BIG HEART PET BRANDS SAVINGS PLAN

Notes to Financial Statements

December 31, 2015 and 2014

(1) Description of the Plan

The Big Heart Pet Brands Savings Plan (formerly the Del Monte Savings Plan) (the “Plan”) is a defined contribution plan sponsored by Big Heart Pet Brands (the “Company,” a wholly-owned subsidiary of Blue Acquisition Group, Inc.). The Plan provides opportunities for savings to eligible full-time and part-time salaried employees of the Company. Employees are generally eligible to participate in the Plan upon completion of one year of service. Additional information about the Plan including the benefit provisions of the Plan is described in the plan document, which is available from the Big Heart Pet Brands Plan Administrative Committee and the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

On February 18, 2014, the Company completed the sale of its former Consumer Products Business to Del Monte Pacific Limited (the “Acquiror”). Following the sale, the Company changed its name from Del Monte Corporation to Big Heart Pet Brands. In conjunction with the sale of the Consumer Products Business, the Company transferred certain employees and retirees to the Acquiror in accordance with the Purchase Agreement. These transferred employees and retirees were given several options for their account balance in the Plan: roll all or a portion into the Acquiror’s plan or an IRA, receive a direct distribution or leave balances greater than \$5,000 in the Plan. As of December 31, 2014, plan assets of \$105.4 million had been withdrawn or rolled over into the Acquiror’s plan by employees and retirees of the former Consumer Products Business.

On March 23, 2015, Blue Acquisition Group, Inc. was acquired by The J.M. Smucker Company based on the terms and conditions set forth in the purchase agreement and plan of merger.

(a) Contributions and Benefits

Participants may contribute, through payroll deductions, pre-tax 401(k) contributions up to 20% of compensation, subject to the Internal Revenue Code (“IRC”) annual deferral limit of \$18,000 and \$17,500 in 2015 and 2014, respectively. Participants age 50 and over are eligible to make additional catch-up contributions of a maximum of \$6,000 and \$5,500 in 2015 and 2014, respectively.

Eligible participants may also elect to contribute amounts representing distributions from a former employer’s qualified retirement plan.

The Company matching contribution formula is 50% of the participant’s pre-tax contributions up to 6% of eligible compensation. Catch-up contributions are not matched.

The Plan provides for an automatic enrollment feature. For each eligible employee the Plan will automatically assume a 6% pre-tax contribution (increasing 1% each subsequent year capping at 15%) and will invest the contribution in a default investment fund designated by the Plan Investment Committee (the “Committee”) until the participant elects otherwise.

(b) Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (i) the Company’s contribution and (ii) Plan earnings (losses). Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

BIG HEART PET BRANDS SAVINGS PLAN

Notes to Financial Statements (Continued)

December 31, 2015 and 2014

(c) Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Company's matching contributions after two years of credited service.

(d) Notes Receivable from Participants

Participants in the Plan may borrow up to 50% of their vested account balance, not to exceed \$50,000. Loans are disbursed from the funds in which the participant has contributed in equal proportion to the fund's balance as compared to the participant's total balance. Loans are repaid over a maximum of five years. Loans are made at a fixed rate based upon prime plus 2% at the time of the loan. As of December 31, 2015 and 2014, the interest rate for outstanding notes receivable from participants was 5.25%.

(e) Payment of Benefits

Benefits are payable, generally in a lump sum, to the participant upon termination, death, total disability, or retirement. Subject to certain restrictions, employees may take in-service withdrawals from their accounts or may borrow from their accounts.

If the total vested amount of a terminated participant's account balance is at least \$1,000, but less than or equal to \$5,000, the account balance is automatically distributed to an individual retirement account unless the participant elects to receive the distribution directly or to have the distribution paid directly to another eligible retirement plan. If the participant's balance is less than \$1,000 upon termination, the balance is paid in a single lump-sum distribution.

(f) Forfeitures

As of December 31, 2015 and 2014, forfeited nonvested accounts totaled \$12,423 and \$30,005, respectively. Forfeited nonvested accounts are used to reduce future Company contributions to the Plan. For the years ended December 31, 2015 and 2014, Company contributions were reduced by \$38,268 and \$22,950, respectively, from forfeited nonvested accounts.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

BIG HEART PET BRANDS SAVINGS PLAN

Notes to Financial Statements (Continued)

December 31, 2015 and 2014

(c) Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment income includes gains and losses on investments bought and sold, as well as held during the year.

(d) Administrative Fees

The Company pays the expenses reasonably incurred in administering the Plan. Certain fees applicable to the investment options are netted with the returns of those investments. A basis point adjustment is made to investment returns to cover recordkeeping fees.

