The Company makes a safe harbor contribution which is equal to 100% of the first 3% plus 50% of the elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the employee's compensation.

The Company may make a profit-sharing contribution in an amount determined by management. Profit-sharing contributions shall be allocated to each eligible participant based on the ratio that such participant's compensation, as defined, bears to the total compensation paid to all eligible participants. No profit-sharing contributions were made for 2015.

Rollovers – Rollover contributions are permitted into the Plan in accordance with Internal Revenue Service ("IRS") regulations and Plan provisions.

Participant Accounts – A separate account is maintained for each participant. Each participant's account is credited with his or her contribution, the Company's matching contribution and an allocation of Plan earnings or losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – All employee contributions and safe harbor contributions are immediately 100% vested. The Company's profit sharing and additional employer matching contributions are vested based on years of continuous service as follows:

Years of Service	Vested Percentage
Less than 2 years	-- %
2 years but less than 3 years	20
3 years but less than 4 years	40
4 years but less than 5 years	60
5 years but less than 6 years	80
6 years or more	100

1. DESCRIPTION OF THE PLAN (continued)

Accounts of employees who reach normal retirement age, become disabled or die while still employed by the Company are immediately fully vested in the value of the Company contributions and earnings thereon credited to their accounts**.**

Forfeited Accounts – Forfeited balances of participants' non-vested accounts are used first to offset plan expenses and then to reduce future employer contributions. For the year ended December 31, 2015, $13,626 of forfeitures was utilized to reduce employer contributions. The balance in the forfeiture account at December 31, 2015 and 2014 totaled $18,980 and $32,317, respectively.

Notes Receivable from Participants – A participant may request a loan of up to 50% of their vested account balance. However, the loan can be no more than $50,000 minus the highest outstanding loan amount during the prior 12 months. The amount of the loan must be equal to or greater than the minimum amount established under the Plan's loan policy. All new loans are repaid by payroll deductions. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Upon termination of employment, the participant may either repay any outstanding balance in full or incur a tax liability on the unpaid balance.

Distributions – Benefits will normally be distributed to a participant or his or her beneficiary upon death, disability, or retirement. If a participant terminates employment before any of these events, however, the participants' unpaid benefit may be segregated in a special account. Benefits are distributed, under one or both of the following methods: (i) a single lump-sum payment in cash or in property and (ii) installments over a period of no longer than a participant's assumed life expectancy determined at the time of distribution.

Hardship Withdrawals – Participants may withdraw from their vested portion of their account (other than their qualified non-elective contribution, qualified matching contributions, safe harbor contributions, qualified automatic contribution arrangement employer contributions, or earnings accrued after December 31, 1988 on any Pre-Tax Contributions), if applicable, to satisfy immediate and heavy financial needs. In accordance with IRS regulations, participants must first exhaust all other assets available before obtaining a hardship withdrawal. All hardship withdrawals must be approved by the plan administrator. After a hardship withdrawal, a participant may not make a contribution to the Plan for six months.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America on the accrual basis of accounting.

Valuation of Investments and Income Recognition – The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values ("NAVs") of shares held by the Plan at year end. The Plan invests in the Columbia Trust Stable Government I-50 Fund ("Stable Fund") stable value common collective trust fund. The Plan's interest in the Stable Fund is valued at the NAV practical expedient of the underlying investments reported by the issuer of the common collective trust at year-end. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from reported net asset value. The underlying assets owned by the Stable Fund consist primarily of readily marketable fixed income securities. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded when earned. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan document. Notes receivable outstanding have an interest rate ranging from of 3.75% to 5.95% and have maturity dates ranging from one to fifteen years.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Administrative Expenses – The Company may, at its discretion, pay for any administrative incurred, with the exception of loan processing fees, which are paid by the participants.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Recent Accounting Pronouncements **-** In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2015-07 "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)," ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted.

