Loan term periods range up to five years and must be adequately secured. However, if the loan is for the purchase of the participant's residence, the loan repayment term may exceed five years. Each loan is secured by the balance in the participant's account and bear interest at a rate ranging from 4.25% to 5.59% per annum, which was determined by the Plan Administrator to be comparable to rates found at local lending institutions on the date the loan originated. Principal and interest are repaid in equal payments deducted from the employee's compensation payments.

Payment of Benefits. Upon separation of service due to death, disability, or termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments. If the account balance is less than \$1,000, the distribution shall be paid in the form of a lump-sum payment. Benefits are recorded when paid.

Forfeited Accounts. At December 31, 2015 and 2014, forfeited, non-vested accounts totaled \$7,148 and \$63,495, respectively. Forfeitures can first be used to pay administrative expenses. Forfeitures of matching contributions will be used to reduce future employer matching contributions. Forfeitures of profit sharing contributions will be re-allocated among participants in the plan year following the forfeiture. During 2015, forfeitures of \$20,679 were used to pay administrative expenses and forfeitures of \$36,320 were re-allocated among participants.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates. The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties. The Plan invests in various investment securities. Investment securities are exposed to various risks, including interest rate, market, and credit risks. Due to the level of the risks associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. There are no reserves against contract value for credit risk of the insurance company guaranteed interest accounts or otherwise.

Investment Valuation and Income Recognition. The Plan's investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net

Kastle Systems International LLC Retirement Plan

Notes to Financial Statements (Continued)

appreciation or depreciation in the fair value of investments includes both realized and unrealized gains and losses on investments.

Management fees and operating expenses charged to the Plan for investments in pooled separate accounts and guaranteed investment contract are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants. Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits. Benefits are recorded when paid.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Plan pays all brokerage commissions and account maintenance fees.

Adoption of Accounting Pronouncements. In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments that Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") practical expedient in Accounting Standards Codification ("ASC") 820, *Fair Value Measurements* ("ASC 820"). The guidance is effective for fiscal years beginning after December 15, 2015. The ASU is not applicable to the Plan.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefits Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type. However, plans are no longer required to also disaggregate investments by nature, characteristics and risks. The disclosure of information about fair value measurements shall be provided by general type of plan assets. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required. Part III allows a plan with a fiscal year end that doesn't coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The guidance is effective for fiscal years beginning after December 15, 2015. The Plan has elected to early adopt Parts I and II effective with the December 31, 2015 financial statements, with retrospective application to all

Kastle Systems International LLC Retirement Plan

Notes to Financial Statements (Continued)

periods presented. Part III is not applicable to the Plan. The adoption had no effect on the Plan's net assets available for benefits or changes therein.

C. FAIR VALUE MEASUREMENTS

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities inputs (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment companies: The registered investment companies are valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial investments could result in a different fair value measurement at the reporting date.

Kastle Systems International LLC Retirement Plan

Notes to Financial Statements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014.

	<u>2015</u>	<u>2014</u>
Level 1 Investments		
Registered Investment Companies	<u>\$12,502,982</u>	<u>\$13,835,285</u>
Total Investments at Fair Value	<u>\$12,502,982</u>	<u>\$13,835,285</u>

D. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company ("VRIAC"). VRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value, which is contract value. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Fixed Account is designed to offer plan participants a fixed rate of return with no risk of loss of principal. The insurance contract guarantees and returns are backed by the financial strength and assets held in the general account of Voya, whose investment policy has consistently restricted the purchase of its portfolio of corporate and government bonds to those that are investment grade.

There are no reserves against contract value for credit risk. The crediting interest rate is determined on a monthly basis by an actuarial formula, as designated by Voya. The crediting interest rate is subject to a guaranteed minimum floor, as defined on an annual basis by Voya.

E. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The following is a summary of unaudited information regarding the Plan as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Voya, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

F. INCOME TAX STATUS

The Plan adopted a Prototype Non-Standardized Profit Sharing Plan which received an opinion letter dated March 31, 2008. The letter indicates that the Plan and related trust are designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter and the prototype plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

G. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Voya and a guaranteed investment contract (Note D) with Voya. Voya is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. During 2015, fees of \$23,929 were paid to Voya.

H. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the rights under the Plan to discontinue its contributions at any time and terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

I. SUBSEQUENT EVENTS

The Plan was amended and restated as of January 1, 2016.

Management has evaluated subsequent events through October 11, 2016, which is the date the financial statements were available to be issued, and have determined, except as noted above, that there are no subsequent events that require disclosure under ASC 855 *Subsequent Events*.
