INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Members of
the Matson and Subsidiaries 401(k) Retirement
Savings Plan for Bargaining Unit Employees:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Matson and Subsidiaries 401(k) Retirement Savings Plan for Bargaining Unit Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Matson and Subsidiaries 401(k) Retirement Savings Plan for Bargaining Unit Employees (the "Plan") is provided for general information purposes only. Members should refer to the Plan document for more complete information.

General—The Plan, sponsored by Matson, Inc. (the "Company"), is a defined contribution plan established on July 1, 1995, for Matson Navigation Company, Inc. and its subsidiaries. Matson Navigation Company, Inc. and Matson Terminals, Inc. are participating companies in the Plan with respect to certain of their bargaining unit employees. Such bargaining unit employees may elect to participate in the Plan on their employment commencement date.

The assets of the Plan are held in the Matson, Inc. Defined Contribution Plans Master Trust (the "Master Trust"). Fidelity Management Trust Company ("Fidelity") serves as the trustee for the Master Trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Member Accounts—Individual accounts are maintained for each Plan member. Each member's account is credited with the member's contributions and allocations of Plan earnings and charged with an allocation of Plan losses and administrative expenses. Allocations are based on member earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Member Contributions—The provisions of the Plan provide each eligible employee with the opportunity of contributing a portion of his or her compensation each year without being taxed on the contribution. Members must designate a percentage (from 1% to 50%, in multiples of 1%) of their compensation to contribute to the deferred account. Under Plan provisions, the member's contribution may not exceed 50% of his or her compensation, up to the maximum permitted by statute.

Catch-Up Contributions—In accordance with the Internal Revenue Code (IRC), this provision, which became effective August 1, 2002, allows members who are over age 50 or reach age 50 during the Plan year January 1 to December 31 to make additional contributions. The maximum annual catch-up contribution is $6,000 for 2015 and $5,500 for 2014.

Rollover Accounts—Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Investments—Members direct the investment of their contributions into various investment options offered by the Plan. The investments are held in a master trust for the Company's defined contribution plans. The Plan currently offers 29 mutual funds and a stable value fund as investment options for members.

Vesting—Members are vested immediately in all their accounts, including earnings thereon.

Payment of Benefits—On termination of service due to death, disability, retirement, or termination for other reasons, a member may elect to receive distribution in the form of 1) a lump-sum amount equal to the value of the member's vested interest in his or her account or 2) direct rollover to an eligible retirement plan.

In-Service Withdrawals—A member may request an in-service hardship withdrawal of his rollover account balance, if any, and his deferred account contributions. A member who incurs a disability may request a withdrawal of up to 100% of his account balance. A member who is called to active duty in the uniformed services for more than 179 days or for an indefinite period may withdraw up to 100% of his deferred account balance as a qualified reservist distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan's investment in the Master Trust utilizes various investment instruments, including money market funds and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the members' account balance and the amounts reported in the financial statements.

Valuation of Investment in Master Trust—The Plan's investment in the Master Trust is stated at fair value, which has been determined based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date of the Master Trust. The Master Trust holds investments in cash and cash equivalents, the Plan sponsor's common stock, other common stock and preferred stock, money market funds, equity and fixed-income mutual funds, and a stable value fund. The fair values of cash and cash equivalents, common stocks, the Plan sponsor's common stock, and mutual funds are based on quoted market prices. Money market funds are stated at amortized cost, which approximates fair value. Stable value funds are valued at the net asset value as a practical expedient to estimate fair value. See note 4 for additional information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the registered investment companies are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses—Administrative expenses of the Plan are paid by either the Plan or the Plan's sponsor, as provided in the Plan document.

Payment of Benefits—Benefit payments to members are recorded upon distribution.

Excess Contributions Payable—The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

Subsequent Events—Subsequent events were evaluated through October 7, 2016, the date the financial statements were available to be issued.

New Accounting Pronouncements—In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to present certain investments for which the practical expedient is used to measure fair value at net asset value within the fair value hierarchy table. Instead, a Plan would be required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits.

ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The Plan elected to early adopt ASU 2015-07 as of December 31, 2015, as permitted, and has applied ASU 2015-07 retrospectively, as required. Accordingly, investments in stable value funds that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy (see Note 4). There are no effects on the statements of net assets available for plan benefits or the changes therein.