In July 2015, the FASB issued Accounting Standards Update 2015-12 "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)" ("ASU 2015-12"). The amendments in Part I of ASU 2015-12 eliminated the requirements that employee benefit plans measure the fair value of fully benefit–responsive investment contracts and provide the related fair value disclosures, rather these contracts will be measured and disclosed only at contract value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The amendments in Part II of ASU 2015-12 will require plans to disaggregate their investments measured using fair value only by general type, either on the financial statements or in the notes. Part II also eliminated the requirement to disclose the net appreciation/depreciation in fair value of investments by general type and the requirements to disclose individual investments that represent 5% or more of net assets available for benefits. The amendments in Part III of ASU 2015-12 provide a practical expedient to permit plans to measure its investments and investment related accounts as of a month-end date closest to its fiscal year for a plan with a fiscal year end that does not coincide with the end of a calendar month. The amendments in ASU 2015-12 are effective for reporting periods beginning after December 15, 2016, with early adoption permitted.

Plan management reviewed both ASU 2015-07 and ASU 2015-12, and decided to early adopt both standards as they believe it will simplify Plan accounting and its presentation in the financial statements. As such, the accounting and disclosures in these financial statements and notes follow ASU 2015-07 and ASU 2015-12.

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520:103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, investments, net depreciation in the fair value of investments, and interest and dividends were certified as complete and accurate by Bank of America, N.A as of December 31, 2015 and 2014 and for the year ended December 31, 2015 and was not subjected to any auditing procedures performed by the independent public accountants.

	2015	2014
Investments at fair value:		
Common/collective trust	$ 276,030	$ 272,411
Mutual funds	8,851,742	8,771,121
	$ 9,127,772	$ 9,043,532

- Investment income for the year ended December 31, 2015 as shown in the accompanying statement of changes in net assets available for benefits included dividend and interest income of $439,377.
- The Plan's investments depreciated in value by $581,144 for the year ended December 31, 2015.
- All investment-related information in the accompanying supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2015.

4. FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 — Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- ***Mutual funds***: Valued at the daily quoted closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- ***Common collective trusts***: A common/collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. Redemptions from the fund which are initiated by the plan's fiduciary may be subject to a one-year deferral process. Transfers by plan participants from the fund to certain competing funds are subject to a 90-day equity wash.

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2015.

4. FAIR VALUE MEASUREMENTS (continued)

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,851,742	$ -	$ -	$ 8,851,742
Total assets in the fair value hierarchy	8,851,742	-	-	8,851,742
Investments measured at net asset value (a)	-	-	-	276,030
	$ 8,851,742	$ -	$ -	$ 9,127,772

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,771,121	$ -	$ -	$ 8,771,121
Total assets in the fair value hierarchy	8,771,121	-	-	8,771,121
Investments measured at net asset value (a)	-	-	-	272,411
	$ 8,771,121	$ -	$ -	$ 9,043,532

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014, respectively.

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (if Currency Eligible)	Redemption Notice Period
Common/collective trust	$276,030	N/A	Daily	None

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency (if Currency Eligible)	Redemption Notice Period
Common/collective trust	$272,411	N/A	Daily	None

5. RISKS AND UNCERTAINTIES

The Plan invests in various securities including mutual funds and common/collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statement of net assets available for benefits.

6. PLAN TERMINATION

Although the Company has not expressed any intention to do so, the Company reserves the right to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

7. FEDERAL INCOME TAX STATUS

The Plan has adopted a prototype defined contribution plan and trust with a non-standardized 401(k) profit-sharing plan adoption agreement, which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which states that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC").

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) of disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

8. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Bank of America, N.A is the trustee for the Plan. The Plan incurs administrative expenses with Bank of America, N.A. Loans to participants are secured by the balances in the respective participant accounts. These transactions qualify as party-in-interest transactions.

9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through July 26, 2016, the date which the financial statements were available to be issued.

10. RECONCILIATION TO 5500

No material differences exist between the financial statements and Form 5500.
