Notes to Financial Statements
December 31, 2015 and 2014

1. Description of the Plan

The following description of the Leighton Group, Inc. 401(k) Savings & Investment Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Leighton Group, Inc. (the Employer). The Plan, originally established on August 1, 1983, was amended and restated in its entirety on January 1, 2015 to comply with regulatory requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees become eligible to participate in employee deferral contributions upon reaching age 21. The entry dates for the Plan are the first day of the month coinciding with or next following the date the employee meets the eligibility requirements.

Participant Contributions

Participants may make pretax contributions, a minimum of 1% and up to the lesser of their annual compensation or the maximum amount allowed by law (plus catch-up contributions for participants over age 50) as presented in the following table:

<u>Calendar Year</u>	<u>Limit</u>	<u>Catch-up</u>
2015	\$ 18,000	\$ 6,000
2014	\$ 17,500	\$ 5,500

Prior to January 1, 2015, participants' deferrals could not exceed 20% of their annual compensation.

Effective January 1, 2015, the Plan provides for automatic enrollment at a 3% employee deferral rate for all new participants, absent an affirmative election not to participate or to participate at a different deferral rate.

Participants may also rollover amounts from other qualified retirement plans.

Employer Contributions

Each year the Employer may elect to make, solely at its own discretion, a matching contribution, subject to certain limitations. Effective January 1, 2015, matching contributions on catch-up deferrals were not permitted. For the year ended December 31, 2015, the Employer made matching contributions equal to 50% of each participant's contribution up to a 4% deferral rate (maximum Employer contribution of 2%). For the year ended December 31, 2014, the Employer made matching contributions equal to 25% of each participant's contribution up to a 4% deferral rate (maximum Employer contribution of 1%).

The Employer may also elect to make, solely at its own discretion, a profit sharing contribution. The Employer made no profit sharing contributions for the years ended December 31, 2015 and 2014.

1. Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's and Employer's contributions (as described above), as well as allocations of Plan earnings. Participant accounts are charged with an allocation of Plan losses and administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in participant and Employer contributions plus actual earnings thereon.

Notes Receivable from Participants

Active participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. New borrowings may be no more than \$50,000 minus the participant's highest outstanding loan amount during the prior 12 month period. A participant may have one loan outstanding at any time. Generally, loan terms may not exceed 5 years, except for the purchase of a primary residence, for which the Plan Administrator may permit a longer repayment period that does not exceed 15 years. The loans are required to bear a reasonable interest rate. In practice, the interest rate is bank prime (published on the Wall Street Journal) plus 1%. All loans are secured by the participant's vested interest in the Plan. Nonpayment of loans is considered a default and treated as a distribution. Principal and interest are paid ratably through payroll deductions. For the years ended December 31, 2015 and 2014, interest rates on participant loans ranged from 4.25% to 5.75%.

Payment of Benefits

Upon termination of service due to death, disability, normal retirement or other severance of employment, a participant may receive the vested account balance in a lump-sum amount payment. Installments are permitted for required minimum distributions. In-service distributions at age 59 ½ are permitted by the Plan. The Plan also provides for hardship withdrawals if participants meet the requirements for such withdrawals as defined in the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions and allocable Employer contributions into any investment options that the Plan offers and may change the investment options on a daily basis.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan Management determines the Plan's valuation policies utilizing information provided by the investment advisor, trustee, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan unless paid by the Employer. Such expenses include, but are not limited to, trustee/custodian, legal, and accounting fees. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investment.

New Pronouncements

In July 2015, the Financial Accounting Standards Board issued Accounting Standard Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Parts I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of Plan asset. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Part II early.

3. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within Level 1 of the valuation hierarchy.

4. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC, the Trustee of the Plan, has certified to the completeness and accuracy of the following information which is included in the statements of net assets available for benefits as of December 31, 2015 and 2014, the statement of changes in net assets available for benefits for the year ended December 31, 2015, and the supplemental schedule at December 31, 2015:

	2015	2014
Investments at fair value	\$ 14,907,026	\$ 14,349,907

5. Related Party Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Great-West Trust Company, LLC is the Trustee of the Plan and, therefore, investment transactions entered into by Great-West Trust Company, LLC qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules of ERISA.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits. In addition, the Plan holds substantially all of its assets with one institution. In the event of the institution's failure, the Plan could be subject to losses.

7. Plan Termination

Although it has not expressed intent to do so, the Employer has the right under the Plan to discontinue its contributions or terminate the Plan subject to the provisions of ERISA.

8. Tax Status

The Plan is a Prototype Non-Standardized Profit Sharing Plan with Cash or Deferred Arrangement (Prototype Plan), which is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Internal Revenue Service (IRS) has informed Great-West Trust Company, LLC, the organization that offers the Prototype Plan, by a letter dated March 31, 2014, that the Plan and related trust are designed and in compliance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and Plan Management believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015 and 2014 and for the year ended December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

9. Subsequent Events

The Plan has evaluated subsequent events through October 3, 2016, which is the date the financial statements were available to be issued.
