To the Trustees of
TUV SUD America, Inc. 401(k) Savings Plan:

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of TUV SUD America, Inc. 401(k) Savings Plan (the Plan) as of and for the year ended December 31, 2015, in accordance with auditing standards generally accepted in the United States of America, we considered TUV SUD America, Inc. 401(k) Savings Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a Department of Labor (DOL) limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This communication is intended solely for the information and use of management, the Board of Directors, Trustees and others within TUV SUD America, Inc., and is not intended to be, and should not be, used by anyone other than these specified parties.

To the Trustees of
TUV SUD America, Inc. 401(k) Savings Plan:

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of TUV SUD America, Inc. 401(k) Savings Plan (the Plan) for the year ended December 31, 2015, and have issued our report thereon dated October 7, 2016. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Voya Institutional Trust Company (Voya), the custodian of the Plan, in accordance with auditing standards generally accepted in the United States of America, and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter dated May 11, 2016. Professional standards also require that we communicate to you the following information related to our audit.

Required Communications

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. During 2015, the Plan adopted Accounting Standards Update No. 2015-07, *Fair Value Measurement [Topic 820]: Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, allowing the Plan to measure the fair value of certain investments valued using the value per share of the investment. In addition, during 2015, the Plan adopted Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*, allowing the Plan to measure, present, and disclose fully benefit-responsive investment contracts only at contract value, and eliminate the disclosure of (1) individual investments that represent five percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. There were no other new accounting policies adopted and the application of existing policies was not changed during 2015. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The custodian provided and TUV SUD America, Inc. (the Plan Sponsor) agreed with the fair value of investment balances in determining that these balances are reasonable in relation to the financial statements taken as a whole.

Required Communications (Continued)

Qualitative Aspects of Accounting Practices (Continued)

We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no such misstatements noted.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 7, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters – Supplemental Schedule

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Trustees, Board of Directors and management of TUV SUD America, Inc., and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Alexander, Aronson, Finning & Co., P.C.

Independent Auditor's Report

To the Trustees of
TUV SUD America, Inc. 401(k) Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of TUV SUD America, Inc. 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Institutional Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As described in Note 2, in May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. Additionally, in July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient.* Both ASUs make substantial changes to existing FASB literature. As early application of both ASUs is allowed, the Plan has used the retrospective approach for all periods presented; accordingly, the 2014 financial statements as presented herein, is different from that to the previously issued financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule Form 5500 Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2015, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the TUV SUD America, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. **General** - The Plan is a defined contribution plan covering all eligible full-time employees of TUV SUD America, Inc. (the Plan Sponsor) and TUV SUD Group (collectively, the Company), who have reached twenty one years of age, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. **Contributions** - Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Effective July 1, 2014, the Plan has a Roth component in which participants can elect to make after-tax deferral contributions into the Plan. Participants who have attained age 50 before the end of the Plan year are eligible for catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make, at the discretion of the Board of Directors, a matching contribution. In 2015, the Company made matching contributions equal to fifty percent of the first 6 percent of base compensation that a participant contributes to the Plan. The Company may also make discretionary profit sharing contributions, as determined by the Company's Board of Directors. For the year ended December 31, 2015, the Company did not elect to make any discretionary profit sharing contributions.

c. **Participant Accounts** - Each participant's account is credited with the participant's contributions, Company matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. **Vesting** - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion plus actual earnings thereon is based on years of service as follows:

Years of Service	Percentage
1	25%
2	50%
3	75%
4	100%

e. **Payment of Benefits** - The Plan provides for a normal retirement benefit to be paid to participants who have reached the age of 65 or early retirement of 55. Upon termination of service, a participant may receive a lump-sum amount, installment payments, or partial withdrawals of at least $100, equal to the value of his or her vested account. There are also retirement benefits available upon late retirement, disability and death.

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may also request a withdrawal upon demonstration to the Plan administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code (the Code) or standards established by the Secretary of the Treasury or his delegate.

1. DESCRIPTION OF PLAN (Continued)

f. **Notes Receivable From Participants** - Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan allowed is $1,000. The loans are secured by the balance in the participant's account. Interest is due on the outstanding principal balance at the rate a bank would charge for a loan of that type. The loans bear interest at rates ranging from 4.25% to 9.5%, payable at various maturities of one to ten years. Principal and interest are paid ratably through payroll deductions.

g. **Forfeited Accounts** - At December 31, 2015 and 2014, forfeited non-vested accounts totaled $20,858 and $34,645, respectively. These accounts are used to reduce administrative expenses or future employer contributions. In 2015, the Plan used $45,822 from forfeited nonvested accounts to reduce Company contributions and Plan administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting standards and principles established by the Financial Accounting Standards Board (FASB). References to accounting principles generally accepted in the United States of America (U. S. GAAP) in these footnotes are to the FASB Accounting Standards Codification (ASC).

