PLG 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the PLG 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was adopted by Port Logistics Group, Inc. (the “Company” and “Plan sponsor”) on January 1, 2010. The Plan document was most recently amended and restated on January 1, 2016 (Note 12). The Plan is defined as a contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code (“IRC”) Section 401(a). All full-time employees of the Company and participating employers: DSJ Acquisition, Inc. (excluding truck drivers that are union employees), Transport Express, Inc., and TPE Acquisition, Inc., are eligible to participate in the Plan providing they are at least age 21 for non-union employees and no age requirement for union employees. Leased employees are excluded from participating in the Plan. Participants may enter the Plan on the first day of the month following eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the IRC.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the trustee). Verisight Trust Company (“Verisight”) is the appointed trustee of the Plan and acts at the direction of the Plan’s administrator.

Contributions

Employees who elect to participate in the Plan may contribute a portion of their salary up to the limits imposed by Section 402(g) and 415 of the IRC. Participants who have attained age 50 before the end of a calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participant may designate all or a portion of their elective deferrals as Roth elective deferrals. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan sponsor may make discretionary matching employer contributions based on a discretionary percentage of a participant’s compensation or a discretionary dollar amount as determined by the Plan sponsor. Additionally, the Plan allows for non-elective profit sharing contributions at the discretion of the Plan sponsor. Participants must be employed at the end of the Plan year in order to receive any qualified non-elective employer contributions. For 2015 the Plan sponsor did not make or approve any employer contributions.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, employer contributions (if any), Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant’s account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

PLG 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Vesting

Participant contributions, rollovers and net earnings on these contributions, are fully vested when made or earned.

Employer matching contributions and non-elective profit sharing contributions vest as follows:

Vesting Schedule	
Years of Service	Vesting Percentage
0-2	0%
3	100%

Forfeitures

Forfeitures that occur during a Plan year will be used to pay administrative expenses and to reduce future employer contributions. The forfeiture account for the years ending December 31, 2015 and 2014 was approximately \$1,400. During 2015, there were no forfeitures or forfeiture activity.

Payment of Benefits

When participants leave the Company upon normal retirement (age 65) or for any other reason, those participants (or their beneficiaries) may receive their benefits in a single lump-sum amount equal to the value of the participant's vested interest in their accounts. The Plan allows for in-service withdrawals at age 59½ and for certain heavy financial need (hardship) as defined by the Plan document. In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan administrator. Account values will be determined as of the day the distribution is made. Distributions under the Plan shall generally be made as soon as possible after the date of retirement, death or termination of employment. The participant may elect, at the time to have all or a portion paid directly to an eligible retirement plan specified by the participant. The Plan allows for automatic lump-sum distributions of participant vested account balances that do not exceed \$5,000.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual or money market funds offered by the Plan. Participants may change their investment options as of the first day of each month.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts*, (Part II) *Plan Investment Disclosures*, and (Part III) *Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). Under Part I of the new ASU, fully benefit-responsive investment contracts are to be measured, presented, and disclosed at contract value only. Part II of the ASU eliminates the disclosure requirements for 1) individual investments that represent 5 percent or more of net assets available for benefits and 2) the net appreciation or depreciation for investment by general type (disclosure in the aggregate is still required), for both participant-directed investments and nonparticipant-directed investments. Part III of the ASU permits the election of a practical expedient to measure investments and investment-related accounts as of a month-end date that is closest to the Plan’s fiscal year-end, when the fiscal period does not coincide with the month-end. Any significant contribution, distribution, or other event that occurs between these two measurement dates is required to be disclosed. The amendments in all three parts of the ASU take effect for fiscal years beginning after December 15, 2015, with earlier application permitted. Parts I and II are required to be presented retrospectively for all periods presented, while Part III is to be applied prospectively. The Plan sponsor is currently evaluating the impact of this new guidance to the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses were primarily comprised of legal fees and expenses related to the maintenance of the Plan’s records.

2. Summary of Significant Accounting Policies, continued

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. At December 31, 2015 and 2014 the Company had excess contributions payable of approximately \$28,000 and \$33,000, respectively.

3. Investments

The following presents investments and those individual investments representing five percent (5%) or more of the Plan's net assets at December 31, 2015 and 2014:

	<u>\$ 1,856,067</u>	<u>\$ 1,664,162</u>

* Investments less than 5% in current year

During 2015, the Plan's investments (which consisted of mutual funds), including gains and losses on investments bought and sold, as well as held during the year, depreciated in value by \$110,600.

4. Information Prepared and Certified by the Trustee (Unaudited)

At December 31, 2015 and 2014, and for the year ended December 31, 2015 the Plan's investments were held by Verisight, the trustee. The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedules based on information certified by the trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

5. Fair Value Measurements

Accounting Standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under these accounting standards are described below:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3: inputs are unobservable inputs for the asset or liability.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015					
	Level 1	Level 2	Level 3	Total

	<u>\$ 1,664,162</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$</u>	<u>1,664,162</u>

6. Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Verisight, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan has adopted a prototype plan that has received an opinion letter from the IRS dated March 31, 2014. The Plan has been amended since receiving that opinion letter. However, the Plan administrator and sponsor believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC and ERISA, and that the trust, which forms a part of the Plan, is exempt from income tax. Accordingly, no provision has been made for federal or state income taxes.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions and distributions would be made to participants as described in the Plan agreement.

9. Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks will occur in the near term that could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

10. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to the Form 5500:

	2015	2014

The following is a reconciliation of the net increase in net assets per the financial statements as of and for the year ended December 31, 2015 to the Form 5500:

11. Delinquent Participant Contributions

The Plan sponsor failed to remit timely certain participant contributions and loan repayments as reported on the Schedule of Delinquent Participant Contributions of approximately \$46,000. These contributions and loan repayments will be corrected in 2016.

12. Subsequent Events

Effective January 1, 2016, the Plan was amended and restated to be in compliance with current laws and regulations.

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 12, 2016, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred, other than listed above, since December 31, 2015 that require recognition or disclosure in such financial statements.
