Note 1: Description Of Plan

The following description of Carver Companies Profit Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Carver Companies Profit Sharing/401(k) Plan was established to provide retirement benefits for employees of Carver Construction, Inc. and its Affiliates, collectively referred to as "the Company." Eligible employees become participants in the Plan following 90 days of eligible service and attainment of age 21, as defined in the Plan Agreement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute up to 100% of annual compensation, subject to Internal Revenue Code limitations as defined by the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective January 1, 2015, the Plan elected a safe harbor status. The Employer will make a safe harbor matching contribution equal to 100% of participant salary deferrals that do not exceed 3% plus 50% of participant salary deferrals between 3% and 5% of compensation.

Participants' accounts - Each participant's account is credited or changed, as applicable with the participant's contribution and allocations of the Company's contribution, plan earnings (losses), and forfeitures of terminated participants' nonvested accounts and distributions made to or from such accounts during the period. Allocations are based on participant earnings or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus any safe harbor contributions plus earnings thereon. Participants become fully vested in employer discretionary contributions over a six-year period of credited service in accordance with the provisions of the Plan. The vesting schedule applicable for each individual is based on dates of participation.

Payment of benefits - On termination of service due to death, disability, retirement, or separation from service, a participant or their beneficiary will be entitled to receive a distribution of the participants total vested account balance. Benefits will be paid in accordance with the terms of the Plan.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans must be adequately secured and made in accordance with the terms of the Plan. Principal and interest is paid ratably through weekly payroll deductions.

Note 1: Description Of Plan (Continued)

Plan termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Forfeited accounts - At December 31, 2015 and 2014, the Plan had forfeitures from terminated, non-vested participant accounts of $54,514 and $43,807, respectively. For the years ended December 31, 2015 and 2014, forfeitures used to reduce employer contributions were $2,968 and $-0-, respectively.

Note 2: Summary Of Significant Accounting Policies

Investment valuation - The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis with the gain or loss based upon the actual cost of the securities. Interest and dividend income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Accounting principles generally accepted in the United States of America establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The three levels of the fair value hierarchy in accordance with accounting principles generally accepted in the United States of America are described below:

(a) Level 1: Unadjusted quoted prices in active markets for identical, unrestricted assets, or liabilities that the Plan has the ability to access at the measurement date;

(b) Level 2: Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets, or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and

(c) Level 3: Significant unobservable prices or inputs (including the Plan's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 2: Summary Of Significant Accounting Policies (Continued)

Notes receivable from participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Income taxes - The Plan is exempt from federal income tax under the Internal Revenue Code. Tax positions are evaluated and recognized in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities.

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets and deductions from net assets during the reporting period. The application of these accounting principles involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. The Plan periodically evaluates estimates and assumptions used in the preparation of the financial statements and makes changes on a prospective basis when adjustments are necessary.

Presentation - Certain reclassifications, when applicable, are made to the prior year financial statement presentation to correspond to the current year's format. Reclassifications, when made, have no effect on net assets available for benefits or changes in net assets available for benefits.

For the year ended December 31, 2014, the Plan adopted Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Parts I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to disaggregate investments by nature, characteristics, and risks. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management elected to adopt Part II early.

Note 3: Investments

The statements of net assets available for benefits, the investment activities included in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014, and the accompanying notes to the financial statements (other than the assignment of levels) were prepared in part or entirely from information certified by Transamerica Financial Life Insurance Company and TD Ameritrade Trust Company, the Custodians, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes investments of $6,094,971 and $6,222,736 at December 31, 2015 and 2014, respectively, and related investment income (loss) of $(82,898) and $254,302 for the years ended December 31, 2015 and 2014, respectively.

Note 4: Fair Value Measurements

The following is a description of the valuation methodologies used for assets at fair value at December 31, 2015 and 2014:

Pooled separate accounts: Valued based on the net assets of the underlying portfolio held by the Plan at year-end. The Pooled Separate Accounts (PSAs) investing in mutual funds or domestic equity securities are measured using quoted prices in active markets for identical assets. Those PSAs directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities. The objective of each PSA is to seek a high total rate of return over the long term and to also provide a means of capital appreciation by offering a diversified portfolio within a single fund.

Stable Value Fund: Valued at the quoted net asset value (NAV) of units held by the Plan at the reporting date. The Transamerica Stable Value Core Account seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year treasury bills.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

All assets have been valued using a market approach. There were no changes in the valuation techniques during the current year.

Note 4: Fair Value Measurements (Continued)

Fair Value Measurements At Reporting Date Using:

	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value

Pooled separate accounts	$ 5,011,155	$ 960,673	$ -	$ 5,971,828
Stable Value Fund	-	123,143	-	123,143
Total Investments At Fair Value	$ 5,011,155	$ 1,083,816	$ -	$ 6,094,971
December 31, 2014				
Pooled separate accounts	$ 4,883,499	$ 1,180,653	$ -	$ 6,064,152
Stable Value Fund	-	158,584	-	158,584
Total Investments At Fair Value	$ 4,883,499	$ 1,339,237	$ -	$ 6,222,736

Note 5: Related Party Transactions

Certain fees for administrative services may be paid by the Company. Additionally, the Plan invests in certain funds offered by Transamerica Financial Life Insurance Company, who acts as Custodian of the investments held by the Plan.

Note 6: Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note 7: Commitments And Contingencies

The Plan follows the guidance for uncertainty in income taxes. As of December 31, 2015, the Plan believes that it has appropriate support for the income tax positions taken and to be taken on its returns based on an assessment of many factors including experience and interpretations of tax laws applied to the facts of each matter. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits.

Note 8: Plan Merger

During 2014, the Company approved the merger of P&M Brick, LLC Retirement Plan to this Plan, effective February 14, 2014. As a result, $253,449 in investments were transferred from the P&M Brick, LLC Retirement Plan into this Plan on that date.

Note 9: Plan Amendments

Effective January 1, 2015, the Plan is referred to as a safe harbor 401(k) plan. The Employer will make a safe harbor matching contribution equal to 100% of participant salary deferrals that do not exceed 3% of compensation plus 50% of participant salary deferrals between 3% and 5% of participant compensation. This safe harbor matching contribution is 100% vested.

Note 10: Subsequent Events

Subsequent events have been evaluated through September 29, 2016, which is the date the financial statements were available to be issued.
