Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Luther Home of Mercy Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LUTHER HOME OF MERCY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

Note 1—Description of Plan

The following description of Luther Home of Mercy Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covers all eligible employees of Luther Home of Mercy (the Home). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Employees become eligible to participate in the Plan on their first day of service. Participants may elect a percentage reduction in compensation or a flat dollar amount, subject to Internal Revenue Service limitations, which may be contributed to the Plan on a pretax basis as designated by the employee. Employees covered by a collective bargaining agreement (union employees), casual employees, self employed clergy covered by a church plan, or who have not reached 18 years of age and have completed one year of continuous service are not eligible for the matching contribution and discretionary non-elective employer contribution. The Home made a matching contribution of 50% of the first 4% of compensation that a participant contributed to the Plan in 2015 and 2014. The Home may also make an annual discretionary non-elective employer contribution. For 2015, the Home did not make the annual discretionary employer contribution.

Participant accounts

Each participant's account is credited with the participant's contribution and the Home's contributions. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit payments

Upon termination of employment, the participant or, in the case of death, the surviving spouse can elect to receive the participant's account balance in a single lump sum or in various installment annuities.

Hardship withdrawals

Participants may request that all or a portion of their account be distributed in the case of severe financial hardship, as defined in the plan agreement. The Home must approve any such hardship withdrawals.

Vesting

All participants are fully vested at all times and are not subject to forfeiture for any reason.

LUTHER HOME OF MERCY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2015 and 2014

Note 1—Description of Plan—continued

Termination of the plan

Although it has not expressed any intent to do so, the Home has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall receive their full account balance, less any administrative costs to the Plan for such distribution. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Home may determine.

Note 2—Summary of significant accounting policies

Basis of accounting

The Plan maintains its records on the accrual basis, whereby income is recognized when earned and expenses are recognized when the obligations are incurred. Benefit payments are recorded when paid.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value with the exception of the VOYA Fixed Plus Account II (an investment contract), which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

As described in the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic, Plan Accounting – Defined Contribution Pension Plans, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fully benefit-responsive guaranteed investment contract (GIC). The statements of net assets available for benefits present the fair value of the fully benefit-responsive investment contracts. At December 31, 2015 and 2014, the VOYA Fixed Plus Account II has a fair value that is equivalent to contract value because the discount rate equals the current credited rate.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses

Various administrative costs are paid by the Home or the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS—CONTINUED

Note 2—Summary of significant accounting policies—continued

Recently issued accounting pronouncements

In May 2015, the FASB issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value practical expedient in ASC Topic, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption is permitted. The Plan has elected early adoption of the provisions of this new standard.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I clarifies fully benefit-responsive investment contracts are limited to direct investments between the Plan and the issuer. Part I also eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measurement for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan has elected early adoption of Part II and is still in the process of evaluating Part I.

Subsequent events

The Home has evaluated subsequent events through October 11, 2016, the date the financial statements were available to be issued.

Note 3—Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2015 and 2014, and net realized and unrealized appreciation (depreciation) in fair value of investments, interest, dividends and other for the year ended December 31, 2015, were obtained or derived from information supplied to the Plan Sponsor and certified by VOYA Retirement Insurance and Annuity Company, as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information has not been examined by independent auditors.

NOTES TO FINANCIAL STATEMENTS—CONTINUED

Note 4—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Pooled separate accounts: Primarily valued at net asset value per share based on quoted market prices of underlying investments.

Note 4—Fair value measurements—continued

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets carried at fair value:

Description	Total	Fair Value Measurements at December 31, 2015 Using		
		Level (1)	Level (2)	Level (3)
Pooled separate accounts	\$ 3,979,614	\$ 0	\$ 3,979,614	\$ 0
Total investments in the fair value hierarchy	3,979,614	\$ 0	\$ 3,979,614	\$ 0
Investments measured at net asset value (a)	1,475,024			
Total investment assets at fair value	<u>\$ 5,454,638</u>			

Description	Total	Fair Value Measurements at December 31, 2014 Using		
		Level (1)	Level (2)	Level (3)
Pooled separate accounts	\$ 3,907,142	\$ 0	\$ 3,907,142	\$ 0
Total investments in the fair value hierarchy	3,907,142	\$ 0	\$ 3,907,142	\$ 0
Investments measured at net asset value (a)	1,489,068			
Total investment assets at fair value	<u>\$ 5,396,210</u>			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The investment contract has no unfunded commitments or redemption restrictions. The investment contract is redeemed daily.

Note 5—Fully benefit-responsive investment contracts

The Plan includes an account called the Fixed Plus Account II as an investment option available to participants. The account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses.

Investments of the VOYA Fixed Plus Account II may periodically include GICs, typically issued by insurance companies and which provide for guarantees of interest and repayment of principal. An issuer of a GIC is contractually obligated to repay the principal and a specified interest rate or interest rate index that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed and may be reset on a monthly basis.

LUTHER HOME OF MERCY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2015 and 2014

Note 5—Fully benefit-responsive investment contracts—continued

Certain events limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable.

GICs do not permit the insurance company to terminate the agreement prior to the scheduled maturity date. If an event of default occurs and is not cured, the non-defaulting party may terminate the contract. The following may cause the Plan to be in default:

- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the plan agreement

The issuer may be in default if it breaches a material obligation under the investment contract, makes a material misrepresentation, or is acquired or reorganized and the successor issuer does not satisfy the investment or credit guidelines applicable to issuers. If, in the event of default of an issuer, the Plan was unable to obtain a replacement investment contract, withdrawing participants may experience losses if the value of the Plan's assets no longer covered by the contract is below contract value. The Plan may seek to add additional issuers over time to diversify the Plan's exposure to such risk, but there is no assurance the Plan may be able to do so. The combination of the default of an issuer and an inability to obtain a replacement agreement could render the Plan unable to achieve its objective of maintaining a stable contract value.

The terms of an investment contract generally provide for settlement of payments only upon termination of the contract or total liquidation of the covered investments. Generally, payments will be made pro rata, based on the percentage of investments covered by each issuer. Contract termination occurs whenever the contract value or market value of the covered investments reaches zero or upon certain events of default. If the contract terminates due to issuer default, the issuer will generally be required to pay to the Plan the excess, if any, of contract value over market value on the date of termination. Contract termination also may occur by the Trust upon election and notice. In certain limited circumstances, contract termination by the issuer may also occur but with the Trust retaining the right to require that the contract will remain in force under original terms over a period of time as underlying assets mature and are repaid.

LUTHER HOME OF MERCY RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS—CONTINUED
December 31, 2015 and 2014

Note 5—Fully benefit-responsive investment contracts—continued

As mentioned in Note 2, as of December 31, 2015 and 2014 the VOYA Fixed Plus Account II contract, the fully benefit-responsive investment contract, has a fair value that is equivalent to contract value because the discount rate equals the current credited rate. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The average yield for the investment contract was approximately 3% in 2015 and 2014. The crediting interest rate for the investment contract was approximately 3% at December 31, 2015 and 2014.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Note 6—Tax status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code) and therefore, it is not currently eligible to receive a determination letter from the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The plan administrator believes that the Plan is operating in accordance with the applicable requirements of Section 403(b) of the Code and therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8—Related party transactions and party in interest transactions

Certain Plan investments are held in pooled separate accounts and an investment contract managed by the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. The Plan made no direct payments to the custodian during 2015.
