NOTE 1: DESCRIPTION OF PLAN

The following description of the Vali Cooper and Associates Profit Sharing Plan (the "Plan") provides only summarized general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, adopted August 1, 1997, is a defined contribution plan covering all eligible employees of Vali Cooper and Associates (the "Plan Sponsor") who have attained age 21 and completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Great-West Trust Company, LLC serves as the Plan trustee. The Plan was restated effective November 30, 2015 to incorporate prior amendments and comply with certain legislative and regulatory changes. No significant changes to Plan provisions were made as a result of the restatement.

Plan Year

The plan year begins January 1st and ends December 31st.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute from 1% to 90% of their regular wages allowable, subject to various nondiscrimination tests and limitations prescribed by the Code. Salary deferrals include pre-tax elective deferrals and Roth after-tax elective deferrals.

- *Discretionary Employer Matching Contributions*
  The Plan Sponsor may make a basic matching employer contribution on behalf of each participant in an amount equal to the percentage declared for the contribution period, if any, by a Board of Directors' Resolution. The Plan Sponsor elected to make a discretionary employer matching contribution to the Plan for the years ended December 31, 2015 and 2014, in the amounts of $250,042 and $245,872, respectively.

- *Discretionary Employer Profit Sharing Contributions*
  Employer qualified profit sharing contributions are determined by the Plan Sponsor's Board of Directors. The Plan Sponsor may contribute an amount at its discretion to the Plan. Participants must be employed at year end and have 850 hours of service to be eligible. Employer profit sharing contributions are allocated to participants on a pro rata basis as percentage of participant compensation. The Plan Sponsor elected to make a profit sharing contribution to the Plan for the years ended December 31, 2015 and 2014, in the amounts of $500,000 and $500,000, respectively.

- *Employee Rollover Contributions*
  Participants may make rollover contributions from another qualified plan.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Participants Accounts and Allocations
The Plan allows participants the ability to self-direct their accounts between various investment options. Participants are allowed to invest their accounts in any one fund or combination of funds. Investment earnings and losses are allocated to participants' accounts based on the actual earnings or losses of the investments selected.

Vesting
Participants are always 100% vested in their Plan accounts.

Forfeitures
Forfeitures may be used to reduce the amount of employer contributions. There were no forfeiture balances and no forfeitures used as of and for the years ended December 31, 2015 and 2014, respectively.

Retirement
Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) in-service distributions upon attaining age 59 ½; excluding Roth deferrals 3) termination of employment of the participant; 4) upon demonstration of financial hardship; or 5) death of the participant. Upon termination of service, a participant with a vested account of $5,000 or less will receive a lump sum distribution. Participants with vested accounts greater than $5,000 may elect to receive a lump sum distribution or cash installments.

Administrative Expenses
Substantially all administrative expenses were paid by the Plan Sponsor for the years ending December 31, 2015 and 2014. Expenses related to specific participant transactions are charged to the respective participant's account.

Notes Receivable from Participants
The Plan allows participants to borrow from their accounts. Loans may not exceed 50% of the vested balance in a participant's account or $50,000 and are due within five years (loans for a primary residence may exceed 5 years). Loans are secured by the participant's vested account balances. Principal and interest are paid ratably through monthly payroll deductions.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition
Investments are reported at fair market value. Fair market value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year. Increases in the share values of investments are reflected in each participant's self-directed account. Investments are valued daily.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Tax Status

The Plan Sponsor has adopted the Great-West Trust Company Defined Contribution Prototype Plan and Trust and has obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2015 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however there are currently no examinations for any tax periods in progress.

Estimates and Assumptions

The preparation of these financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the 2014 financial statements in order to conform to the 2015 presentation. These reclassifications had no effect on previously reported net assets available for benefits.

Recent Accounting Pronouncement

In July 2015 the Financial Accounting Standards Board (FASB) issued ASU 2015-12, *Plan Accounting Defined Contribution Pension Plans (Topic 962) I. Fully Benefit-Responsive Investment Contract, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient.* The ASU removes the requirements to: disclose individual investments held which exceed 5% of net assets available for benefits, disclose net appreciation in fair value by investment type, and disaggregate investments reported in the fair value hierarchy by class of investment rather than by general type of investment. The Plan has adopted ASU 2015-12 for the Plan year ending December 31, 2015 and the provisions have been retrospectively applied to the prior period presented.

NOTE 3: **INFORMATION CERTIFIED BY TRUSTEE**

The following amounts were taken directly from statements provided and certified as complete and accurate by Great-West Trust Company, LLC, the trustee, as of and for the years ended December 31, 2015 and 2014, respectively:

	2015	2014
Mutual funds	$ 8,888,119	$ 8,185,534
Common collective trusts	$ 5,734,732	$ 5,347,193
Guaranteed interest fund	$ 2,195,019	$ 2,221,914
Net (depreciation) appreciation in fair value of investments	$ (416,479)	$ 233,287
Interest and dividends	$ 505,247	$ 646,333
Interest income on notes receivable from participants	$ 15,580	$ 15,368

NOTE 4: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 5: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of nets assets available for benefits.

NOTE 6: **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of mutual funds, common collective trusts, and a guaranteed interest fund managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC. Great-West Trust Company, LLC, is the trustee as defined by the Plan document and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are recorded in net appreciation (depreciation) in fair value of investments. Fees for certain administrative expenses are paid to Great-West, the record keeper and third party administrator of the Plan. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 7: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices in active markets for identical assets and have the highest priority.

Level 2 - Inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets and liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Mutual funds have quoted prices in an active market and are valued at the net asset value of shares held by the Plan.

Common Collective Trusts: Common collective trusts (CCT) invest in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair values of all of these underlying investments held are used in determining the net assets value of the CCT which is not publicly traded. Accounting Standards Codification (ASC) 820 allows NAV per share to be categorized as a Level 2 fair value measurement.

Guaranteed Interest Fund: The guaranteed interest fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly and was 1.45% and 1.50% for the years ended December 31, 2015 and 2014, respectively.