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan.

ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan has elected to early adopt the provisions of Parts I and II of ASU 2015-12, and has retrospectively applied these provisions as required. The adoption resulted in the reclassification of the adjustment from fair value to contract value totaling $26,505 in the 2014 statement of net assets available for benefits. The adoption also modified the fair value measurement disclosure (see Note 4); and disclosures for individual investments that represented five percent or more of net assets available for benefits, and the net appreciation or depreciation in fair value of investments by general type have been eliminated.

3. INVESTMENT IN THE MASTER TRUST

The Master Trust is composed of 29 mutual funds, a stable value fund, a collective trust fund, and participant-directed brokerage accounts which allow participants to directly invest in cash and cash equivalents, stocks or funds other than the Lifecycle or Core Investment Options offered, Alexander & Baldwin, Inc. ("A&B") common stock and the Company's common stock, some of which are specific to individual plans. The assets are invested and records are maintained by each investment fund option. Funds are allocated to the three participating plans (the "Plans") (see below) in accordance with the Plans' provisions and member allocation elections. The allocation of net assets available for benefits is based on the respective number of units held by the Plans' members as of the Plans' year-ends. The allocation of the changes in net assets available for benefits is calculated daily based on the units held by the Plans' members as of that day's end.

At December 31, 2015 and 2014, the assets of the following Plans were combined in the Master Trust:

- Matson Individual Deferred Compensation and Profit Sharing Plan for Bargaining Unit Employees
- Matson Individual Deferred Compensation and Profit Sharing Plan for Salaried Non-Bargaining Employees
- Matson and Subsidiaries 401(k) Retirement Savings Plan for Bargaining Unit Employees

The fair values of investments in the Master Trust as of December 31, 2015 and 2014, were as follows:

	2015	2014
Investments measured at net asset value	$ 22,516,015	$ 18,415,238
Investments—at fair value:		
Mutual funds	164,063,499	126,384,974
Participant-directed brokerage accounts	6,695,308	5,507,991
Matson, Inc. common stock	4,223,799	3,501,308
Alexander & Baldwin, Inc. common stock	1,515,767	1,732,706
Money market funds	315,765	
Total Master Trust investments—at fair value	176,814,138	137,126,979
Total Master Trust investments	$ 199,330,153	$ 155,542,217

During 2015 and 2014, the Master Trust's investments (including gains and losses on investments bought, sold, as well as held, during the year) appreciated (depreciated) in value as follows:

	2015	2014
Appreciation (depreciation) of investments	$ (5,457,636)	$ 3,293,238
Interest and dividend income	6,952,279	7,846,876
Total Master Trust investment income	$ 1,494,643	$ 11,140,114

The Plan's interest in the Master Trust at December 31, 2015 and 2014, was $21,132,987 and $20,912,403, respectively, representing 10.6% and 13.4%, respectively, of the Master Trust's net assets.

During the years ended December 31, 2015 and 2014, the Plan's interest in the Master Trust appreciated by $229,738 and $1,468,731, respectively.

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market, but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Common stock—Investments in common stock are valued at the closing price reported on the active market on which the securities are traded, on the last business day of the Plan year. Common stock are categorized as Level 1.

Mutual Funds—Investments in mutual funds are valued at the publicly quoted net asset value of each fund and are categorized as Level 1. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The total net asset value is calculated by multiplying the net asset value per share by the number of shares held as of the measurement date.

Stable Value Funds—Investments in stable value funds compose primarily of fully benefit-responsive investment contracts and are reported at fair value using net asset value (NAV) as a practical expedient. The stable value fund calculates NAV per share in a manner consistent with the measurement principles in FASB Accounting Standards Codification Topic 946 *Financial Services—Investment Companies*. Those measurement principles indicate that, in the determination of a stable value fund's NAV, the relevant measurement is net assets which include the fully benefit investment contracts held by the fund at contract value. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Collective Trust Fund—Investments in the collective trust fund are valued at the net asset value of units of a bank collective trust. The net asset value as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Cash and cash equivalents are valued at cost plus accrued interest.

A summary of the Master Trust's investments measured at fair value on a recurring basis as of December 31, 2015, set forth by level within the fair value hierarchy, is as follows:

Transfer between Levels—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2015 and 2014, there were no transfers in or out of Level 1, Level 2, or Level 3.

