Independent Auditor's Report

To the Plan Trustees of the
CLK HR Acquisition, LLC Defined Benefit Pension Plan:

Report on the Financial Statements

We have audited the accompanying financial statements of the CLK HR Acquisition, LLC Defined Benefit Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, information regarding the Plan's net assets available for benefits as of December 31, 2015 and the changes therein for the year then ended, and its financial status as of December 31, 2014 and the changes therein for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As further discussed in Note 1 to the financial statements, the Plan was frozen effective January 1, 2013.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule of Assets (Held at End of Year) as of December 31, 2015, Schedule of Reportable Transactions for the year ended December 31, 2015, and Schedule of Nonexempt Transactions for the year ended December 31, 2015 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1. PLAN DESCRIPTION

The following description of the CLK HR Acquisition, LLC Defined Benefit Pension Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit plan covering all eligible employees of CLK HR Acquisition, LLC (the "Company", the "Plan Sponsor" and the "plan administrator") who are at least 21 years of age and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Frozen

Effective January 1, 2013, the Plan Sponsor adopted a Plan amendment to cease the accrual of all future benefits and the Plan was frozen. There are no new participants on or after the effective date and existing participants will continue to earn vesting credit in accordance with the terms of the Plan.

Pension Benefits

The Plan allowed for eligible employees to become participants on the first day of each Plan year and the first day of the seventh month of each Plan year following the day the employee became eligible. Participants are vested in their benefits at 20 percent after three years of service and an additional 20 percent each year thereafter until 100 percent vested upon seven years of service. For vesting purposes, one year of service is working at least 1,000 hours during the Plan year. Employees are entitled to the pension benefits beginning at normal retirement age which is age 65 and the fifth anniversary of participation in the Plan. If employees terminate for reasons other than death or disability before rendering three years of service, they forfeit the right to receive any portion of their accumulated plan benefits.

Pension benefits are provided to participants under several types of retirement options based upon years of continuous service and age. Retirement benefits are paid to pensioners or beneficiaries in various forms of joint and survivor annuities, including a lump sum payment option for benefits of less than $5,000. If employees have accumulated plan benefits of less than $5,000 at the time of termination or retirement, the benefits will automatically be paid in a lump-sum or direct rollover to an IRA or qualified plan. If no timely election is made then their account balance will be (1) distributed as a lump-sum payment if $1,000 or less or (2) automatically rolled over to an IRA set up for the participant by the Plan if more than $1,000 and not greater than $5,000. If a participant is rehired prior to five consecutive one year breaks-in-service, as defined in the Plan, he or she shall be required to repay the Plan the amounts previously distributed, for the participant's non-vested accrued benefits to be restored.

NOTE 1. PLAN DESCRIPTION (Continued)

Death and Disability Payments

The Plan provides a death benefit for a vested married participant in the form of a Qualified Preretirement Survivor Annuity. Such annuity payments shall be equal to the amount which would be payable as a survivor annuity under the joint and 50 percent survivor annuity as defined in the Plan document. The Plan provides for benefit payments to eligible employees who become totally and permanently disabled during their active service to the Company. The benefit payments shall be calculated in the same manner as normal retirement benefit payments.

Life Insurance

The Plan may purchase life insurance policies on behalf of eligible participants. The Plan shall pay all premiums on such policies, shall own all such policies, and shall exercise any and all incidents of ownership therein. Participants may direct the disposition of their life insurance policy upon termination of employment for reasons other than death or an in-service distribution upon Normal Retirement Age or Total Disability, as defined by the Plan, and the plan administrator may, at its discretion, distribute all policies to the participants or convert the policies into cash by surrender. Upon the death of a participant the proceeds of any insurance on the life of the participant shall be disbursed to the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis. The net appreciation (depreciation) of investments includes realized gains and losses on investments bought and sold as well as held during the year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan's assets are invested in a combination of investment securities and life insurance policies. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Administrative Expenses

Administrative expenses including investment management fees, custodian fees, independent public accountant's fees, and actuary fees may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Benefit Payments

Benefit payments are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Common Stocks and Closed-End Funds – Valued at the closing price reported on the active market on which the individual securities are traded and therefore classified as Level 1 within the valuation hierarchy.