(e) Payment of Benefits

Benefits paid to participants are recorded upon distribution.

(f) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(g) Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

(3) Investment Options

Various investment funds are available for the purpose of providing participants a choice of investment options. Employee and Company contributions are directed into the various investment options by the participant. These elections can be changed on a daily basis.

(4) Trustee Certification

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained a certification from Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, as of December 31, 2015 and 2014 and for the years then ended that the information provided by them is complete and accurate. Information included in the accompanying financial statements as to investments and notes receivable from participants and investment income (loss) and interest income on notes receivable from participants is presented at and for the years ended December 31, 2015 and 2014 with reliance solely upon the certification. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Fair Value Measurements

A three-tier fair value hierarchy is utilized to prioritize the inputs used in measuring fair value. The hierarchy gives the highest priority to quoted prices in active markets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures*, are defined as follows:

- Level 1 Inputs – unadjusted quoted prices in active markets for identical assets or liabilities;
- Level 2 Inputs – quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument; and
- Level 3 Inputs – unobservable inputs reflecting the Company's own assumptions in measuring the asset or liability at fair value.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methods used for the years ended December 31, 2015 and 2014.

Mutual funds: valued at quoted market prices on the last business day of the benefit plan year

Collective trust funds:

Stable value fund: valued at the net asset value ("NAV") of the fund. The NAV is calculated by the fund based on "net assets", which includes fully benefit-responsive investment contracts at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund.

Other: valued at the NAV of the fund based on the fair value of the underlying investments

The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value for the collective trust funds.

The asset's fair value measurement level is based on the lowest level of any input that is significant to the fair value measurement.

(6) Income Tax Status

The Internal Revenue Service (“IRS”) has determined and informed the Company by letter dated February 23, 2009, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended and restated since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Stable Value Fund

The Big Heart Pet Brands Master Trust (“Master Trust”) holds an investment in the Fidelity Managed Income Portfolio II Class 1 (stable value fund). The investment in the stable value fund is presented at fair value, which reflects the NAV of the fund. The NAV of the stable value fund is based on the fair value of the underlying securities plus the contract value of the fully benefit-responsive wrapper contract. This NAV represents the Plan’s fair value since this is the amount at which the Plan transacts with the fund.

The stable value fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

BIG HEART PET BRANDS SAVINGS PLAN

Notes to Financial Statements (Continued)

December 31, 2015 and 2014

The fund's NAV represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at NAV.

Certain events limit the ability of the Plan to transact at NAV with the issuer. Such events include the following: (i) the Plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC; (ii) the establishment of a defined contribution plan that competes with the Plan for employee contributions; (iii) any substantive modification of the Plan or the administration of the Plan that is not consented to by the wrap issuer; (iv) complete or partial termination of the Plan; (v) any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the issuer's portfolio's cash flow; (vi) merger or consolidation of the Plan with another plan, the transfer of Plan assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the Plan sponsor; (vii) any communication given to participants by the Plan sponsor or any other Plan fiduciary that is designed to induce or influence participants not to invest in the stable value fund or to transfer assets out of the stable value fund; (viii) exclusion of a group of previously eligible employees from eligibility in the Plan; (ix) any early retirement program, group termination, group layoff, facility closing or similar program or (x) any transfer of assets from the stable value fund directly to a competing option. At December 31, 2015 and 2014, the Plan administrator believes that any events that would limit the Plan's ability to transact at NAV with participants are not probable of occurring.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contribution accounts.

(9) Transactions with Related Parties

Certain Plan investments are managed by Fidelity. Fidelity is the trustee as designated by the Committee in accordance with the Plan and therefore, investment transactions with Fidelity qualify as party-in-interest transactions.

(10) Summary Master Trust Financial Information

The Plan's assets are held by Fidelity, the trustee of the Plan. The Plan trustee executes all transactions therein under the direction of the Committee. The assets are held in the Master Trust, commingled with assets of the Company's other defined contribution benefit plan. The Company's benefit plans participating in the Master Trust collectively own, through the Master Trust, the assets based upon investment percentages. Participant transaction activity is designated to the specific plan. Accordingly, each plan's investment percentage in the Master Trust changes regularly. Income earned by the Master Trust is allocated to each plan based upon the investment percentage on the day the income is earned. As of December 31, 2015 and 2014, the Plan's interest in the fair value of the assets of the Master Trust was 64.9% and 66.7%, respectively.

In July 2016, The J.M. Smucker Company Benefit Plans Design Committee approved a resolution to amend the Plan that, effective January 1, 2017, participants will cease contributing to the Plan and begin contributing to The J.M. Smucker Company Employee Savings Plan.
