1. Description of the Plan

The following description of the FCCI Services, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with an Internal Revenue Code 401(k) provision covering employees of FCCI Services, Inc.'s operating and administrative subsidiaries, and their divisions and affiliates (collectively, the Company or Employer). The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the Employer shall be eligible to become participants in the Plan with respect to elective, non-elective and matching contributions upon the completion of one hour of service regardless of age. Participants must be employed by the Employer on the last day of the Plan year in order to receive non-elective contributions.

Administration of Plan Assets

Employer and participant contributions are held and managed by the trustee, which invests cash received, interest and dividend income, and makes distributions to participants. The 401(k) Administration Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan.

Contributions

The Plan permits voluntary participant contributions through salary reductions. Participants' maximum elective deferrals were $18,000 and $17,500 for 2015 and 2014, respectively. Other IRS limits exist for certain highly compensated employees participating in the Plan. Participants are fully vested in their voluntary contributions and related investment income. The Plan permits participants to make rollover contributions from other qualified retirement plans and permits participants to make Roth elective contributions. In conjunction with the automatic enrollment program initiated in 2013, the Plan also provides for automatic increase of deferrals by 1% every anniversary of a participant's initial date of eligibility until a participant reaches 8%. Effective October 1, 2015, interns employed by the Company are excluded from the automatic contribution election provision.

The Plan also allows for participants age 50 and older to contribute additional tax-deferred contributions. The catch-up contributions are subject to the IRS limit of $6,000 and $5,500 for 2015 and 2014, respectively.

The Plan permits the Company to make both discretionary matching contributions and discretionary profit sharing contributions. The discretionary matching contribution during the years ended December 31, 2015 and 2014 equaled 50% of the participant's voluntary contribution, up to the first 4% of the participant's compensation, as defined. All contributions made by the Company are determined annually by the Board of Directors.

Discretionary profit sharing contributions, discretionary matching contributions, and investment earnings or losses are allocated proportionately among participants based upon compensation, voluntary participant contributions, and individual account balances, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution (including rollover contributions) and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) interest income on the participant's outstanding loan balance, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested balance. The loans are secured by the balance in the participants' account and bear interest of rates that range from 4.25% to 9.50%. Loans must be repaid within five years, except principal residence loans which may not exceed fifteen years, to the participant's account with interest. Repayments are made through bi-weekly payroll deductions. Upon termination of employment, the unpaid principal and accrued interest on a participant loan is due within 60 days of termination.

Payment of Benefits

Benefit payments are made based upon a participant's vested account balance. Benefit payments are payable upon reaching 59½ years of age, termination, retirement, death, disability, or serious financial hardship. Retirement is defined as reaching the later of age 65 and 5 years of service (normal retirement) or the later of age 55 and 10 years of service (early retirement). Benefit payments are made in the form of a lump-sum payment. The Plan also permits participants receiving distributions to make direct rollover contributions to another qualified retirement plan. Vested account balances of $5,000 or less at the time of termination will automatically be paid out as a lump sum.

Forfeitures and Vesting

Participants do not vest in the Company's contributions and earnings thereon until completing three years of service with the Company. After three years of service, participants become fully vested. Amounts forfeited by participants whose employment terminates prior to full vesting are utilized to reduce the Company's contributions for the Plan year. During the 2015 and 2014 Plan years, forfeitures of $91,462 and $16,821, respectively, were used to reduce Company contributions to the Plan. Forfeiture balances available to offset Company contributions were $41,141 and $98,597 at December 31, 2015 and 2014, respectively.

Administrative Expenses

The majority of the administrative expenses of the Plan are paid by the Company. Administrative expenses recorded in the Plan pertain to loan fees paid directly by the participant.

2. Summary of Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

The Plan's investments include mutual funds, which invest in various types of investment securities and in various companies within various markets. The Plan's investments in mutual funds are stated at fair value and are valued daily at quoted market prices which represent the net asset value of shares held by the Plan at year end.

The Vanguard Retirement Savings Trust stable value fund (common/collective trust or CCT) invests primarily in guaranteed investment contracts and synthetic investment contracts with insurance companies. The Plan's interest in the CCT is valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the fund less its liabilities. There is no restriction in place with respect to the daily redemption of the CCT and there are no unfunded commitments as of December 31, 2015 and 2014. The Plan invests in investment contracts through a CCT.

