Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Lincoln National Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (held at end of year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

Note 1 **DESCRIPTION OF PLAN**

The following description of the Dee Holding ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all employees of the company, and all employees of the company's affiliates, Midwest Logistics Systems LTD, Dee Equities, Midwest Logistics of Indiana, and Midwest Truck and Trailer Maintenance LLC, who have three months of service and are age 21 or older.

Contributions. Each year, participants may contribute up to a certain amount of pretax annual compensation. The Plan defines compensation, and also defines the limitation on the contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various investment options for participants. The Company contributes 25% of the first 6% of their base compensation that a participant contributes to the Plan.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Loans. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Principal and interest is due ratably with payments to be made based on the Company's payroll frequency.

Payment of Benefits. On retirement, death, or termination of service, a participant (or participant's beneficiary in the event of death) will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, hardship distributions are permitted if certain criteria are met.

Forfeited Accounts. At December 31, 2015 and 2014, the account for forfeitures totaled \$13,256 and \$17,058, respectively. This account is used to offset Plan expenses and reduce employer contributions. In 2015, employer contributions were reduced by \$16,938 from forfeited nonvested accounts.

NOTES TO FINANCIAL STATEMENTS

Note 2 **Summary of Significant Accounting Policies*****Basis of accounting and use of estimates***

The accounts are maintained and these financial statements are presented on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. Since the Plan has determined that there are no restrictions which limit the ability to initiate/complete a transaction in the Guaranteed Account at contract value, the plan chooses to report contract value as an approximation of fair value.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Payment of benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

Note 2 **Summary of Significant Accounting Policies** (continued)***Excess contributions payable***

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding increase in distributions. The Plan distributed the 2015 excess contributions in the amount of \$1,187 to the applicable participants in 2016.

In addition, one particular contribution was erroneously doubled during the remittance process in the amount of \$2,624. This overpayment was also refunded to the employer in 2016.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Note 3 **Investments**

The following presents investments at December 31, 2015 and 2014 that represent 5% or more of the Plan's net assets:

	2015	2014
Fed Gov Ultrashort Dur	\$ 673 705	\$ 581 072
Guaranteed Fixed	460 391	428 025

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$78,598.

Note 4 **Tax Status**

The plan has adopted a prototype non-standardized plan which has received an opinion letter from the Internal Revenue Service dated March 31, 2014. This opinion states that the plan is acceptable under Section 401 of the Internal Revenue Code (IRC). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTES TO FINANCIAL STATEMENTS

Note 5 **Information Certified by the Plan's Custodian**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	December 31	
	2015	2014
Mutual funds, at fair value	\$ 3 256 650	\$ 2 951 947
Guaranteed fixed fund, at fair value	460 871	428 025
	<u>\$ 3 717 521</u>	<u>\$ 3 379 972</u>
	Year Ended December 31	
	2015	2014
Net increase in available benefits:		
Interest on securities	\$ 17 550	\$ 15 987
Administrative expense	(34 626)	(35 038)
Net appreciation (depreciation) in fair value of investments	(78 598)	105 177
	<u>\$ (95 674)</u>	<u>\$ 86 126</u>

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 **Related Party and Party In Interest Transactions**

Certain Plan investments are shares of mutual funds managed by Lincoln National Life Insurance Company (Lincoln). Lincoln serves as the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services performed by Lincoln amounted to \$26,678 for the year ended December 31, 2015.

Note 8 **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Note 9 **Fair Value Measurement**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Mutual funds - Valued at the net asset value (NAV) of shares held by the plan at year end.

Guaranteed investment contract - Valued at fair value using the assumption that contract value is an approximation of fair value.

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

NOTES TO FINANCIAL STATEMENTS

Note 10 **Investment Contract with Insurance Company**

In 2002, the Plan entered into a benefit-responsive investment contract with Lincoln Life Insurance Company (Lincoln). Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Also described in Note 2, the Plan has determined that certain criteria of applying a different value as fair value do not apply, and therefore the Plan reports the contract value as an approximation of fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events, such as plan amendments, changes in prohibitions on competing investment options, plan sponsor bankruptcy, or plan failure to qualify for exemption from federal income taxes may limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The issuer may terminate the contract if there are any breaches committed by the Plan, the Plan ceases to meet the requirements of the appropriate IRS Code Sections, or the account's value is below a minimum requirement.

The fair values of the investment contracts at December 31, 2015 and 2014 were \$460,391 and \$428,025, respectively.

Average yields:	2015	2014
Based on actual earnings	3.95%	3.93%
Based on interest rate credited to participants	2.64%	2.59%

NOTES TO FINANCIAL STATEMENTS

Note 11 **Subsequent Events**

Management has evaluated subsequent events through October 11, 2016, the date these financial statements were available to be issued to evaluate whether any such events warrant adjustment to any reported amounts or inclusion of additional disclosures.

Management has determined that no events have occurred that would warrant adjustment to amounts reported in these statements as of December 31, 2015.

In May, 2016, the Plan transferred all of its investments to a new custodian, John Hancock. The amount of the investments at the time of the transfer was \$3,746,979.
