Samaritan Regional Health System Employees' Pension Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 1 - Plan Description

The following description of Samaritan Regional Health System Employees' Pension Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a noncontributory defined contribution plan covering all employees of Samaritan Regional Health System (the "System") who have completed 12 months of service and are age 18 years or older as defined in the plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The terms of the plan document are intended to comply with Internal Revenue Code Section 401(a) and the Treasury regulations issued thereunder in order that the Plan may qualify as a tax-exempt profit-sharing plan under Internal Revenue Code Section 501(a). The assets reported in the Plan qualify under Internal Revenue Code Section 401(a).

Contributions - Contributions to the Plan are invested as directed by the participant in any one or more investment alternatives. The System contributes an amount equal to 6 percent of the first \$30,000 of compensation plus an additional 9 percent of the amount, if any, of compensation that exceeds \$30,000 for all participants up to the maximum allowed, as adjusted pursuant to Section 401(a)(17)(B) of the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Eligible compensation for consideration in allocating contributions cannot exceed \$265,000.

Participant Accounts - Findley Davies, Inc. maintains an individual account for each participant for the deposit of contributions and earnings thereon. Earnings on plan assets are distributed based upon the participant's pro-rata share of total account balances. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - A participant becomes 100 percent vested in employer contributions and earnings thereon after six years of credited service or upon reaching the normal retirement age, early retirement, disability, retirement, or death as defined in the plan agreement.

Payment of Benefits - Participants in the Plan may withdraw their vested account balances from the Plan upon termination of employment if their balances are less than \$5,000, or upon the attainment of normal retirement age or the attainment of early retirement, demonstration of total and permanent disability, or death.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions.

Samaritan Regional Health System Employees' Pension Plan

Notes to Financial Statements December 31, 2015 and 2014

Note 1 - Plan Description (Continued)

Party-in-interest Transactions - Certain plan assets are in investment funds managed by TD Ameritrade Trust Company or its affiliates. TD Ameritrade Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The accompanying statements have been prepared on the modified cash basis of accounting. Under the modified cash basis of accounting, contributions and investment income are recorded when received, benefit payments and expenses are recorded when paid, and investments are recorded at fair value.

Administrative Expenses - Certain administrative expenses of the Plan are borne by the System. Additionally, the System provides certain accounting and administrative services at no cost to the Plan. These transactions qualify as party-in-interest transactions.

Use of Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the modified cash basis statement of net assets available for benefits.

Investment Valuation - The Plan's investments are stated at fair value.

The common collective trust funds are valued at net asset value per share or its equivalent of the funds, which are based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. All other investments are valued based on quoted market prices. See Note 6 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements - During 2015, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)* - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Part II of ASU No. 2015-12 was applicable to the Plan and modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including October 7, 2016, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

TD Ameritrade Trust Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Trustee.

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 - Termination of Plan

Although it has not expressed an intent to do so, the System has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, the right of each participant to benefits accrued to the date of such termination, to the extent then funded, or the rights of each participant to the amount credited to his or her account at such time, shall be fully vested and nonforfeitable.

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2015 and 2014.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
