NOTE 1 – PLAN DESCRIPTION

The following description of the California Box Company 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan which is qualified under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan provides for a qualified cash or deferred arrangement, as described in Section 401(k) of the IRC, for the benefit of eligible employees of California Box Company, Inc. and its affiliates, California Box Company II, CB Sheets, Arizona Corrugated Container, Tucson Container, and West Texas Container (the "Sponsor"). The Plan is administered by the Sponsor and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility
The Plan covers substantially all salaried employees of the Sponsor over the age of twenty-one (21) who are U.S. citizens or resident aliens. Employees who complete twelve (12) months of service are eligible to join the Plan. The eligible employee has the option to enter the Plan as a participant on the first day of the quarter after the employee first becomes eligible.

Participant Contributions
Participants may contribute, on a pretax basis, up to a maximum dollar amount as specified in the IRC ($18,000 for 2015). Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions ($6,000 for 2015). In addition, participants may make rollover contributions to the Plan from other qualified defined benefit or defined contribution plans. No after-tax contributions are allowed.

Sponsor Contributions
Matching contributions to the Plan are made by the Sponsor in the amount of a discretionary percentage or dollar amount to all eligible participants. The Sponsor may make additional non-elective discretionary profit sharing contributions to the Plan.

Vesting
Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in discretionary Sponsor matching contributions and Sponsor non-elective profit sharing is based on years of service. Participants are vested at 20 percent after one year of service and an additional 20 percent each year thereafter until 100 percent vested upon five years of service.

NOTE 1 – PLAN DESCRIPTION (Continued)

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of the Sponsor's contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options
Participants may direct participant and Sponsor contributions as desired in any of several investment options offered by the Plan, and may change their investment options daily.

Notes from Participants
Participants may borrow from their vested fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or fifty percent (50%) of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate that a bank or other professional lender would charge for making a loan in a similar circumstance. The current loans bear interest at a rate of 4.25%. A participant may have no more than one (1) loan outstanding at one time. Loans are limited to 100% vested sources only. The Plan Administrator will fix the term for repayment of any loan not to exceed five (5) years. A longer repayment period may be granted by the Trustees only if the loan is issued to purchase or repair a primary residence. Interest income is recognized when earned. Principal and interest are paid ratably through payroll deductions.

Benefit Payments
On termination of service for any reason other than death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, in installment payments as permitted under the Plan or elect to maintain their vested account within the Plan, if the account is greater than $5,000. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in the form of installment payments.

Forfeitures
Participants' accounts are forfeited if the discretionary Sponsor contribution portion has not fully vested at the time of withdrawal. These amounts may be utilized to reduce discretionary Sponsor contributions and pay Plan expenses. As of December 31, 2015 and 2014, there were $11,520 and $10,066, respectively, forfeited non-vested accounts. During the year ended December 31, 2015, the Plan applied $66 of forfeitures to administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and include only the assets, liabilities and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America ("US GAAP").

Contributions by the participants are recognized in the period in which the participants' wages are earned; withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participant, except for cases where refunds are due to the participants in order for the Plan to conform to IRC provisions. In addition, investment income is recorded when received by the Plan custodian. Plan expenses are recorded when incurred.

Use of Estimates
The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Certain management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes from Participants
Notes are measured at their unpaid principal balance plus any unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms in the Plan document.

Payment of Benefits
Benefits payments to participants are recorded upon distribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

The Sponsor may pay some Plan administration expenses with its own assets rather than using Plan assets. To the extent the Sponsor does not pay Plan expenses with its own assets, the Plan generally will pay the expenses of Plan Administration and will assess the expenses against each participant's account pro rata based on the value of each participant's account balance or per capita. Administrative Plan expenses for the years ending December 31, 2015 were $15,372.

Recently Adopted Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefits Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient* ("ASU 2015-12"). This three-part ASU simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in ASU 2015-12 eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value ("NAV") per share using the practical expedient in the FASB ASC Topic 820. Part III of the ASU provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. The amendments in Parts I and II of this standard are effective retrospectively for fiscal years beginning after December 15, 2015. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015 and early adoption is permitted. Management elected to adopt this guidance for the Plan's year ended December 31, 2015. The adoption of these rules did have a material effect on the disclosures in the Plan's financial statements. Prior year information has been adjusted to conform to the adoption of this guidance.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Issued Accounting Pronouncements

In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement* (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). The amendments in this Update remove the requirements to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement at fair value using the net asset value per share practical expedient. The amendment is effective for public business entities for financial statements issued for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for financial statements issued for fiscal years beginning after December 15, 2016, and interim periods within fiscal years beginning after December 15, 2017. Earlier application is permitted. Management does not believe the adoption of this guidance will have a material effect on the Plan's financial statements.

