NOTE 1. DESCRIPTION OF PLAN

The following brief description of the Delafield Corporation 401(k) Profit Sharing Plan & Trust (the "Plan") is intended to give a general summary of its principal provisions. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a salary deferral plan which was established in 1997 to permit employees to make pre-tax savings contributions to the Plan; thereby providing employees with an opportunity to accumulate funds for their retirement.

Plan administration

Delafield Corporation (the "Employer") is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under ERISA.

Eligibility

Employees who have attained age 18 become eligible for participation upon being employed and can commence contributing to the Plan on the first of the month following three months of employment.

Contributions

Under the terms of the Plan, all eligible employees, as defined in the Plan, may contribute from 0% per pay period to 100% of their annual compensation up to a maximum contribution of $18,000 and $17,500 in 2015 and 2014, respectively, which is subject to annual adjustment. In addition, participants who have attained age 50 before the Plan year close may make an additional contribution of $6,000 and $5,500 in 2015 and 2014, which is subject to annual adjustment.

The Plan has elected to include an automatic enrollment feature. The initial automatic deferral amount (3%) shall increase by 1% of compensation per year up to a maximum of 8%.

Each year, the Employer may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's salary reduction contributions. For the Plan year ended December 31, 2015, the Company made matching contributions of 25% of the first 4% of salary reduction contributions.

In addition, the Company can make a discretionary Employer profit sharing contribution. No discretionary Employer profit sharing contributions were made for the Plan years ended December 31, 2015 and 2014.

Investment options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions as desired, in any of a variety of options held by Transamerica Financial Life Insurance Company ("Transamerica"), as chosen by the Employer. Participants may change their investment options daily.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Participant accounts

Each participant's account is credited with the participant's contribution, employee rollovers, Employer discretionary matching and profit sharing contributions (if applicable), and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their salary deferral contributions and vest in the Company contributions as follows:

Less than two years	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six and more years	100%

Any amounts of Employer contribution forfeited by an employee terminating from the Plan before becoming 100% vested are allocated to the individual accounts of qualifying participants.

Participant forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to pay administrative expenses of the Plan. Any remaining forfeitures may be used to reduce future Employer matching contributions or profit sharing contributions. Forfeitures of terminated non-vested account balances available as of December 31, 2015 and 2014 totaled to $0 and $0, respectively.

Notes receivable from participants

Participants may obtain cash loans against their respective accounts with the written consent of the Company. Loan amounts are limited to 50% of the participant's account balance up to a maximum of $50,000. Promissory notes must be signed by the participant and are secured by all accounts of the participant. Loans bear interest at a rate reasonable at the time of application and are payable on or before the earlier of the participant's termination or within five years (ten years if the loan is used to acquire a principal residence). As of December 31, 2015 and 2014 approximately $151,316 and $197,702, respectively principal value of notes receivable was outstanding, at annual interest rates ranging from 4.25% to 6.0%. Interest income resulting from notes receivable amounted to $7,186 during the Plan year ended December 31, 2015.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Distributions to participants

Upon termination of service, participants are entitled to receive their vested account balances. Upon normal retirement age, permanent disability, or in the event of death, a participant or a participant's beneficiary is entitled to the total value of the participant's account balance.

Plan termination

While the Employer has not expressed any intent to terminate the Plan, the Employer reserves the right to terminate the Plan at any time. Upon termination, all interests of participants become fully vested, and the assets are distributed among the participants of the Plan in accordance with the provisions of the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in those net assets.

Adoption of recent accounting pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investment in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. With respect to the Plan, the guidance is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management elected to early adopt the provisions of this standard during the year ended December 31, 2015.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. With respect to the Plan, the ASU is effective for fiscal years not beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Adoption of recent accounting pronouncements (continued)

Management has elected to early adopt Parts I and II during the year ended December 31, 2015. The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein.

The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein. However, the retroactive restatement to the December 31, 2014 financial statements resulted in a reclassification of $197,702 from investments at fair value to fully benefit-responsive investment contracts at contract value in order to agree with the 2015 presentation under these standards.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America necessarily requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit payments

Benefits are recorded when paid.

Administrative expenses

Administrative expenses incurred by the custodian in performance of its duties are paid from the assets of the Plan. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the Plan sponsor.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan invests in funds which invest in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Subsequent events

Plan management has evaluated subsequent events through October 12, 2016, the date the financial statements were available to be issued.

NOTE 3. INVESTMENTS AND INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the annual reporting compliance method permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors' not to perform any auditing procedures with respect to the information certified by the custodian as complete and accurate to the best of their knowledge, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

Total investments and notes receivable from participants held and certified by Transamerica in the accompanying statements of net assets available for Plan benefits were $4,933,566 and $4,578,436 as of December 31, 2015 and 2014, respectively. Net investments loss certified by Transamerica Financial Life Insurance Company was $85,148 for the year ended December 31, 2015.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a consistent framework for measuring fair value and expands disclosure requirements about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts: Valued on a net unit value basis as determined by Transamerica. The net unit value is based on the quoted market price of the underlying investments held in account, adjusted for any plan or participant expense. The net unit value I not a publically quoted price in an active market. The pooled separate account do not have unfunded commitments relating to their investments, or any significant restrictions on participant-directed transactions except for transfers to certain investment options.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth be level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Assets at Fair Value as of December 31, 2015

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value (a)				4,338,386
Investments at fair value				$ 4,338,386

Assets at Fair Value as of December 31, 2014

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value (a)				4,090,737
Investments at fair value				$ 4,090,737

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus credited interest, less participant withdrawals, and administrative expenses. The following represent the traditional investment contract held by the Plan:

	December 31,	
	2015	*2014*
Traditional investment contract	$ 595,180	$ 487,699

NOTE 5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The traditional investment contract is a stable value fund. The stable value fund is backed by the general account of Transamerica. On a semi-annual basis Transamerica declares a guaranteed crediting rate that shall apply for a six month period and this rate will not change during this six month period. There is no minimum guaranteed interest rate. Although Plan participants generally may withdraw assets from the stable value fund without restrictions, Transamerica may impose a hold period, up to 12 months, at the contract level in the event of a full contract discontinuance or partial contract discontinuance.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the participants.

NOTE 6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Massachusetts Fidelity Trust Company is the trustee of the Plan. Transamerica is the custodian and recordkeeper. Transactions with these entities qualify as party-in-interest transactions. Notes receivable from Plan participants and the related interest income are also considered party-in-interest transactions.

NOTE 7. TAX STATUS

The Employer adopted a volume submitter document, which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Administration errors, if any, that are insignificant or operational in nature are handled by the Plan administrator in accordance with applicable IRS correction policies. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2012.

The Plan operates using a regional prototype plan document. The Internal Revenue Service has determined that the prototype plan document, if properly adopted, is designed in accordance with applicable sections of the IRC. The Plan Sponsor believes they have properly adopted the Plan; therefore, no provision for income taxes has been included in the accompanying financial statements.
