We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Custodian as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the Custodian is complete and accurate.

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

LUMP SUM BENEFITS

Effective July 1, 2014 the Plan was amended to permit vested participants who are not in pay status but who have experienced a severance from service on or before May 31, 2014, and beneficiaries and alternate payees entitled to a benefit on account of such a participant, to elect a lump sum distribution of their accrued benefit during a period commencing on September 15, 2014 and ending on October 31, 2014, regardless of whether the participant has satisfied the requirements for potential early retirement benefits under the Plan. The amendment also allowed the lump sum option to terminated vested participants who have not satisfied the requirements for early, normal or disability retirement in lieu of a single life annuity. Also, effective June 30, 2015, participants affected by the Nevada, Missouri plant shutdown and who were not in pay status, and beneficiaries and alternate payees entitled to a benefit on account of such a participant, were eligible to elect a lump sum distribution of their accrued benefit during a period commencing on August 1, 2015 and ending on August 31, 2015, regardless of whether the participant has satisfied the requirements for potential early retirement benefits under the Plan. The affected participants of the Nevada, Missouri plant shutdown also had the option to receive a single life annuity in lieu of the lump sum distribution option. Participants electing the lump sum distribution options received payments of \$1,042,856 and \$11,649,813 for the years ended December 31, 2015 and 2014.

VESTING

Participants are fully vested after five years of credited service. Participants who attain the age of 65 or meet the requirements for early retirement become fully vested as well. Vesting service is determined on an elapsed time basis.

INVESTMENT MANAGEMENT EXPENSES

Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Accordingly, actual results could differ from those estimates. The actuarial present value of accumulated plan benefits is particularly subject to change in the near term.

AS America, Inc. Pension Plan

Piscataway, New Jersey

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

INVESTMENT VALUATION AND INCOME RECOGNITION

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 9 for discussion of fair value measurements.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NEW ACCOUNTING PRONOUNCEMENTS AND RECLASSIFICATIONS

In May 2015, the Financial Standards Accounting Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement. ASU 2015-07 amends ASC Topic 820 and removes the requirements to categorize within the fair value hierarchy those investments for which fair value is measured using the net asset value per share as a practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient, and limits those disclosures for investments for which the entity has elected to measure the fair value using that practical expedient. The guidance in ASU 2015-07 is effective for the Plan's year ending December 31, 2017; however, the Plan chose to early adopt this new guidance for the year ended December 31, 2015. ASU 2015-07 is applied retrospectively.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting. ASU 2015-12 amends ASC Topic 962 to only measure, present, and disclose fully benefit-responsive contracts at contract value. ASU 2015-12 also removes the requirement to disclose individual investments that represent 5 percent or more of net assets available for benefits, removes the requirement to disclose the net appreciation or depreciation by general type, and requires investments to be grouped only by general type. The guidance in ASU 2015-12 is effective for the Plan's year ending December 31, 2016; however, the Plan chose to early adopt this new guidance for the year ended December 31, 2015. ASU 2015-12 is applied retrospectively.

The adoption of ASU 2015-07 and ASU 2015-12 removed the disclosure of the investments that were more than 5 percent of net assets available for benefits and the breakdown of net appreciation (depreciation) in Note 4 was removed. Since the collective trust is valued using the practical expedient, the collective trust investment is no longer classified by level within the fair value hierarchy in Note 9. There was no impact to the Statement of Net Assets Available for Benefits, the Statement of Changes in Net Assets Available for Benefits, the Statement of Accumulated Plan Benefits, or the Statement of Changes in Accumulated Plan Benefits.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on their accrued benefits as of the date of which the benefit information is presented (the valuation date). Benefits payable under all circumstances, such as retirement, death, and termination of employment, are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, withdrawal, or retirement) between the valuation date and the expected date of payment.

The effect of plan amendments on accumulated plan benefits is recognized during the year in which such amendments become effective.

The significant actuarial assumptions used in determining the actuarial present value of accumulated plan benefits at December 31, 2015 and 2014 are as follows:

- A. Assumed interest rate upon benefit settlement: 4.3% and 3.9% for 2015 and 2014, respectively
- B. Average retirement age: Age 65 except for participants from the former Crane Plumbing, LLC. Non-Bargaining Employees' Retirement Plan

<u>Age</u>	<u>Rate</u>
55	5 %
56-59	3 %
60	5 %
61	3 %
62	7 %
63-64	3 %
65	100 %

- C. Mortality:
 - Pre- and post-retirement
 - 2015: RP-2015 Generational with Scale MP-2015
 - 2014: RP-2014 Generational with Scale MP-2014

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

AS America, Inc. Pension Plan

Piscataway, New Jersey

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE 4 - INVESTMENTS (UNAUDITED)

Wells Fargo Bank, N.A., ("Custodian"), held the Plan's investments and executed transactions during the plan years. In accordance with the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and regulations for Reporting and Disclosure under ERISA, the plan administrator has obtained certifications from the Custodian with respect to the completeness and accuracy of the investment information prepared and provided by the Custodian. This investment information, which is included in the accompanying December 31, 2015 and 2014 financial statements and supplementary schedules is based on information provided by the Custodian and has not been audited by the independent auditors of the Plan.

NOTE 5 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. The Plan invested in a collective trust fund managed by the Custodian of the Plan, and therefore, this transaction qualified as a party-in-interest transaction. Certain professional fees for the administration and audit of the Plan were paid by the Company. The Plan paid administrative fees to the Custodian, AON Hewitt, the actuary, and Kruggel, Lawton & Company, LLC, the auditor of the Plan. Administrative expenses in the amount of \$687,313 and \$857,880 were incurred for the years ended December 31, 2015 and 2014, respectively, which also qualify as party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations there under and the plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (the "PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated August 11, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, Plan management believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement

AS America, Inc. Pension Plan

Piscataway, New Jersey

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, no uncertain positions are taken or are expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

AS America, Inc. Pension Plan

Piscataway, New Jersey

NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- *Mutual Funds*. Valued at the published daily net asset value ("NAV") of shares held by the Plan. The mutual funds held by the Plan are deemed to be actively traded.
- *Collective Trusts*. The NAV is used as a practical expedient to estimate fair value. The fair values of participation units held in the collective trust are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (level 2 inputs). The investment objective of the collective trust is to maintain a constant net asset value of \$1 per unit by investing in short term fixed income securities. However, there is no guarantee the fund will maintain a net asset value of \$1 per unit. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2015 and 2014.

Investment Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual funds	34,189,411	0	0	34,189,411
Total assets in the fair value hierarchy	34,189,411	0	0	34,189,411
Total investment assets at fair value	34,189,411	0	0	34,189,411

Investment Assets at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total
Mutual funds	37,598,173	0	0	37,598,173
Total assets in the fair value hierarchy	37,598,173	0	0	37,598,173
Investments measured at net asset value *	0	0	0	235

- For legacy Non-Bargaining Plan participants, the early retirement factors were changed from 100% reduced by 7% for each of the first 5 years and 6% for each additional year that the participant's early retirement date precedes his/her normal retirement date to the factors summarized in the table on the previous page.
- The limit for automatic payment of lump sums to terminated participants was increased from \$1,000 to \$5,000.
- Terminated participants with lump sums (determined as of December 1, 2014) exceeding the \$5,000 limit were provided a limited one-time opportunity to elect to have their pension benefit distributed on December 1, 2014 as an immediate annuity or elective lump sum.