Corporate Bonds – Value obtained by discounting the bond's expected cash flows to the present using the appropriate discount rate and therefore classified as Level 2 within the valuation hierarchy.

Life Insurance Policies – Valued at their cash surrender value by the insurance companies and are based on unobservable inputs and therefore classified as Level 3 within the valuation hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual fund	$ 1,266,602	$ -	$ -	$ 1,266,602

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

The following table sets forth a summary of changes in the fair value of the Level 3 investments for the years ended December 31:

	2015	2014
Balance, beginning of year	$ 40,716	$ 757,178
Realized gains	1,295	249,990
Unrealized gains	-	-
Settlements	-	(966,452)
Balance, end of year	$ 42,011	$ 40,716

NOTE 3. FUNDING POLICY

The Company is solely responsible for the funding of the Plan. The Company's policy is to contribute at least the minimum funding required by ERISA as calculated by the Plan's actuary. The Company's contributions for 2015 and 2014 exceeded the minimum funding requirements of ERISA.

NOTE 4. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to services rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The effect of Plan amendments on accumulated plan benefits is recognized during the year in which such amendments become effective. The Plan was frozen effective January 1, 2013. During the year ended December 31, 2014, there were no amendments to the Plan.

The actuarial present value of accumulated plan benefits as of December 31, 2014 is as follows:

Vested benefits:	
Active participants	$ 2,376,069
Terminated vested and disabled participants	708,336
Total vested benefits	3,084,405
Non-vested benefits	101,549
Total actuarial present value of accumulated plan benefits	$ 3,185,954

NOTE 4. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

The changes in actuarial present value of accumulated plan benefits for the year ended December 31, 2014 are as follows:

Actuarial present value of accumulated plan benefits, beginning of year	$ 3,282,719
Increase (decrease) during the year attributable to:	
Benefits accumulated	-
Increase for interest due to decrease in the discount period	157,415
Change in actuarial assumptions	17,974
Benefits paid	(272,154)
Actuarial present value of accumulated plan benefits, end of year	$ 3,185,954

The significant actuarial assumptions used in the valuation as of December 31, 2014 were:

- Mortality: RP-2014 Mortality Tables
- Retirement age: 65
- Investment return: 5.00% per annum

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2015. Had the valuations been performed as of December 31, there would be no material differences.

NOTE 5. INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated August 30, 2013, that the Plan is designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter, however, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6. PLAN TERMINATION

The Company froze the Plan as of January 1, 2013. The Company has not terminated the Plan as of December 31, 2015. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document, generally to provide the following benefits in the order indicated:

a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan (the priority amount). The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

b) Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") up to the applicable limitations (discussed below).

c) All other vested benefits (that is, vested benefits not insured by PBGC).

d) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC should the Plan terminate. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For those younger than 65 years old or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially reduced.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at the time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and level of benefits guaranteed by the PBGC.

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Investments are managed by Charles Schwab. Transactions with Charles Schwab qualify as party-in-interest transactions for which exemptions exist. During 2015, the Plan paid fees to Charles Schwab of $19,756. The Plan also paid $39,850 to the Plan's actuary and $56,471 to the Plan's independent qualified public accountant for audit services rendered for the 2012, 2013, and 2014 Plan year audits. During 2014, the Plan paid fees of $9,673 to Charles Schwab, $39,600 to the Plan's actuary and $8,225 to the Plan's independent qualified public accountant for audit services.

NOTE 8. NONEXEMPT TRANSACTIONS

As of December 31, 2014, $44,325 was outstanding and due to the Plan relating to Plan Sponsor expenses that were inadvertently paid out of the Plan during 2013, see the attached supplemental schedule, Schedule of Nonexempt Transactions. Additionally, the Company with assistance from the Plan's actuary, calculated interest due of $1,729 on this amount and deposited $40,904 to the Plan on February 13, 2015, $3,420 on February 18, 2015, and $1,729 on February 24, 2015.

NOTE 9. BONDING

Department of Labor ("DOL") rules and regulations require the Plan Sponsor to have bonding in the amount of 10 percent of the Plan's beginning net assets. As of December 31, 2015, the Plan did not have adequate bonding in place, which is not in compliance with DOL rules and regulations. The Plan Sponsor increased the bonding to an adequate amount effective July 17, 2016.

NOTE 10. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 11, 2016 which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