Accounting Principle Adoption

In 2015, the Plan adopted FASB Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent),* removing the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. As early application is allowed, the Plan has used the retrospective approach for all periods presented whereby investments for which fair value is measured using the NAV per share practical expedient have been removed from the fair value hierarchy. There was no impact on the Plan's net assets available for benefits or changes in net assets available for benefits upon adoption of the new standard.

In addition, the Plan adopted FASB ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965); I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient.* This ASU allows the Plan to measure, present, and disclose fully benefit-responsive investment contracts at contract value, rather than measured at fair value, and eliminates the disclosure of (1) individual investments that represent five percent or more of net assets available for benefits and (2) the net appreciation (depreciation) for investments by general type. As early application is allowed, the Plan has used the retrospective approach for all periods presented.

Investment Valuation and Income Recognition

The Plan's pooled separate accounts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guaranteed investment contract is reported at contract value. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers and the custodian. See Note 4 for discussion of fair value measurements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses are recognized as incurred upon sale or maturity of investments and unrealized gains and losses are based on market value changes during the period. Net depreciation in fair value of investments includes realized and unrealized gains and losses.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment expenses are included in net depreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

Subsequent events have been evaluated through October 7, 2016, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information included in the accompanying financial statements and supplemental schedule was certified by Voya Institutional Trust Company (Voya), the custodian of the Plan, as being complete and accurate:

- Total investments as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.
- Total investment loss as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.
- All investment-related information in the accompanying supplemental schedule Form 5500, Schedule H, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2015.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. ASC 820, *Fair Value Measurements and Disclosures*, establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The fair value hierarchy is as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: The pooled separate accounts are valued at the accumulation unit value which is done daily as the number of accumulation units held is multiplied by the accumulation unit value. The accumulation unit value is first established when a new fund starts and is then determined daily based on the NAV of shares of the underlying fund, plus the fund's dividends and less the contract's separate account charges which is considered by Plan management to be the best approximation of fair value.

There have been no changes in the methodologies used as of December 31, 2015 and 2014.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2015			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Pooled separate accounts*	$ -	$ -	$ -	$ 28,381,094

	2014			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Pooled separate accounts*	$ -	$ -	$ -	$ 28,775,284

* In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS (Continued)

In accordance with the *Fair Value Measurements and Disclosures* guidance, the following table presents the category, fair value, redemption frequency, and redemption notice period for the Plan's investments and respective fair values of which are estimated using the NAV per share as a practical expedient, as of December 31:

	Fair Value		Redemption Frequency (if currently eligible)	Redemption Notice Period
	2015	2014		
Pooled Separate Accounts:				
Large cap funds (a)	$ 9,631,005	$ 9,614,458	Daily	Daily
Target retirement date funds (b)	5,992,496	5,772,448	Daily	Daily
Small cap funds (c)	5,907,146	6,011,213	Daily	Daily
International funds (d)	2,961,160	2,860,624	Daily	Daily
Balanced funds (e)	2,391,757	2,555,679	Daily	Daily
Bond funds (f)	1,476,946	1,926,482	Daily	Daily
Money market funds (g)	20,584	34,380	Daily	Daily
Total assets at fair value	$ 28,381,094	$ 28,775,284		

(a) The funds invest mostly in common stocks of large capitalization companies, foreign securities, and derivative instruments.

(b) The funds investment objective seeks the highest total return over time with an increased emphasis on capital preservation as the target date approaches. Thereafter, an emphasis will be placed on high current income with a secondary focus on capital appreciation.

(c) The funds seek growth of capital primarily through investment in a diversified portfolio of common stocks of companies.

(d) The funds seek aggressive capital appreciation by investing in common stocks of issuers in emerging and developing markets throughout the world. These funds invest at least 80% of its total assets in equity securities of companies with high growth potential in at least three developing markets.

(e) The funds invest in a combination of equity securities and debt securities to achieve a long-term rate of return and capital appreciation.

(f) The funds seek current income, with capital appreciation and growth of income, by investing at least 80% of its net assets in bonds of government agencies located anywhere in the world.

(g) The funds invest in high quality, short-term instruments to achieve high current income and capital preservation.

5. INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined in its opinion letter dated March 31, 2014 , that the prototype non-standardized plan document adopted by the Plan constitutes a qualified plan under Section 401(k) of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

5. INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by Voya. Voya is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan allows for notes receivable from participants which also qualify as party in interest transactions. During 2015, the Plan paid the custodian service fees of $2,975.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for benefits.

9. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive guaranteed investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value, and is excluded from the fair value table found in Note 4. Contract value as reported by Voya represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment contract resets interest rates on a monthly basis with a one-month look back for the portfolio statistics. In determining the rate of interest, Voya considers the portfolio cash plans, portfolio performance, the current interest rate environment, its investment expense, and a profit and risk component for the period.

9. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a monthly basis for resetting.

Certain market events may limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to, (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable and none occurred during the years ended December 31, 2015 or 2014.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The crediting interest rate on this fund was 3% for the years ended December 31, 2015 and 2014.

10. RECLASSIFICATIONS

Certain amounts in the 2014 financial statements have been reclassified to conform with the 2015 presentation.