The Vanguard Retirement Savings Trust seeks stability of principal and a high level of current income consistent with a 2-4 year average maturity. The trust is a tax-exempt collective trust invested primarily in investment contracts issued by insurance companies and commercial banks, and similar types of fixed-principal investments. The crediting interest rate for the CCT was 2.36% and 2.39% with the average yield being 1.89% and 1.39% for 2015 and 2014, respectively. There are no restrictions on withdrawals from the CCT for authorized distributions, withdrawal, or loan disbursements to a plan participant or beneficiary.

Investment purchases and sales are accounted for on the date securities are purchased or sold. Gains and losses on investments sold are recorded at the difference between proceeds received and average cost of the investment on the trade date.

The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net appreciation or depreciation in fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments bought and sold as well as held during the year.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Expenses

Substantially all administrative costs related to the Plan are incurred and paid by the Company and are not reflected in the operations of the Plan. Investment advisory fees for portfolio management are deducted from fund earnings. Investment related expenses are included in net appreciation of fair value of investments. Purchase and redemption fees, if applicable, are paid by the participants investing in those funds that are subject to such fees. Participant requested services such as loan origination and distribution fees are paid by the participants.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivables from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. The Plan classifies all notes receivable from participants with no payments received for 90 days as in default. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the Statements of Changes in Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

Recently Issued Accounting Standards

In May 2015, the FASB issued ASU 2015-07, *"Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share."* ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient and removes the requirement to make certain disclosures for these investments. The guidance is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. The guidance should be applied retrospectively. Plan's management has elected to early adopt ASU 2015-07. The statements of changes in net assets available for benefits were not affected by the adoption of the new guidance.

In July 2015, the FASB issued ASU 2015-12, *"Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient."* Part I of the ASU eliminates the requirements to measure the fair value of fully benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however plans are no longer required to also disaggregate investments by nature, characteristics, and risk. Further the

disclosure of information about fair value measurements shall be provided by general type of plan. Part III of this ASU allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The guidance is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. The guidance on fully benefit-responsive investment contracts and plan investment disclosures must be applied retrospectively. Plan's management has elected to early adopt ASU 2015-12 Parts I and II. The statements of changes in net assets available for benefits of the Plan were not affected by the adoption of the new guidance. Part III is not applicable to this Plan.

Reclassifications

Certain fiscal year 2014 amounts have been reclassified to conform to the current year presentation.

Subsequent Events

The plan has evaluated subsequent events through August 23, 2016, the date the financial statements were available to be issued. There were no material recognizable subsequent events.

3. Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2**:** Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan management periodically evaluates the significance of transfers between levels, based upon the nature of the financial instruments and size of the transfer relative to total net assets available for benefits. For the year ended December, 31, 2015 and 2014, there were no transfers between level 1 or level 2. The Plan has no level 3 assets or liabilities measured at fair value.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2015	**Level 1**	**Level 2**	**Total**
Mutual funds	**$ 115,676,597**	**$ -**	**$ 115,676,597**
Common/collective trust measured at NAV*	**$ -**	**$ -**	**$ 4,028,467**
Total investments at fair value	**$ 115,676,597**	**$ -**	**$ 119,705,064**

2014	Level 1	Level 2	Total
Mutual funds	$ 112,200,506	$ -	$ 112,200,506
Common/collective trust measured at NAV*	$ -	$ -	$ 3,753,147
Total investments at fair value	$ 112,200,506	$ -	$ 115,953,653

**Certain investments that are measured at fair value using the NAV per share practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.*

4. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31,	**2015**	2014
Mutual funds	**$ 115,676,597**	$ 112,200,506
Common/collective trust	**$ 4,028,467**	$ 3,753,147
Notes receivable from participants	**$ 2,215,664**	$ 2,002,696

Years Ended December 31,	**2015**	2014
Interest income from common/collective trust	**$ 72,620**	$ 66,295
Dividend income from mutual funds	**$ 4,197,255**	$ 3,277,752
Net (depreciation) appreciation in fair value of mutual funds	**$ (4,129,068)**	$ 4,583,071

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. Related-Party Transactions and Party in Interest Transactions

Certain plan investments are shares of mutual funds and units of a common/collective trust fund managed by Vanguard Fiduciary Trust Company (Vanguard). Vanguard is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants qualify as party-in-interest transactions.

6. Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated July 30, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRS and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions and earnings thereon.

8. Risks and Securities Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