The following table sets forth a summary of the Master Trust's investment in common collective trust funds with a reported NAV at December 31, 2015. There were no common collective trust funds at December 31, 2014.

	Fair Value Estimated Using Net Asset Value per Share December 31, 2015			
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trust fund:				
Fidelity Managed Income Portfolio	$ 5,041,939	None	Immediate	None
Total	$ 5,041,939			

The Fidelity Managed Income Portfolio fund strategies seek to benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds.

5. STABLE VALUE FUND

The Wells Fargo Stable Value Fund Class C (the "Fund") is a collective trust fund sponsored by Wells Fargo Bank, N.A. The Fund invests all of its assets in Wells Fargo Stable Return Fund G, a collective trust fund sponsored by Wells Fargo, N.A. The value of this investment of $1,548,317 (7% of net assets available for benefits at fair value) as of December 31, 2015, and $1,872,230 (9% of net assets available for benefits at fair value) as of December 31, 2014, is based on the underlying unit value reported by Wells Fargo Stable Return Fund G.

The beneficial interest of each participant is represented by units. The net asset value of the Fund is determined daily, and units are issued and redeemed at the latest net asset value. Net investment income, if any, and realized and unrealized gains on investments are not distributed.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that affect its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Limitations on the Ability of the Fund to Transact at Contract Value

Restrictions on the Plan—Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the plan sponsor. The following employer-initiated events may limit the ability of the Fund to transact at contract value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund
- Any transfer of assets from the Fund directly into a competing investment option
- The establishment of a defined contribution plan that competes with the Plan for employee contributions
- Complete or partial termination of the Plan or its merger with another plan

Circumstances that Affect the Fund—The Wells Fargo Stable Return Fund G invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee ("wrapper") provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

The wrap contracts generally contain provisions that limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modification of the Fund or the administration of the Fund that is not consented to by the wrap issuer
- Any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the Fund's cash flow
- Employer-initiated transactions by participating plans as described above

In the event that wrap contracts fail to perform as intended, the Fund's net asset value may decline if the market value of its assets declines. The Fund's ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer's ability to meet their financial obligations. The wrap issuer's ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

The Fund is unlikely to maintain a stable net asset value if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets. This could result from the Fund's inability to promptly find a replacement wrap contract following termination of a wrap contract. Wrap contracts are not transferable and have no trading market. There are a limited number of wrap issuers. The Fund may lose the benefit of wrap contracts on any portion of its assets in default in excess of a certain percentage of portfolio assets.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

7. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company, by a letter dated March 22, 2011, that the Plan is designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the determination letter. The Plan has applied for an updated determination letter in 2016 after the expiration of the March 2011 determination letter and has received an IRS acknowledgment letter regarding the receipt of its request. As of the date that these financials were available to be issued, the Plan has not received an issued letter. However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable sections of the IRC, and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

8. DISTRIBUTIONS

There were no distributions payable to terminated employees included in net assets available for benefits for the years ended December 31, 2015 and 2014.

9. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of unaudited information regarding the Plan as of December 31, 2015 and 2014, and for the years then ended, included in the Plan's financial statements that was prepared by or derived from information prepared by the Plan's trustee, Fidelity, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

The contract value of the stable value fund and the NAV of the collective trust fund were certified as complete and accurate by the trustee.

	2015	2014
Statements of net assets available for benefits—investment in the Master Trust	$ 21,132,987	$ 20,912,403
Statements of changes in net assets available for benefits—appreciation from investment in Master Trust	$ 229,738	$ 1,468,731

Notes 3, 4, 5, 10, and 11: All investment balances and investment information have been certified by the trustee, excluding the classification and level of investments in Note 4. All investment balances and investment information included in the supplemental schedule of assets (held at year-end) has also been certified by the trustee.

10. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Master Trust investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

At December 31, 2015, the Master Trust held 99,064 shares of common stock of the Company, the sponsoring employer, with a cost basis of $1,974,657. At December 31, 2014, the Master Trust held 101,410 shares of common stock of the Company, the sponsoring employer, with a cost basis of $1,891,122.

During the years ended December 31, 2015 and 2014, the Master Trust recorded dividend income of $72,864 and $74,532, respectively, related to this common stock fund.