In June 2015, the FASB issued ASU No. 2015-10, *Technical Corrections and Improvements* ("ASU 2015-10"). The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards. The amendments in ASU 2015-10 will generally be effective for fiscal periods beginning after December 15, 2015. Early adoption is permitted, including adoption in an interim period. The adoption of immediately effective amendments was not significant to these financials. ASU 2015-10 has not yet been adopted. The Plan's management does not believe the adoption of this guidance will have any impact on the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Issued Accounting Pronouncements (Continued)
In January 2016, the FASB issued ASU No. 2016-01, *Financial Instruments – Overall* (Topic 825-10): *Recognition and Measurement of Financial Assets and Financial Liabilities* ("ASU 2016-01"). The amendments in this Update require equity investments (except those accounted for under the equity method of accounting or those that result in consolidation of the investee) to be measured at fair value with changes in fair value recognized in net income. The amendments also require the simplification of the impairment assessment of equity investments without readily determinable fair values by requiring a qualitative assessment to identify impairment, to eliminate the requirement to disclose the fair value of financial instruments measured at amortized cost for entities that are not public business entities, to require an entity to present separately in other comprehensive income the portion of the total change in the fair value of a liability resulting from a change in the instrument-specific credit risk when the entity has elected to measure the liability at fair value in accordance with the fair value option for financial instruments, to require separate presentation of financial assets and financial liabilities by measurement category and form of financial asset (that is, securities or loans and receivables) on the balance sheet or the accompanying notes to the financial statements, and to clarify that an entity should evaluate the need for a valuation allowance on a deferred tax asset related to available-for-sale securities in combination with the entity's other deferred tax assets. The amendment is effective for public business entities for financial statements issued for fiscal years beginning after December 15, 2017. For all other entities, including not-for-profit entities and employee benefit plans within the scope of Topics 960 through 965 on plan accounting, the amendments in this Update are effective for financial statements issued for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. All entities that are not public business entities may adopt the amendments in this Update earlier as of the fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. Management does not believe the adoption of this guidance will have a material effect on the Plan's financial statements

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification Topic No. 820, *Fair Value Measurements and Disclosures* ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of valuation methodologies used for assets measured at fair value:

Pooled separate accounts: Valued at the net asset value ("NAV") of shares/units held by the Plan at year-end. Pooled separate accounts ("PSA") do not have publicly quoted prices in an active market.

Guaranteed investment: Valued at fair value by the insurance company by calculating the liquidation value based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. Certain unobservable inputs are assessed through review of contract terms (for example, the experience rate) while others are substantiated utilizing available market data (for example, Barclays Capital U.S. Aggregate Index yield average).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 1,205,774	$ 473,402	$ -	$ 1,679,176
Total assets in the fair value hierarchy	1,205,774	473,402	-	1,679,176
Guaranteed investment contract (1)	-	-	-	318,254
Total	**$ 1,205,774**	**$ 473,402**	**$ -**	**$ 1,997,430**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 1,218,258	$ 518,440	$ -	$ 1,736,698
Total assets in the fair value hierarchy	1,218,258	518,440	-	1,736,698
Guaranteed investment contract (1)	-		-	240,248
Total	**$ 1,218,258**	**$ 518,440**	**$ -**	**$ 1,976,946**

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 – GUARANTEED INVESTMENT CONTRACT WITH TRANSAMERICA

As of December 31, 2015 and 2014, the Plan's investment options included a guaranteed investment contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2015 and 2014 was $318,254 and $240,248, respectively. The crediting interest rate is based on a formula agreed upon with the issuer; such interest rates are reviewed on a bi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events which would limit the Plan's ability to transact at contract value with participants are probable of not occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yields on fair value earned by the guaranteed investment contract are as follows:

Average Yields	2015	2014
Based on actual earnings	1.25% - 1.35%	1.35%
Based on interest rate credited to participants	1.25% - 1.35%	1.35%

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and a guaranteed investment contract held by Transamerica, the custodian of the Plan. These transactions qualify as "party-in-interest" transactions permitted by the DOL's Rules and Regulations. Notes receivable from participants and the related interest income are considered related party transactions.

NOTE 6 – TAXES

Federal Income Tax Status

The Plan is an adoption of a prototype plan and obtained its latest opinion letter on May 30, 2008 in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting for Uncertainty in Income

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various securities, including pooled separate accounts and a guaranteed interest account. Investment securities, in general, are normally exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be entitled to the full amount of their account as of the date of termination, regardless of the percent that is vested at the time of the termination.

NOTE 9 – PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate participant contributions from its general assets and remit them to the Plan as soon as administratively feasible, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages.

During 2015, the Plan Sponsor failed to remit certain participant contributions totaling approximately $17,127 within the period prescribed by the Department of Labor due to administrative timing. The Plan Sponsor determined the total amount owed to affected participants for potential lost earnings due to the delay will be remitted to the Plan by the Plan Sponsor.

NOTE 10 – SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events through October 11, 2016, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
