Independent Auditor's Report

To the Board of Directors and Participants of
Medical Specialties Distributors, LLC 401(k) Plan
Stoughton, Massachusetts

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Medical Specialties Distributors, LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Voya Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, the entity adopted new accounting guidance related to disclosure of investments that calculate net asset value per share or its equivalent. The Plan also adopted new accounting guidance related to the presentation of fair value and disclosure of certain investments. Certain investments are now shown at contract value rather than fair value on the statements of net assets available for benefits. Prior year disclosures have been revised to reflect the retrospective application of adopting these changes in accounting. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Medical Specialties Distributors, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Medical Specialties Distributors, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan available to all employees of Medical Specialties Distributors, LLC (the "Company"), provided that they are at least 21 years of age and an employee for 30 days. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

Contributions: Participants are allowed to contribute up to 100% of their pretax compensation to the Plan through payroll deductions, not to exceed IRC limitations.

The Company, at its discretion, may make matching and profit sharing contributions to the Plan. During the year ended December 31, 2015, the Company's matching contributions, of \$51,982, equaled 10% of the first 5% of an individual's compensation contributed to the Plan, subject to certain limitations. There were no profit sharing contributions in 2015.

An eligible participant may, at the discretion of the Plan Administrator, transfer tax free to the Plan a distribution from another qualified plan, provided that the transfer qualifies as a rollover contribution under the IRC.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's matching contribution and profit sharing contributions, investment earnings, and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are fully vested in all salary contributions, rollovers and earnings thereon. Employer contributions and earnings thereon are vested in accordance with the following schedule:

Years	Vesting Percent
Less than one	0%
One but less than two	25%
Two but less than three	50%
Three but less than four	75%
Four or more	100%

Forfeitures: Participants who terminate prior to being 100% vested forfeit the non-vested portion of their account. Forfeitures will be used to either pay Plan expenses or reduce employer contributions as determined by the Plan Administrator. For the year ended December 31, 2015, \$3,856 of non-vested account balances were forfeited and \$1,771 of forfeitures were used to offset employer contributions. At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$3,168 and \$1,083, respectively.

Payments of benefits: Participants are allowed to withdraw certain portions of their account, as defined by the Plan, upon retirement, death, termination, reaching the age of 59 ½, or determination of financial hardship. Participants are able to elect to receive a lump-sum or annuity distribution based upon the valuation of the participant's vested account balance.

Medical Specialties Distributors, LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Investment options: Participants can direct their contributions to a guaranteed income fund and various pooled separate accounts. Participants determine the investment of both Company and participant contributions.

Notes receivable from participants: Participants may borrow from their accounts any amount greater than \$500, but not more than the lesser of \$50,000 or 50% of their account balance, reduced by the highest outstanding loan balance during the preceding twelve month period. A participant may have three outstanding loans at one time. Loans must be repaid within 5 years but may be extended to 30 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate equal to regional bank rates for similar loans. Principal and interest is paid ratably through weekly payroll deductions. Interest rates on outstanding loans are 3.25%.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements have been prepared on the accrual basis of accounting in accordance with accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets generally accepted accounting principles ("GAAP") to ensure financial condition, results of operations, and cash flows are consistently reported. References to GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification ("FASB ASC").

Use of estimates: The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties: The Plan provides for various investment options in any combination of guaranteed income funds and pooled separate accounts. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment valuation: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by investment advisors and custodians. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Income taxes: GAAP requires plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require revenue recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S federal, state, or local tax authorities for years before 2012.

Medical Specialties Distributors, LLC 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses are the responsibility of both the Plan and the Company. The Company has elected to pay substantially all administrative expenses.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2015 and 2014 excess contributions to the applicable participants prior to March 15, 2016 and 2015, respectively.

Fair value measurements: FASB ASC 820, *Fair Value Measurements and Disclosures* ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Medical Specialties Distributors, LLC 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2015 and 2014.

Pooled separate accounts: Valued at the net asset value ("NAV") using market prices of underlying assets and audited financial statements rather than quoted prices in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Recent accounting pronouncements: In May 2015, FASB issued Accounting Standards Update No. 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this update for the 2015 plan year, and it was retrospectively applied to the year ended December 31, 2014. Prior year disclosures have been revised to reflect the retrospective application of this update. The impact of adopting this update is reflected in Notes 3 and 8.

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force). The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value, accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

Medical Specialties Distributors, LLC 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early application is permitted. Retrospective application is required for Parts I and II on all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted Part I and Part II of ASU 2015-12 for the 2015 plan year, and these amendments were applied retrospectively to the year ended December 31, 2014. The impact of adopting these amendments is reflected in Notes 3 and 8. Plan management is currently evaluating the impact Part III will have on the Plan's financial statements.

Note 3. Information Certified by Voya Retirement Insurance and Annuity Company

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Voya Retirement Insurance and Annuity Company (Trustee) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets at December 31, 2015 and 2014:

	2015	2014
Investments, at fair value:		
Pooled separate accounts	\$ 5,705,088	\$ 5,155,689
Investments, at contract value:		
Guaranteed income fund (fully benefit responsive)	\$ 580,247	\$ 532,342
Notes receivable from participants	\$ 257,628	\$ 163,073

Voya Retirement Insurance and Annuity Company also certified to the completeness and accuracy of net appreciation in fair value of investments of \$30,941, \$11,753 of interest income related to the guaranteed income fund, and \$8,158 of interest income related to notes receivable from participants related to the aforementioned assets in 2015.

Note 4. Tax Status

The Plan, through its adoption of a volume submitter plan (a prototype plan), has obtained an opinion letter issued to The Angell Pension Group, Inc. on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5. Excess Contributions

At December 31, 2015 and 2014, liabilities of \$19,065 and \$19,684, respectively, are recorded for amounts refundable by Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

Medical Specialties Distributors, LLC 401(k) Plan

Notes to Financial Statements

Note 6. Party-In-Interest Transactions

Plan investments include shares of a guaranteed income fund and pooled separate accounts managed by Voya Retirement Insurance and Annuity Company ("Voya") and administrative fees are paid to Voya. Voya is the trustee; therefore, these transactions qualify as party-in-interest transactions. The Plan Sponsor also paid certain administrative expenses of the Plan. Notes receivable from participants also qualify as party-in interest transactions.

Note 7. Guaranteed Income Fund

The plan holds a portfolio of synthetic investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. As of December 31, 2015, the contract value of the synthetic investment contracts is \$580,247 and \$532,342.

The synthetic investment contracts held by the Plan include wrapper contracts that provide a guarantee that the credit rate will not fall below 0 percent. Cash flow volatility (for example timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed monthly for resetting.

The plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events include:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures of spinoffs of subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. These events include:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

Note 8. Fair Value Measurements (Continued)

- (a) The funds in this investment class seek capital growth primarily through investment in securities of large-capitalization companies primarily located in the United States.
- (b) The funds in this investment class seek capital appreciation primarily through investment in securities of mid-capitalization and small-capitalization companies primarily located in the United States.
- (c) The funds in this investment class seek conservation of capital along with current income and consistent capital growth primarily through investment in a broad range of securities including equity securities and corporate and government debt securities.
- (d) The funds in this investment class seek long-term capital growth primarily through investments in securities of companies located outside of the United States primarily in developed economies but may invest in securities of companies located in developing economies.
- (e) The funds in this investment class seek capital growth primarily through fixed income investments.

Note 9. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

Note 10. Subsequent Events

The Plan has evaluated subsequent events through October 11, 2016, the date the financial statements were available to be issued.
